Look Out for Self Poisoning

Neglect of the liver results in self poisoning! Not so quickly, perhaps, but just as surely as if you drank poison out of a bottle. If you liver is not doing its work of helping digestion, eliminating waste from the bowels and purifying the blood, you will always be troubled with sick headaches, nausea, biliousness, bad breath, gas, sour stomach, or constipation.

Cleanse and tone your liver! Put your system in condition so you feel your very best again! Try just a spoonful of Dr. H. S. Thacher's excellent Liver and Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep, look and feel—the return of strength, vigor and energy. You will be completely satisfied; otherwise there will be no cost. Dr. Thacher's Liver and Blood Syrup is sold and recommended by Kem's for Drugs and all other leading druggists.

Beaulieu & Harrel Quality at Low Cost

IS A PEACOCK ashamed of HIS LEGS?

If not, why, when he looks at his legs, does he always lower his tail? Medieval nature-fakers puzzled over this and other entertaining superstitions. Today we know better, and we are fast getting away from other popular superstitions, as, for instance, that there is something mysteriously "better" about "eastern" motor oils merely because they cost more and are made in the east.

Superstitions Pass—the Facts Prove Zerolene's Superiority As a matter of fact, there is no better motor oil than Zerolene, which is produced right here on the Pacific Coast from selected western naphthenic base crude, refined by this Company's patented high-vacuum process, and submitted to 15 positive checks for quality.

Experienced Automobile Men Disregard Oil Superstition Experienced automobile men pay no tribute to superstition—they gauge a lubricant not by price or where it comes from—but by car performance and low maintenance costs. Zerolene is not only successfully lubricating more cars in the Pacific Coast states than any other oil made;—it is used and recommended by automobile agencies and big users of such celebrated makes as Cadillac, Chrysler, Dodge, Lincoln, Packard, Pierce-Arrow, who know that true motor oil economy is not a matter of price per quart, but what the lubricant does.

Less Carbon—More Power Zerolene will improve the gasoline mileage, reduce carbon removal operations and lengthen the life of your car. Why pay tribute to a superstition? Insist on Zerolene—ask for it by name.

Get the Facts! A series of independent and impartial reports showing the experience of large users with Zerolene motor oil has been collected in our booklet, "Why Pay Tribute to a Superstition?" Ask any Standard Oil Company representative or Zerolene dealer for a copy.
