VOLUME XXXV

COTTAGE GROVE, LANE COUNTY, OREGON, THURSDAY, OCTOBER 9, 1924

NUMBER 5

MR. AND MRS. K. K. MILLS INJURED IN AUTO WRECK

Car Turns Over Three Times When Turned Off of Paving to Avoid Pedestrian.

Mr. and Mrs. K. K. Mills, of this city, were painfully injured when their car was wrecked Tuesday evening on the highway near the Roseburg aviation field. Their son Robert, the only other occupant of the car, escaped without a scratch. The Mills were returning home from spending the week end at North Bend at the home of Mr. Mills' brother, J. H. Mills.

As the Mills' car rounded a curve a pedestrian was observed approaching and carrying a large sign which prevented his observing the approaching car or hearing the warning signal. Mr. Mills, who was at the wheel, swerved his car and applied the brakes. The car skidded on the wet paving, turned to the opposite direction and went over the embankment and through a wire fence, turning over three times in doing so. Mrs. Mills and Robert were thrown clear of the wrecking but Mr. Mills had to be assisted in getting out of the driver's side.

Mr. Mills sustained two cuts five inches in length on the fleshy part of the left leg and will be confined to his bed for several days. Mrs. Mills sustained several fractured ribs and a number of bruises. They were given medical attention at Roseburg and completed the trip by stage. The car was left in the ditch but has since been taken to a Roseburg garage.

The pedestrian was a Mr. Hodson, of Glengary. There was no explanation of why he was carrying the large sign.

PYROTOL EXPLOSIVE TO BE DISTRIBUTED FROM EUGENE

Corvallis, Or., Oct. 4.—A pyrotol distributing agency is to be established at Eugene for the benefit of Lane county farmers who want to try the new explosive for land clearing or other farm use. Pending the appointment of a county agent, pooling and distribution will be handled by the farmers union warehouse. The cost laid down in Eugene will be \$8.22 per hundred in quantities of 15-ton car lots or more.

No charge is made by the federal government for the surplus smokeless powder left over in large quantities from world war and now used in pyrotol form, so the only costs of the pyrotol explosive are those of making up, handling and shipping. Caps are included with all orders.

5 Births, 8 Deaths in September.

The report of Health Officer Frost for September showed 5 births, 4 males and 1 female, and 8 deaths, 5 males and 3 females.

Say it with printers' ink.

MICKIE SAYS—
SOMETIMES FOLKS THINK A REPORTER IS AN UNWELCOMED GUEST BECAUSE HE ASKS SO MANY QUESTIONS, BUT HE FINDS HE HAS TO DO IT IF HE WANTS TO GET ALL THE NEWS THAT'S IN IT. IT'S NOT HIS FAULT IF HE DOESN'T GET IT CORRECT!

MONEY TALKS! IT SELLS "RENEW PAPER!"

GRAPES ON McREYNOLDS PLACE ARE LUSCIOUS AND SIZE OF PLUMS

Any who doubt that grapes grow to greater perfection here than anywhere else in the world would be convinced by a visit to the E. L. McReynolds ranch near Divide. In order that The Sentinel might have complete knowledge of the fertility of the soil in this favored section of the famous, fertile, fruitful Willamette, Mr. McReynolds supplied The Sentinel with some luscious samples of his grapes. There were the Diamond and Niagara varieties in the large white, and the Green Mountain variety in the small white and the Worden variety in the blue. The latter were the size of young plums.

JORDAN, INDEPENDENT FOR ASSESSOR, IS VISITOR HERE

Clyde E. Jordan, candidate for county assessor, was in the city Monday meeting the voters. Mr. Jordan was not the candidate of any party in the primaries and became an independent candidate at the solicitation of many who do not feel that B. F. Keeney, the republican nominee, is entitled to the support of his party, as he became an independent candidate several years ago when defeated by the republican nomination by Dick Barton, of this city. Mr. Jordan reported the prospect of his election as encouraging, although there is a deplorable lack of interest in the candidates of those who will conduct the county's business and spend the county's tax money.

