

SOCIETY

The social calendar for the month of June is crowded as usual with announcements of weddings and engagements. Although the month is but half gone, a number have already succumbed to Dan Cupid.

The marriage of Miss Effie Evelyn Hopper to Thomas Quinn, of Powers, was a simple but pretty ceremony held at the Christian church. The chancel was beautifully adorned with pink and white flowers and there the marriage vows were exchanged. About sixty friends and members of the two families were bidden to the ceremony. The color scheme of pink and

white was attractively carried out in the decorations of the remainder of the church. The bride was most charming in a gown of white crepe back satin. Her bridal veil of white tulle was effectively held in place by a wreath of orange blossoms and she carried a beautiful shower bouquet of bride's roses and lilies of the valley. Lohengrin's wedding march was played by Miss Hallie Willits. Miss Eleanor Hays was a charming little flower girl. The maid of honor, Miss Florence McFarland, and the bridesmaids, Miss Isla Hopper, sister of the bride, and Miss Veta Plaster, were attractively dressed in gowns of pastel shades and carried large bouquets of pink and white carnations. Walter Roudau, of Powers, friend of the groom, was best man. The wedding was the culmination of a friendship which started eight years ago when the couple were schoolmates. Immediately following the ceremony the happy couple left for a brief honeymoon trip before going to Powers, where Mr. Quinn is employed with the Southern Pacific company, to make their home.

Their miscellaneous sale May 31 and \$6.10 from other sales at the rest room during the month.

Mrs. Benson will remain here until the opening of the summer school on June 23. Mr. Merryman will leave the latter part of the week to rejoin his parents, Mr. and Mrs. J. A. Merryman, at Bray, Calif.

Mrs. Aubrey Redifer and little daughter Shirley, of North Bend, are visiting at the home of Mrs. Redifer's parents, Mr. and Mrs. C. F. Walker.

A pleasant departure from the customary entertainment for the Tuesday Bridge club members was the McKenzie river trip for which Mrs. Gaven C. Dyott was hostess this week. Eight members of the club made the trip, going up Monday to the summer home of Mrs. P. E. Dunn, mother of Mrs. Dyott. The party returned Tuesday evening. Mrs. D. S. LOCAL STOCKHOLDERS ATTEND OIL COMPANY MEETING

About fifty stockholders and others interested in the activities of the Guaranty Oil company went from this city to Eugene Tuesday night to attend the meeting of the stockholders at the armory in Eugene. Directors for the coming year were elected, the report of the nominating committee being adopted as presented. D. T. Awhrey, local real estate and insurance man, acted as chairman of the meeting.

Progress in drilling at both the Cottage Grove and Eugene wells was told by David Olson, promoter of the oil company. The local well is now over 1000 feet deep and the Eugene well is somewhere between 1700 and 2500 feet in depth, according to Mr. Olson. Reports of several eminent geologists predicting the opinion of a great oil field in this valley were read. The stockholders voted unanimously to stand by the undertaking.

LOST LEDGE DISCOVERED IN OLD "ANNIE" MINE

While working the property of the old "Annie" mine, owned by John Coffman, A. W. Helliwell and E. C. Lockwood, and located in the Bohemia district, the workmen broke into the ore body on the 300-foot level. The ore being high grade, the new strike is quite gratifying to the owners, as it shows the body intact between the 200-foot and 300-foot levels. The "Annie" mine was formerly one of the largest producers in the district, but has not been operated to any great extent for a number of years. This strike will undoubtedly mean new operations on a larger scale and greater activity for the whole district.

EDWIN TULLAR TO HEAD LANE ROAD ORGANIZATION

Edwin Tullar, of Cottage Grove, was appointed Tuesday to take charge of all road equipment used by Lane county and to fill in a manner the position of county roadmaster. He will be required to outline work for the various county road crews as a part of his official duties. Mr. Tullar has been supervisor of several road districts around Cottage Grove for a number of years and is rated as one of the best practical road builders among the supervisors who have served Lane county.

Takes Severe Tumble; Only Bruised.

Mr. Orrin Robinson is quite elated over the fact that in a serious fall a few days ago she sustained only severe bruises. While visiting at the Howard Durkee home at Dorena she stepped off the landing in a dark hallway and rolled to the bottom of the stairs without breaking a bone. A friend of hers sustained two fractured ankles, two fractured wrists and a fractured thumb in a similar accident a short time ago.

Ready to Help.

Hubby: Business is still pretty bad, dear. If you could economize a little in dresses—wear something plainer—

Wife: Certainly, darling. I'll order some plainer dresses in the morning.—London Opinion.

Why Mary Lost Her Tip.

A newly appointed judge of the supreme court, who felt pretty well satisfied with himself, was dining at a hotel and said to the Irish waitress, "Mary, how long have you been in this country?" "Two years, sir." "Do you like it?" "Sure, an' it's well enough," she answered. "But, Mary," he continued, "you have many privileges in this country which you'd not have in Ireland. Now at home you'd never be in a room with a justice of the supreme court and chatting familiarly with him." "But sure, sir," said the girl with earnest candor, "ye'd never be a judge at home."—Boston Transcript.

The continued increase of our business under our permanent cash plan plainly indicates that the savings we are able to give under this plan are worth while. We are able to make lower prices under the cash plan because we have no money tied up in meat that has been sold and eaten, because we have no accounts to lose, because we don't lose by forgetting to charge, because we need no bookkeeper. It's a plain business proposition.
