The class night program was held last night and the junior-senior banquet will be held tonight.

Light Bearers Organize.

The Cottage Grove Light Bearers, the first junior mission band for the Presbyterian church, was organized at a meeting of a splendid group of bright enthusiastic children held Monday afternoon in the primary rooms of the church. The aim of the organization is to help the children to realize the part that knowledge and the ability to use such knowledge rightly play in the making of good citizens and to lead them to share in the work of helping all boys and girls in America to receive a good education. Much interest was taken at the initial meeting in the study of South American children and the little Mexicans in our own country.

The age of membership is 6 to 11 years. Meetings will be held upon the first Monday afternoon of each month, to open with devotionals. There will be a study period and suitable recreation or refreshments.

London School Closes.

London, June 2.—(Special.)—S. T. Rose and Mrs. Mabel Newton closed a successful term of school here Friday. The last day was given over to a picnic. Mr. and Mrs. C. W. Powell had kindly invited and made extensive preparations for the lower grades to hold their picnic in their orchard, while the upper grades expected to picnic near Black Butte, but on account of the rain Thursday all went to the school house, where the day was spent in frolic and fun. A bountiful luncheon was spread at noon and the teachers treated the school to ice cream. About 15 mothers of the pupils were in attendance. The lower grades presented their teacher with a beautiful glass flower basket and three glasses.

Company D on Memorial Day.

Through an oversight in the last-minute rush following a two-day holiday, the part that Company D took in the Memorial day exercises was not mentioned. Thirty members of the company led the parade and following the exercises at the cemetery taps were sounded and a machine gun salute was fired. A number of members of the company wished to go to Corvallis on that day to participate in military maneuvers there but remained at home to participate in the exercises here.

Poppy Sale Nets \$70.

The sale of Memorial day poppies, conducted by the auxiliary of the American Legion, netted \$70 and the entire amount goes to the disabled veterans in the rehabilitation hospitals who made them.

Library Report for May.

The report of the city library for May is as follows: Fiction read, 543; non-fiction, 20; juvenile, 322; total, 885, non cards issued, 13; money received, \$7.13; money expended, 42 cents.

Precipitation Is Twice That of 1924

More than twice as much moisture has fallen so far this year as for the same months of 1924. The precipitation for the first five months of the two years was as follows:

	1924	1925
January	3.05	8.42
February	4.03	8.09
March	2.69	2.25
April	1.31	6.12
May	.81	3.91
	11.89	28.79

The temperature for May of this year was: Mean maximum, 69.5; mean minimum, 44.3; mean, 56.9; maximum, 82 on the fifth; minimum, 32 on the eighth. Clear days, 14; partly cloudy, 11; cloudy, 6.

CLASS NIGHT PROGRAM IS A PLEASING ONE

Valedictory by Kathryn McQueen Causes Moist Eyes.

Class night exercises held last night were pronounced the best that have ever been held here. This opinion was based upon the quality of the papers prepared by the graduates, particularly of the valedictory by Miss Kathryn McQueen. Parents, teachers, taxpayers and others were touchingly thanked and there were many moist eyes during its delivery. Many stated that if the young people of the community would guide their actions by this address, Cottage Grove would produce citizens that could be equalled nowhere else. Miss McQueen was in no way flustered during the delivery of her address, which was given in a strong, clear voice, every word being distinctly heard in the farthest corner of the auditorium. The Sentinel will publish the valedictory in Monday's issue.

The program was as follows:

Class Roll—Homer Nelson, class president.

Salutatory—Mildred Stevens.

High school song (words by Kathryn McQueen)—Ethel Lambert, Kathryn McQueen, Mary Cornutt, Elsie Sterling, Dollie Pitcher, Josephine Galdabini.

Class History—Harry Godard.

Class Poem—Cad Ellis.

Piano solo, "Valse Episode" by Kern—Ethel Lambert.

Class Prophecy—Bonita Benger.

Class Will—Dollie Pitcher.

Double Trio, "Our Alma Mater"—Ethel Lambert, Kathryn McQueen, Mary Cornutt, Elsie Sterling, Dollie Pitcher, Josephine Galdabini.

Lorane High School Closes.

The high school at Lorane closed Monday with exercises in the gymnasium. Professor E. F. Carleton, of the University of Oregon, delivered the commencement address. Addresses were also given by Assistant County Superintendent Collier, by Mr. Dawson, a former teacher at Lorane, and by Mrs. James, the principal. Following the exercises a community supper was served. Those graduating were Lucile Addison, Iris Brant, Thaeone Addison, Elmer King, Alton Matthews, Charles Mitchell and Arthur Simonsen.

Darby & Liston to Move.