Mr. Jordan lives on a farm at Pleasant Hill. He served in the world war, under commission for a large part of the time, and is 42 years of age and has never held a compensated public office.

BLAZE AT A. & M. MILL CAUGHT IN NICK OF TIME

An incipient blaze that might have proved serious was discovered in the nick of time in the sawdust bin at the Anderson & Middleton mill No. 1 at Latham at 5 o'clock Tuesday evening. A portion of the sawdust was burned, the loss being about \$100. The fire department from here was called and the blaze was gotten under control soon after its arrival.

A Priceless Treasure.

Today I have added to my wealth a priceless treasure. To find it I did not have to dive to the bottom of the sea, nor blast the granite mountain side, nor drudge in field, quarry or mine, nor play a sharper's trick. I looked straight into man's clear eye, spoke a true word, received a signal of understanding and now for life I have a friend.—Editor and Publisher.

C. G. H. S. Plays Eugene Saturday.

The Cottage Grove high school football team will meet the Eugene high team Saturday at Eugene. The high school officials are endeavoring to make arrangements to play the game in the forenoon so that the players and those attending may attend a college game to be played in Eugene that afternoon.

Three Are Let Out of Jail.

Pete Rodriguez, Tony Gomez and Joe Gomez, Portuguese laborers arrested at the Southern Pacific tie plant at Latham a few weeks ago on a charge of having liquor in their possession, have paid their \$100 fines and have been released from the county jail, having served their terms of 30 days each.

Buster Stroud Leaves Hospital.

Buster Stroud, the only surviving member of the trio who were scalded in the recent wreck on the Oregon Pacific & Eastern railway, was dismissed from the hospital several days ago. His injuries were serious but he is well on the way towards recovery.

If we haven't exactly what you want—or can't produce it—if it is anything in the printing line—we can get it for you.

WITH FEW PRESENT, SCHOOL BUDGET FACES DEFEAT

Bare Favorable Majority of Voters Present After Delay in Putting the Question.

With only a handful of voters present the school budget was adopted Monday night by a vote of 14 to 0, after its defeat had seemed imminent. It was stated afterwards by those present who favored the budget that had the vote been taken within 30 minutes after the time set for the opening of the meeting it would have been unfavorable. During the preliminaries, however, a number of voters favoring the budget arrived and when a motion to adopt was put by a rising vote of 13 of those present, presumably opposed to the budget, did not vote at all. Had they voted in opposition, the vote would have been 14 to 13.

As a reduction in the expense of conducting the schools has been found impossible, and as a large majority of the taxpayers of the district would support the school board, the result of a defeat of the budget Monday night would have been that of putting the district to an added expense in calling another meeting.

70,000 Visit Crater Lake.

There was a remarkable increase this year in the number of visitors to Crater Lake national park, according to J. L. Beatty, who had charge of one of the entrances and who arrived Thursday last, accompanied by Mrs. Beatty. There was an increase from 52,000 last year to 70,000 this year. This is due in part to the longer season this year, but this park is growing tremendously in popularity with the tourists because of the uniqueness of the lake.

Pop Rally and Bonfire Held.

One of the largest high school rallies ever held here was the one Friday night to arouse pep and enthusiasm for the football game the next day between the high school and alumni. The students serenaded through the city, giving a few of their high school yells and then went to the ball grounds, where a large bonfire prepared by the freshmen boys was awaiting the crowd. Speeches were made by the student body and class officers and games were played.

Cliff Hays Returns Here.

Clifford Hays, who was engineer for the Brown Lumber company here six years ago, has arrived from Portland to accept the position of engineer at Anderson & Middleton mill No. 2, which is soon to start operations. It is on the ground occupied by the Brown Lumber company's plant at the time Mr. Hays was a resident here. He has not yet moved his family here.

The tonic for the business world—live wire wanted.

BILL BOOSTER SAYS

ATHLETICS HAVE THEIR PLACE IN OUR SCHOOL AND THEY SHOULD, FOR THEY STIMULATE HEALTHY COMPETITION, PROMOTE GOOD HEALTH AND BUILD UP A SCHOOL SPIRIT. BECAUSE THEY TAKE UP A LITTLE SCHOOL TIME OCCASIONALLY IS NOTHING AGAINST THEM. ALL WE LEARN DOES NOT COME FROM BOOKS.

