

## A life saver in summer

- Cool Kitchen
- Ready "laid" to start
- No fire to keep up

Pearl Oil's cooking flame is heat concentrated and—for the warm season particularly—a life saver!

With a convenient oil cookstove and Pearl Oil you don't have to lug heavy coal and wood—to overheat the kitchen.

Pearl Oil is refined and re-refined by the Standard Oil Company's special process to insure the highest quality kerosene—non-corrosive, odorless, clean burning and economical. Avoid disappointment—ask for Pearl Oil by name.

STANDARD OIL COMPANY (California)

For 35 cents a little wanted will sometimes do the work of a \$5-a-day auctioneer. jn22p

# How Do You Define Thrift?

Everyone wants to be thrifty. It is the one way in which anyone can be assured of safety and prosperity in the years to come. But thrift is not always refraining from spending money. In reality it is WISE SPENDING—the art of managing your income to obtain the most of comfort and satisfaction for the family, with a margin of savings.

Because of the rigid standard of quality which we hold for all merchandise, every article bought at our store is sure to prove an economical purchase from the standpoint of service and satisfaction.

If you wish to save money, regard the quality of merchandise you buy. Trash and so-called cheap goods are the things that keep some people always poor. Buy merchandise on the same basis you would a horse or a dwelling house. Some horses at \$10 are dearer than some at \$100. A home at \$500 may not be as good a bargain as one at \$1000. When you buy merchandise, see and know what you get for your money.

## Shoes

We have received this week a large shipment of shoes direct from the eastern factories. Our stock of shoes is now near complete. Come and look over the line.
