The Rancher, too, prefers ZEROLENE

Not just because it is an economically priced oil, but because it lubricates better every type of farm equipment, from a tractor to an automobile.

Big users, who can afford to test out the merits of different oils experimentally, refuse to pay tribute to the superstition that "eastern" oils are in some mysterious way "better" — why should you?

The Natomas Company of California, which operates 10 automobiles, 3 five-ton trucks, 9 Ford trucks, 3 Best Tracklayer Caterpillars, 1 Holt Caterpillar, and 2 stationary gas engines, and also uses Zerolene on the bearings of 9 irrigation pumps, writes as follows:

"We have used your products for several years with exceptionally good results, and your prompt service has been valuable to us."

The use of Zerolene will not only cut down your oil bill, but enable you to secure greater gasoline mileage, with less carbon, lower upkeep costs, and a longer working life for all your power equipment.

Insist on Zerolene — a better oil — even if it does cost less.