Darby & Liston have leased the former Arcade theater building for their hardware store and have started alterations estimated at \$2000. The sloping theater floor will be brought up to the street level and a second floor added. A skylight will light both floors. The hardware stock probably will be moved about the first of August. Bressler & Son, who now occupy the west half of the Porter building, from which Darby & Liston are moving, contemplate extending to take the portion to be vacated.

MINING IS SECOND INDUSTRY OF UNITED STATES

Bank President Says That Without It Industry Would Be Stagnant, Nation Bankrupt.

The president of a large national bank in Chicago was under criticism by the presidents of several other banks because of his investments in mines. This man made the following reply to the criticism: "Through the west, ages ago, Almighty God built stronger vaults in his granite banks that we have in ours. He filled his vaults with gold, silver and copper. He gave the prospector knowledge and insight, and guided him on his way to the door of the vaults he had built. The federal government handed the prospector a title to all therein. It is not a crime 'tut a virtue to enter. With drill, blast, pick and spade the prospectors have broken the combination locks and entered. But for him our notes of issue would be as the stumped currency of 1857. But for him this government of ours would be bankrupt."

FOOTPRINTS OF PIONEER DAYS

Interesting Events in the Lives of Those Who Laid Sturdy Foundation for the Present Generation.

Cottage Grove, Ore., June 3.—(To the Editor.)—I read in a recent issue of your valuable paper the account of the wrecking of a barn at Latham. Whoever gave you the item was slightly mixed. James Chapin had the barn built in the spring of 1864. W. W. Shortridge hewed the logs and my father, J. H. Shortridge, made the clap boards. They were shaved with a draw knife. Some of the boards of the shed on the east side were made in June, 1864.

The wheat that was found in the barn was of a winter variety, French Tonsle. It was the first variety raised in Oregon and the only variety raised for many years. It had a much larger head than the wheat afterwards introduced. The first wheat that went into the old barn cost \$7 the bushel.

BOONE SHORTRIDGE.

Tulare, Calif., May 30.—(To the Editor.)—I don't know whether I can write or not as I have to write with my paper on my lap, as I can not get my arms on the table.

I see some things in the newspapers that I do not believe and one of such things I have just seen in The Sentinel of May 23, the story headed "Pioneer Day Wheat May Produce in 1925." The story stated that the old building had stood there for 70 years or more.

The building was built about 70 years ago by Mr. Vaughn on the banks of Row river just southwest of where Charlie Conner lives and was the only grist mill in that part of Lane county and the other mill south of Springfield was the mill that your paper spoke of.

George Gilfrey, of Cloverdale, went with my father many times to both of those mills. All the flour we had those days was ground at one of those mills.

Mr. Vaughn ran his mill a long time on Row river and about 40 years ago tore it down and moved it to where it is now located and ran it as a grist mill for several years.

As to the building ever being used as a barn for stage horses, there never was a stage horse in that building. The last stage coach had made its last trip through the country before that building was put there. The stage stand in that part of Lane county was where Jim Hawley lives. The next one was at the Robinette place at Creswell.

I was in Lane county when all these things happened. Forty-five years ago now I was farming the land where the part of Cottage Grove south of Main street now stands and I hope to some day be back there if I can get well enough to get there, but am now able to be up only part of the time and have been that way for six months. Have not been able to dress or undress myself in that time.

I. H. VEATCH.

Rebekahs Elect.

The Rebekah lodge has elected the following officers: Elsie Curris, noble grand; Alice Conner, vice grand; Elizabeth Fuller, secretary; Susie Garoutte, treasurer.

Boys Give Blood to Save Associate

In order to help save the life of Lyle Little, one of their associates, a number of members of the Lions Club, an organization of boys, went to Eugene today to submit to a blood transfusion operation. Lyle has been lying between life and death for two weeks as the result of a burst appendix and has made a heroic fight for life in which his companions wish to help.

Several Sawmills Said to Be Coming to Operate in Fine Stand of Virgin Timber.

Complete success attended the demonstration on Sunday of the new "wooden railroad" being built from Horton to Junction City. Several hundred turned out to witness the initial public workout of the Arnold-Junction City-Horton Auto Rail company, which is incorporated at \$187,500, and plans to push its line back into the Lake creek country after completing it to Junction City.

Curves of 47 1/2 degrees, or enough to make a complete turn-around on a 20-foot radius, were negotiated easily by the rubber-tired engine and coaches on the eight-by-eight-inch wooden rails, it was said by O. K. Wright, of Portland, financial manager of the company. The rubber "hangs" to the wood and allows of much more traction on the curve than would steel, he pointed out.