HOME PAPER ON LA FOLLETTE

Wisconsin Radical Is Characterized as Ally of Wall Street and for the People Only for Votes

(From Menomonee Falls News, Menomonee Falls, Wis.) Senator La Follette has definitely allied himself and his campaign with the worst of the predatory interests of Wall Street. At the very heart and citadel of Wall Street, in the holy of holies, in the inner sanctuary, around the altar, stand the sugar refining companies. So closely connected are they with the largest banking interests that Senator La Follette has so often thundered against that if you hit one you are certain to get a cry from the other.

So intimately connected are these two Wall Street interests that hardly a peevish circular market letter from the largest banking interests is issued but what it mentions something about Cuban sugar. It is not a secret that during the late financial panic, when every bank in Cuba not connected with Wall Street failed, hundreds of millions of dollars worth of Cuban sugar properties fell into the hands of these Wall Street banks and since the financial skies have cleared "has been allotted to strong hands," as the circular letter states. In plain language, they have been turned over to the New York refining interests at bargain prices.

An investigation will disclose that 75 to 90 percent of the sugar produced in Cuba belongs outright or is controlled by this immense aggregation of capital centering around the altar of the holy of holies of Wall Street. No other single interest has so much of the capital of Wall Street. The railroads, which have for years received the attack of Senator La Follette, do not belong to Wall Street but are the property of the widows and orphans of life insurance companies and the savings banks reinvested by them in their stocks and bonds. The sugar refining companies' stocks and bonds are owned by Wall Street investment because of the great profits they have made.

The president of one of these sugar refining companies testified before the senate finance committee that one billion dollars of American money had gone out of the United States into the sugar business of Cuba. What an immense difference it would have made to the American farmer if this large sum of money had gone on American farms rather than upon Cuba!

It is this large aggregation of capital, the greatest monopoly of Wall Street, that Senator La Follette has allied himself with and he seeks to destroy the American sugar industry by a reduction of the tariff on sugar. Purposely, by propaganda, a confusion exists in the minds of most Americans regarding the sugar business. Nearly everyone has allied himself with what is trolled by a trust. This is a mistake and is not true. We get our sugar from two sources. Either from the tropical countries or from the United States. Nine and a half percent of our sugar comes from Hawaii; nine and a half percent from Porto Rico and the Philippines combined; twenty-two and a half percent from cane and beets grown in the United States, while the remainder, nearly sixty percent, comes from Cuba. It is this Cuban sugar, owned by the immense sugar refining interests of Wall Street, ten times more powerful than the old sugar trust, that is now the so-called sugar trust.

Sugar is grown, it is not made. It is the product of the farm. Shall American farmers grow it or shall it be grown in Cuba? In order for American farmers to grow it, it is necessary to have threshing machines to thresh the sugar from the beets. These threshing machines (sugar factories) cost a large amount of money to build and operate. The farmers do not have the money to do this, so they are compelled to go to capitalists and to come in and furnish the money. The sugar refining companies of New York who control Cuban sugar; this huge aggregation of Wall Street capital, not yet having complete control of the sugar market of America (their competition is the sugar grown by American farmers, or American

SEWER CONSTRUCTION COST IS WITHIN BOND LIMIT

Great Interest Is Shown by Contractors in Proposed Public Improvements Here.

The cost of construction of the additional sewers recently authorized by vote of the people will come within the amount of money provided by the authorized bond issue of \$25,000. Bids were opened by the council Monday night and the contract is to be awarded at a special meeting of the city dads to be held tonight. The bids ranged from \$21,900 to \$26,000 and were referred to the sewer committee and city engineer for determination as to which is the lowest and best bid of the 12 submitted. No contract which the city has let in recent years has brought out such a large number of bidders.

