Oregon's farmers, workers, and industries NEED YOUR Help!

Why you should help them

DEFEAT

The Workmen's Compulsory Compensation Amendment.

Unless this reactionary amendment is defeated Oregon's working people will lose the sure protection of the present good compensation law. In its place they will be compelled to submit to a three-man political commission, whose powers will be FINAL. No matter how unfairly it may treat injured working people or their dependents, our workers will NOT have the right to appeal to an AMERICAN JURY for a square deal, as they now have.

Forces our Farmers In

Under the present compensation act, farmers can come under it if they desire. Under the proposed amendment they could BE FORCED IN and would be COMPELLED to pay money into the state fund in ADDITION TO THEIR PRESENT TAXES.

Dictation with No Appeal

The commission would be ABOVE THE LAW. It could make its own law; be its own judge and jury. Industry, our farmers and our working people would be FINAL because the commission's decisions would be FINAL and non-appealable.

Medical Trust Created

The amendment specifically forbids medical or surgical treatment for crippled workmen, except by doctors selected by the commission and under its monopolistic control.

Wrecks a Good Law

The amendment was initiated by professional agitators of Portland. If enacted it will mark the return of the old system of bitter lawsuits and ambulance chasing lawyers. It will wreck the present good law, which extends certain protection to industry and our working people.
