SOCIETY

Mrs. W. L. Darby entertained the Past Matrons' club Monday afternoon at its regular meeting. Fancy work and social conversation were the diversions. Fifteen members were present and two guests, Mrs. D. T. Aubrey, past matron at Eugene, from whom she recently moved here, and Mrs. B. R. Pine, who has recently moved here from Oakland, where she had been worthy matron. Both guests became members. Dainty refreshments were served by Mrs. Gladys Jackson, daughter of Mrs. Darby, and Misses Grace and Kathryn Potter, the latter two of Eugene and guests at the home of their aunt, Mrs. Darby.

Miss Ethel Arne entertained for her tenth birthday anniversary Saturday afternoon, when ten of her small playmates responded to invitations issued by her mother, Mrs. Rufus Arne. Games and play made the afternoon pass happily, after which a birthday lunch was served. A number of gifts were received by the little hostess.

A wedding of interest to the bridegroom's friends here was that of Raymond Veatch, of this city, to Miss Josephine Lee, of Albany, which was held yesterday at 1 o'clock in the Presbyterian church, Albany, D. A. Poling, the pastor, officiating. The bride is a daugh-

Nerves All Unstrung?

Cottage Grove Folks Should Find the Cause and Correct It.

Are you all worn out? Feel tired, nervous, half sick? Do you have a constant headache; sharp twinges of pain, too, with dizzy spells and annoying urinary disorders? Then there's cause for worry and more cause to give your weakened kidneys prompt help. Use Doan's Pills—a stimulant diuretic to the kidneys.

Cottage Grove folks recommend Doan's for just such troubles. Mrs. W. S. McCaleb, 747 S. Second St., Cottage Grove, says: "I had weak kidneys and I was also nervous and became run down. I had no energy and often neglected my housework. My kidneys acted too frequently. I used Doan's Pills and they soon helped me and I felt stronger and better in every way. My energy was restored and I was free from that tired feeling."

ter of B. E. Lee, auditor of the Mountain States Power Company. The bridegroom is a son of Mr. and Mrs. H. H. Veatch. The happy couple left soon after the ceremony on a two weeks' motor trip. Upon their return they will make their home in Eugene, where Mr. Veatch is employed with the R. A. Babh Hardware company.

The following officers were elected at a meeting of the W. C. T. U. held Friday afternoon in the Presbyterian church: Mrs. A. C. Spriggs, president; Mrs. J. R. Hendricks, vice president; Mrs. H. C. Hart, secretary; Mrs. H. W. Titus, corresponding secretary; Mrs. J. Sams, treasurer. Vice presidents from each church were appointed as follows: Presbyterian, Mrs. Mary Smith; Baptist, Mrs. H. W. Titus; Methodist, Mrs. J. Sams. Mrs. H. C. Hart was appointed delegate from the local organization to attend the state convention to be held in Corvallis, October 6 to 9.

The departure of Mr. and Mrs. Ed Tullar and son Earl, who left the fore part of the week for Eugene to make their home, was the inspiration for a number of dinner parties during last week. Mrs. T. C. Cox entertained the Tullar family at dinner Wednesday evening; Mrs. H. C. Schaefer had a few neighbors in for a social afternoon, dinner and social evening; and Mrs. V. T. Randall entertained at dinner Sunday. Other guests for the latter occasion were Mr. and Mrs. J. A. Powell and Schofield Stewart.

Mrs. Cone is an aunt of Mrs. McQueen.

Orville D. Allison and Miss Stella Woolfolk, both of Roseburg, were married in that city Wednesday of last week. Mr. Allison spent his boyhood days here and has been a frequent visitor. He is a nephew of S. V. and F. H. Allison and is a brakeman for the Southern Pacific company.

The first fall meeting of the Eastern Star chapter was held Friday evening. Following the business session an entertaining program was given. A piano duet was given by Mrs. Bessie Sutcliffe

and her daughter, Mrs. Elmer Monson. Mrs. Carl Witte and Mrs. Victor Kem each gave a vocal number and Mrs. H. W. Titus gave a reading.