MAIL ROUTE IN DELIGHT VALLEY TO BE EXTENDED

Sixteen families in Delight valley, a total of 70 persons, are to benefit from an extension of the Disston route which becomes effective October 20. The route will be extended one mile north and one mile east of the Delight Valley school house, the carrier being required to retrace in both instances. The route was extended to Delight valley only a few months ago. The total length of the route with these extensions will be 23.15 miles.

C. H. BUSSEY SUCCEEDS SUTTELL AT S. O. PLANT

C. H. Bussey, recently manager of the Standard Oil station at Myrtle Creek, has succeeded T. G. Suttell as manager of the local plant. Mr. Suttell has been transferred to the Kenton station in Portland. He had been with the local station for several years. The Suttells are at present on a motor trip into California.

Veatch Building Remodelled.

The O. O. Veatch office building at the rear of the First National bank building has been moved during the past week out of the sidewalk line and a window built in the jog on the north side. The interior has been repapered and a new floor laid and the exterior is to be repainted. The improvements will give the building quite a modern appearance.

ALUMNI ARE WINNERS FROM C. G. H. S. GRID TEAM

The football team of the Cottage Grove alumni won from the high school grid team in a game played Friday afternoon, the score being 26 to 0. The members of the alumni team outweighed those in the high school team from 15 to 20 pounds. The high school team had the advantage of more recent practice than the alumni but lacked the experience of the latter. The lineups were as follows:

Alumni—Wilbur Spray, c; Ray McGargar, rg; Jack Benger, rt; Henry Hubbell, rg; Glen Haney, lg; Homer Dixon, lt; Lyle Lawrence, le; Cleo Morelock, qb; Roy Heck, rb; Rex Wheeler, lb; Wendell Cochran, fb. The substitutions were Frank Porter for McGargar, Clyde Leonard for Heck, Floyd Runk for Hubbell, Heck for Lawrence and McGargar for Porter.

High school—Homer Nelson, c; John Skilling, rg; Delmas Richmond, rt; Dana McGargar, re; Linas Heard, lg; William Skilling, lt; Ross Glass, le; John Bartels, qb; Cleo Swanson, rb; Paul Gordon, lb; Dale Miller, fb. The substitutions were Clare Adams, Lawrence Chestnut, Earl Ballew, Gordon White and Marvin Alstott.

Roy Heck was slightly injured and William Skilling sustained a sprained knee but both have fully recovered.

HOUSE BURNS; INSURANCE WAS NOT TRANSFERRED; OWNER GETS NO MONEY

Because he had neglected to have the insurance policy transferred, Pete Mostachetti will get no insurance for the loss of a house near Divide which was owned by him and occupied by his brother-in-law, A. M. Perini. The house was destroyed by fire a number of weeks ago shortly after the Perini left on a trip to the coast. Originally the house was owned by Perini and was sold to Mostachetti last June.

RUNAWAY LADS 12 YEARS OF AGE CAUGHT HERE

Two boys of 12 years of age who had run away from their homes in Portland, were picked up here Sunday by Marshal Pitcher and turned over to the sheriff's office. An older brother of one of them came down from Portland and took the lads home. They gave their names as Major McCune, of 189 east Seventy-sixth street, and Shirley Root, of 139 Flanders. By the time the lads arrived here they had revised their ideas somewhat as to the joy of being out from under parental care and made no objection to returning to their homes.

RECEPTION AND OPENING OF NEW BUILDINGS PLANNED

The school board, in cooperation with the Tuesday Evening Study club, will sponsor the annual reception for the teachers and patrons of the public schools, to be held at 8 p. m. next Tuesday in the new gymnasium. The affair is to include the formal opening of the new grade school building and the gymnasium and a suitable program will be given. An opportunity to inspect the new buildings will be given and a social hour and musical program will follow. Refreshments will be served.

LIONS CLUB AND LEGION BENEFIT BY SHOOT HERE

The Lions club and American Legion each received \$37.31 as its share of the receipts at the benefit ham and bacon shoot given Sunday by the rod and gun club. Scattered gun artists were present from Eugene, Corvallis, Yonahla and Drain and a large number of the prizes were carried home by them. The total gate receipts were \$385.

