

Just Like the Thermometer

The higher the mercury climbs, the more luxuriant and fruitful nature's growth becomes.

It's the same with periodical savings—the higher the amount climbs the more useful and productive the savings account becomes.

A savings account is a thermometer that registers the degree of financial independence enjoyed by the depositor.

This bank offers absolute safety, and an opportunity for maximum growth through the generous interest it pays on savings accounts.

INCREASE IN ENROLLMENT IN SCHOOLS IS EXPECTED

Freshman Registration on Saturday Morning; Practice House Moved to Miss Lamson's Home.

An increased enrollment of 30 or 40 pupils is anticipated in the grades with the opening of school Monday. In anticipation of this increase and with the expectation that there will be a further increase with the opening of the mills during the next few months, an additional class room in the new east side grade school building has been furnished and arrangements have been made for securing another teacher. Superintendent O. W. Hays believes there will be some increase in the high school enrollment. Freshman will register Saturday forenoon but other high school students will be registered Monday.

Miss Katherine Kaye, of Pendleton, graduate of the University of Oregon, has been elected to fill a vacancy in the English department of the high school.

The practice house has been moved from the Albert Woodard cottage to the home of Miss Maud E. Lamson, instructor in domestic art.

Creswell Physician Moves Here. D. A. Forbes, physician and surgeon, has moved here from Creswell and is occupying the offices left vacant by A. W. Kime, who recently moved to Portland. Mr. Forbes will continue his practice at Creswell for a day or two each week.

Card of Thanks. We wish to express our sincere thanks for the kindness shown us by the people of Cottage Grove in our recent bereavement, the death of our father, Joseph Walton. The floral tributes were appreciated.