The line will be completed in about four months, it is estimated. Then heavier equipment will be put on. The trains planned will handle 100,000 board feet of lumber each trip and will be able to make two or three trips daily. Freight for farmers along the route will also be hauled.

The line, which will be augmented later by spurs up Condon creek and other places, will tap a stand of timber conservatively estimated at four billion feet. The Bernard Lumber company, of Vancouver, is planning to install several 30,000 capacity mills along the route, Mr. Wright stated. Other millmen are negotiating for the timber with a view to starting plans, he said.

Mrs. Carl Volgamore Dies.

Mrs. Carl Volgamore, oldest daughter of Mr. and Mrs. Charles Teeters, of Dorena, died Tuesday at her home in Vancouver, Wash. The funeral was held this afternoon from the chapel, A. J. Adams, pastor of the Christian church, officiating. Interment was in the A. F. & M. I. O. O. F. cemetery.

Mollie Teeters was born April 25, 1896, in this city and lived in this section until her marriage to Carl Volgamore seven years ago.

Surviving relatives are the husband, three children, Jean, Esther and Carl Jr.; the parents, two grandmothers, Mrs. Anna Teeters and Mrs. Eliza McKibben, both of this city, and several aunts and uncles.

Walker Holds Graduation.

Graduation exercises at Walker high school were held Friday, 200 from the community, Cottage Grove and other points of the state being present. Mrs. Beck, of the University of Oregon, gave the commencement address, her subject being, "The Pay Steak."

Other numbers on the program were instrumental selections by "The Country Kids," vocal solo, "Roses of Peardy," by Roy Ortes, of the university, class history by Eleanor Nixon, class prophecy by Charles Cotter, class will by Mabel Lindsay, a sketch of Hamlet by Fina Beach and a paper, "The Value of an Education," by Reginald Haight.

The graduates are Eleanor Nixon, Fina Beach, Mabel Lindsay, Harry Benston, Reginald Haight and Charles Cotter.

To Attend 65th Reunion.

Several from here who were members of the famous fighting 65th regiment are planning to attend the annual reunion to be held Saturday in Portland. A banquet at the Multnomah hotel will be a feature and a fine program of entertainment for the veterans has been arranged. A large number from here and other parts of Lane county were members of this organization. George J. Willett has been delegated to arrange for attendance from here.

JUNCTION'S WOODEN RAILWAY IS DECLARED SUCCESS

Chestnut leaves from Cottage Grove have gone to Wendling to aid in the combating of an epidemic of whooping cough. A syrup made from the leaves is said to be a certain remedy.

The leaves were gathered and shipped by Miss Margaret Hemenway, who is home from the Eugene Bible university. She learned of the epidemic before her return here and volunteered to supply the chestnut leaves which were being sought and which are not common in this section.

STREET WORK IS STARTED

Washington Avenue Being Graded First for Use as Detour.

Work on Cottage Grove's street program started Tuesday, when grading was commenced on east Washington avenue. There is a fill on this street, as well as upon east Adams avenue, and the plan is to make the fills now and allow them to settle before the black top is laid. The contract for east Adams is to be let Monday. East Main street probably will be the first to be completed. The entire street program is to be completed within 90 days. The grading of Washington avenue first is necessary in order to provide a detour while the work on east Main is in progress. This avenue runs through the city park to the edge of the city limits, although that portion inside the park has never been opened. A small bridge will have to be built inside the park.

The contract for the construction of curbs has been sublet to Jack Conrad, of McMinnville. This work also will start at once.

Invitation Recital Given.

Miss Esther Sisby gave an invitation recital Wednesday afternoon for her pupils and their mothers. The affair was held at the B. E. Short home, which was prettily decorated. Following the recital, games were played in the basement, the weather being too moist to make use of the playground, as originally planned.

Piano numbers were given by Elaine Stover, Margaret Short, Burdick Trask, Richard Roberts, Alice Allison, Edith Leonard, June Wheeler, Dan Trask and Alene Knox. Vocal numbers were given by Miss Lola Godard, by Miss Miss Mary Ellen Benson, by a Ladies' quartet composed of Mrs. Short, Mrs. Cruson, Mrs. Matthews and Minnie Wilcox, and by Miss Kathleen Kem.

Whooping Cough Cure Sent from Here

Cottage Grove's 1925 chautauqua will open Monday afternoon. The big tent will be erected on the high school grounds as usual. A program has been arranged for this circuit by the Ellison-White system that is said to surpass anything of the kind ever before presented, while the price remains the same. There will be two plays, "The Mikado" and "Daddy Long Legs," a new feature that probably will insure an increased advance sale of tickets. There will be the usual lectures and entertainments, all of a high order.