Captain Gruson Is Assigned.

Capt. C. C. Gruson, of the reserve corps, has received notice of his assignment to the 59th artillery (anti-aircraft), XIX corps, battalion headquarters and combat train, as train commander. He was one of four selected from the reserve officers of Oregon.

Sympathy Loses This Barber Job.

Here's a story that has drifted down from the Portland summer session. A certain Portland summer-terminer who has beautiful hair got tired of it the other day and resolved to join the ranks of the shorn. Mary (which isn't her name), having said to a friend: "I just hate this idea of sticking hairpins in my head," hid herself to the beauty parlor.

Mary got into the barber's chair and told the hair surgeon to cut loose.

"My, what fine hair!" sighed the sympathetic shearer. "When did you curl it last?"

And Mary said she had never curled it in her life; it "just grew" that way.

"What a shame it will be to lose all that fine hair!" moaned the barber. "It will take three years to grow out again like that."

By this time the whole shop had pricked up its covered and uncovered ears.

"I wouldn't cut it," one girl advised.

"No either," chorused another bystander or two.

Finally Mary succumbed to the pressure. She climbed right out of the chair, walked out of the shop, and at last reports was still attached to her curls.

Hold a regular position by having an ad every week.

SIX IN CUSTODY ON CHARGE OF TOTTING BOOZE

County Officers Block Way in Pass Creek Canyon and Search All Cars.

The totting of booze to public dances is likely to become unpopular for some time as the result of activities Saturday evening by deputy sheriffs, when Homer Patton, C. A. Crites, O. E. Van Valin, Dale Owens, Lester Gillispie and Rodney Joslyn were taken into custody on charges of having illicit liquor in their possession and lodged in the county jail until a hearing could be arranged. All entered pleas of not guilty and will stand trial.

AUTOMOBILE THIEF TURNS OUT TO BE OWNER'S WIFE

Deputy Sheriff Pitcher picked up a supposed woman automobile thief here Sunday, but by the time the owner of the car, Ralph Surlitt, arrived here from Eugene it was found that the woman was his wife. The wife had taken the car and started for California. They spent the night here and returned to their home in Eugene the following day. When the owner of the car set the sheriff's office on the trail of the supposed thief he said nothing about the relationship, but when the county officials decided that the man would have to pay all the expense the sheriff's office had been to.

YEAR'S CALENDAR FOR THE HIGH SCHOOL IS COMPLETED

The year's calendar for the high school is as follows: Senior assembly—during October. Freshman and sophomore party—October 24. Dramatic club play—November 7. Hi Hilarities—December 5. Junior assembly—during December. Freshmen assembly—during January. Junior and senior party—January 23. Sophomore assembly—during February. Senior party—March 6. Operetta—April 3. Senior play—May 8. Commencement week—May 25 to 29.

J. H. Kirk in Auto Wreck.

J. H. Kirk, of Dorena, with his son-in-law, J. E. Holstrom, of Marcola, enroute to Portland Tuesday on a business trip, were crowded off the highway between Monroe and Corvallis by a road hog, and their machine turned over in a ditch, where it caught fire and was almost totally destroyed. The two men escaped with only slight bruises. The car was fully insured. Mr. Kirk continued on to Portland but Mr. Holstrom returned to his home at Marcola.

Lithographing, engraving, steel die work. The Sentinel's live wire print shop is the place.

WHY? Why waste time in useless shopping around when Sentinel advertisements lay before you the choicest wares of every progressive merchant in Cottage Grove? Why use needless effort in a store-to-store quest when the advertisements enable you to make your choice of the finest merchandise without even leaving your home? Why pay more than you ought when you can stretch your dollars to the elastic limit by taking advantage of the bargains and good buys that are advertised in The Sentinel? Why risk dissatisfaction by buying unknown unbranded goods when you can assure yourself complete satisfaction by buying an advertised product, backed by the integrity of a firm which spends real money to establish its name and to build up a public good-will? Read Sentinel advertisements. Buy advertised wares. It is a safe and sound policy.
