THE SMALL INDUSTRIES OF COTTAGE GROVE ARE EQUAL TO A SAWMILL

Your support of them keeps in Cottage Grove a payroll equal to that of a sawmill.

Every nickel you spend for some article made outside of Cottage Grove—that is made just as well in Cottage Grove—is that much less support for a large payroll.

We ask that every nickel spent for bread or bakery products in Cottage Grove be spent for bread and bakery products made in Cottage Grove. We make this appeal with the understanding that you are to be the judge of whether what you get is just as good as that made elsewhere. If you are satisfied with our products—if you wish to do a part in maintaining one of the small industries which help to make up the big payroll of many small industries—in-sist upon getting Faultless Bread and Faultless Products.

TEXAS CHAMPION ISSUES DEPY TO RALPH HAND

Ralph Hand's reputation as a wrestler is becoming such that those looking for a chance to make a reputation in the wrestling game are becoming peeved when they can't readily arrange a match with him.

The Sentinel has received a letter from Charles Deabender, who claims to be the middleweight champion of Texas, in which the man with the long name gets reckless in the kind of a defy which he issues. He says he has wrestled Billy Edwards to a draw and is willing to take on the Cottage Grove favorite upon any terms. He gives his weight as 165 pounds, which would make the match an even one. Hand is willing to take Deabender on and would have done so before except that the Texas champ has not demonstrated that he would be a drawing card.

Sure, I'm Healthy!

My wife always buys her groceries from McQueen's Grocery—and that's the reason I never have any indigestion. Try it yourself, brother. It pays to eat only the best groceries.

McQueen's Grocery

tions of timber that have been assessed at a very low figure have been found to contain millions of feet of timber and he referred to one section in particular which had been given in as having no timber on it but where there was found to be 5,000,000 feet on one-half of it, the other half having been logged off. Other sections which had been assessed at a few cents per acre show that they contain timber which will hereafter be assessed at a good many dollars per acre.

Mr. Nease expressed the opinion that the increase in taxes on a comparatively few sections of timber as a result of the cruise will amount to more than the cost of the work of cruising.

Woman May Be Nominated.

Nettie Pannington, according to unofficial compilation, has been nominated as the democratic candidate for county school superintendent by reason of her friends having written her name in on the ballot. She is a Eugene teacher.

E. J. Moore, republican incumbent who ran unopposed on his own ticket, received 61 democratic votes, while his feminine opponent got 65, according to the report.

It is said that Ben F. Keeney had his name written in by so many democrats as a candidate for assessor that he defeated C. E. Jordan, of Pleasant Hill, whose name was also written in for this office.

Nothing definite will be known on either of the two instances, however, until after the close of the official canvass.

W. W. Cathcart Dies in California.

William Wilson Cathcart, a pioneer here but for a number of years a resident of Montpelier, Calif., died there Friday from cancer. The funeral was held Monday in Oakland, Calif.

Mr. Cathcart was born in Orange county, Ind., April 10, 1852. He lived in Douglas county before coming here in 1870 and was a resident here some 20 years. Mr. Cathcart is survived by a widow, who was Fannie Rouse, of London, and by two children, Mrs. Larry Carfield, of Modesto, Calif., and Herman Cathcart, of Montpelier, Calif. The following brothers and sisters also survive: C. F. Cathcart, Scappoose, Wash.; Mrs. Ida Schrupp, Oakland, Calif.; Mrs. W. H. Star, Hermiston, and Mrs. C. F. Counts, Cottage Grove. C. F. Cathcart had returned only the day before his brother's death from a visit with him.

Drille. Woodruff Leaves.

J. J. Woodruff, who had been head driller at the oil well left since operations were started, left yesterday for Los Angeles to accept a flattering offer upon the part of those who had been negotiating with him for months. No one to take his place has yet been secured but it is expected that operations can be resumed within a few days. Mr. Woodruff was accompanied by Nelson Whippa, who has been employed with him on the well here. Mr. Woodruff stated before leaving that his relations with the Guaranty Oil company had been the most pleasant and that the reason for his leaving was simply an offer that he could not afford to turn down.

Yesterday Was Bundle Day.

Yesterday was national bundle day for the near east relief, but bundles will be accepted all of next week as they probably will not be shipped before June 2. Bundles should be left at the rest room, but will be called for if F. L. Granin is notified. S. L. Mackin is chairman of the work for this community.

Plans Made to Continue Work on London Road

Bids will be received by the Lane county court May 29 for the grading and rocking of five miles of the London springs road and the grading of two miles of the Crow-Vaughan road, according to notice issued last week by the county court. The London springs road is a part of bond project No. 10 and the Crow-Vaughan road is a market road project. A portion of the London road was improved last year.

The county court will readvertise for bids on the rocking of the Ferguson road, which is now being graded from the west side Pacific highway at a point a short distance north of Junction City to a point four miles west, crossing the Long Tom and passing through the village of Ferguson. This is a bond project.

Timber Cruise Makes Progress.

Eugene Register: Good headway is being made by his cruisers in the timber southeast of Cottage Grove, said M. G. Nease, who has the contract to cruise the timber in Lane county, while in the city yesterday. His men are now working on Sharp's creek and complete figures are being sent in regularly. They are kept on file in the office of Assessor B. F. Keeney.

Mr. Nease said that many sections of timber that have been assessed at a very low figure have been found to contain millions of feet of timber and he referred to one section in particular which had been given in as having no timber on it but where there was found to be 5,000,000 feet on one-half of it, the other half having been logged off. Other sections which had been assessed at a few cents per acre show that they contain timber which will hereafter be assessed at a good many dollars per acre.

Members of the Veatch clan from far and wide will gather here on June 15 for their fourth annual reunion, which will be held at the usual place, the Veatch camp grounds on Mosby creek. Notices of the reunion were mailed during the past week.

Yoncalla to Present Play Here.

The Yoncalla high school is planning to present here on the evening of May 30 its class play, "Sunshine," a three-act comedy-drama. There will also be special vaudeville and musical numbers. The proceeds are for a playshed fund.

Wantads Reach to Iowa.

There is no limit to the distance that a Sentinel wanted will reach. C. E. Peters, who inserted an ad for a housekeeper, received a reply from Iowa and the woman who answered has been notified to come and take the job.

Grades Hold Spelling Contest.

The west side fifth grade won a spelling contest Monday with the east side fifth grade and the east side sixth grade won a similar contest yesterday with the same grade of the west side.

We can't help thinking there is a specially prepared place for parents who lock their children in the house while they go gallivanting around until midnight.

The reason they call it laughing gas is because the dentists think it is such a joke.

Eighth Grade Examination.

The uniform eighth grade examination will be given in school districts where application for questions has been made on Thursday and Friday, June 5 and 6, 1924. Questions will be sent to districts where there are conditioned pupils without application. Any who have failed and want to take it again will have to apply for questions.

Bicycle Riders, Attention!

Riders of bicycles are hereby notified that they must obey the same traffic regulations as other motor vehicles. Crossing traffic at any point except at intersections and cutting corners must stop. Bicycles, when used at night, should carry a white light in front and have a red button on the rear. The city police officials have been instructed to deprive violators of the use of their bicycles or to take such riders before the police judge, in their discretion.

PARENTS—If your boy rides a bicycle, talk with him and explain the danger to himself and others of careless and reckless bicycle riding.

G. B. PITCHER, Chief of Police.
