The Story of the Poppy

In France and Belgium the people lived happily, enjoying the freedom of their beautiful country, when one day came vast numbers of German soldiers who laid waste their land. The huge guns of the Germans did not spare anything, homes were wiped out, families separated and millions gave their lives. The United States entered into this conflict, sending our boys across to help turn the enemy back that liberty might prevail in the world. As we all know, many of our men were killed or died in service over there and now lie buried in the soil they helped to save.

In the spring of 1919 after the war, on Flanders field where the firing had been terrific and tens of thousands of our boys had fallen in battle, in the midst of complete devastation, the bright red poppies came up in abundance. The French people tell you today that the poppy is significant of the sacrificial blood of the boys who fell on Flanders field. Those who have traveled through France since the war say it is peculiarly true that where the battle was the fiercest and the bloodshed the greatest the poppies to this day grow most profuse.

Lifting Power of Love

Love lifts up the lowest to the highest, places the lowly born by the side of the bright particular star. It binds us to earth; and when our loved one has been taken from us it lifts us to heaven. Who shall tell its glories and its vicissitudes? Without it a life passed is like a year gone by without any summer—cold, chilly, unfruitful, without pleasure or charm. With it the worst state is endurable. The palace is but a stable or an out-house without it—a very prison; the very prison when the loved one shares it is a palace. Such is particular love. When that upon the freeing of our souls from this "muddy vesture of decay" which incloses it, has grown into general love for our fellows and love of adoration for our Maker we shall not be far off paradise, for indeed heaven's harmony is universal.—Hain Friswell.

Wanted His Share

He was a little, undersized, inoffensive-looking person. He had managed to get on the Broadway express at Times square by the simple expedient of holding his breath and allowing himself to be jammed into the train by the burly blue-coated guard. He found himself in a pocket formed by four men surrounding him. His chin reached up to about their knees. The atmosphere—what there was of it—was stifling. He managed to stand it for about two minutes. Then he twisted his neck up to the man in front of him and said: "Pardon me, sir, but would you mind holding your breath for a moment? I would like to get a mouthful for myself."—Mercury.

Received from secretary.....	\$900.50
Disbursed.....	865.43
Balance on hand.....	\$ 35.07

We are certain that this report will appeal to you and we know that you will not wish to feel that you haven't had a part in caring for the last resting place of your loved ones. When our work started on April 24, 1922, the date of our organization, the cemetery was a very unsightly and neglected spot for a beautiful little city like Cottage Grove to have at its border.

Through the efforts of a few who have labored hard with no other motive than that of making the cemetery sightly and attractive, this association has accomplished much of the purpose for which it was organized. This has been a task, for of over 400 property owners only 140 have responded and the work that has been accomplished through the support of the 140 will be wasted unless they meet with the officers at 8 o'clock on the evening of Thursday, May 26, at Hotel Bartell, offer their suggestions and approve or disapprove what has been done. We have given our best and shall appreciate advice as to future activities of this association. Our funds have been limited, and the last penny has been expended in preparing for Memorial day. The work done is summarized as follows:

Work on private lots has been confined to cutting weeds and grass and filling sunken graves but in the cemetery as a whole wagon loads of tin cans, glass and rubbish—the accumulation of years—have been cleaned up and hauled away, brush has been cut and stumps removed, alley ways have been opened, grass and weeds have been cut from the entire cemetery and ground leveled so far as funds would permit, fences and gates have been repaired and some work done on the road and 500 feet of pipe has been laid, thereby extending water to the entire cemetery.

that it may be used to encourage the planting of shrubs and flowers. With the work that has been done the past three years, a little more effort will make this a very pretty spot. While the dues last year were \$3.50, the board of directors have reduced them to \$2.50 for this year and we feel that the entire community should show an interest in the work.

We shall appreciate your attendance at the approaching meeting and an expression of your ideas. Officers are to be elected.
