CITY EASE—Beyond the Car Lines

Even in the country you can have city cooking convenience. A good oil cook-stove's intense flame, fast as gas, is heat concentrated! That means a cool kitchen—and no fires to tend. Noiseless, simple, safe!

The kerosene to use should be the highest grade only—Pearl Oil—especially refined and re-refined for use in oil cookstoves and heaters; Pearl Oil burns clean—no smoke—no odor—the air stays sweet and pure. Pearl Oil won't corrode the metal parts of your oil cookstove.

"Kerosene" or "coal oil" may mean any kind of kerosene; insist on Pearl Oil—by name!