The American Legion and the auxiliary of that organization met Monday evening in I. O. O. F. hall. After each organization had held separate business sessions the ladies joined the men, who were hosts at a watermelon feed.

The M. P. G. club met Tuesday at the home of Mrs. J. T. Smith. The rooms were attractively decorated with autumn leaves of brilliant hues. After a social afternoon, a dainty two-course luncheon was served. A centerpiece of zinnias and snapdragons made the table attractive. Mrs. Bert Trask, Mrs. Fannie Davis, of Nobska, mother of Mrs. W. J. Woods, and Mrs. J. V. McGee, of Albany, sister of Mrs. Trask, were additional guests for the occasion.

Mrs. Elizabeth Fahrenwald entertained a few friends at dinner in her new home Sunday in honor of her birthday anniversary.

ROME PREPARED FOR 1,000,000 PILGRIMS

Vatican and City Plan to Look After 1925 Throng.

Rome.—The Eternal city has generally taken eternally long to make those alterations which her increasing size and growing population render necessary. Now, however, she has drawn up a program of improvements which, if half of it is carried out, will transform Rome from an old-fashioned, somewhat disorganized city into a modern capital. These changes will be made between now and next January, the beginning of the jubilee year. During 1925 Rome expects between 1,000,000 and 3,000,000 pilgrims. The greatest needs of these visitors will be for housing accommodations, food and means of transport.

Both the Vatican and the municipality are ceding ground on favorable terms on which are being erected buildings suitable for future use as hotels. The Vatican especially is considering the needs of the poorer pilgrims, for whom large barrack-like houses will be provided, where all, however small their means, may have shelter and a reasonable amount of comfort.

The population of Rome has grown from the 250,000 in 1870 to about 1,000,000 today.

When Rome became the capital an excellent system of drainage was installed, but the increase of population has necessitated its enlargement, and this year alterations and improvements on a huge scale are being carried out.

Half the roads of Rome have been relaid this winter and the other half are awaiting their turn to be dug up.

In preparation for holy year a large number of new lines of trams and autobuses will link together those already existing, in order that pilgrims may easily visit the distant basilicas and do as much sightseeing as is possible in the intervals of their religious exercises.

Works as Lumberjack to Earn College Tuition

Here's a girl of courage and originality. Probably the only girl lumberjack in the world. She spends the summer months booming logs on Moosehead lake, Kinto, Maine, to earn money for her college tuition. She is shown here keeping her balance on logs, a very difficult task for men, and unheard of for girls. Miss Ruth C. Apgar of Easton, Pa., is shown on the job.

New Material Lessens Building Cost in Russia

Moscow.—Russia's scarcity of living accommodations and the high cost of building material have forced the soviet authorities to experiment in the construction of what are termed "thermolite" houses, the invention of a Russian engineer named Peter Galakhoff.

A thermolite house has the conventional framework of wood, but a liquid material of heavy consistency (thermolite), composed of sawdust, straw and common tree leaves, mixed with lime, plaster and antiseptic solution, is interspersed between the outer and inner boards.

When this mixture becomes hard the house is rendered moisture-proof, resists decay, and is impervious to certain insects. With a coating of special paint containing the same ingredients as "thermolite," the house is also rendered fireproof. Houses of this type, according to the inventor, can be erected for 25 per cent less than the ordinary house and can be completed within less than six weeks.

Radio Replaces Pastor on Island Off Sweden

Stockholm.—A radio loud-speaker has taken the place of a minister for the first time in Sweden on the island of Utö in the Stockholm Archipelago. The congregation, after having taken part in the service broadcast from Stockholm, was enthusiastic in its praises of the new scheme, since the island, especially in the winter time, often cannot be reached by ministers, owing to bad navigation conditions.

Is Your Wife Marooned During the Day?

Have you ever considered what is meant by the hundreds of cars parked in the business sections during business hours?

Most of them carried business men to work, leaving their wives and families at home, marooned because the family's one car is in daily use by the husband and father.

That is one reason why architects and builders find that all suburban and many city homes must be provided with twin garages.

UTILITY COUPE
