Cheap Six Car Is On Market

Dealers Say That It Is to Be
Forerunner of New Low
Priced Schedule.

A new six-cylinder motor car which, because of a preliminary announcement several weeks ago, will be the object of attention from thousands all over the west, is scheduled for announcement this week.

This car of which its dealers say it will be the forerunner of a new low price schedule in six-cylinder motor car production, is being awaited with eager interest.

Requesting that the name of the car be withheld until the actual announcement, the local dealer for this car is making preparations to show it to hundreds of motorists. He would not discuss details of the new creation, although he stated he had ridden in and driven the car already, and that it would set a new value basis for cars in the six cylinder, low price class, both mechanically and in appearance.

"I know that details are wanted," he said. "However, nothing I can say will exactly satisfy the curious, and we prefer to make an announcement of the new car and extend an invitation to see it, and ride in it when the cars are actually here."

"This new car has been the subject of discussion for several months in the auto trades, when news first leaked out in manufacturing circles that it was built. Then came the news that it would be a six-cylinder car, and later that its price would be extremely low. I am sure I could say nothing but what would detract from the cars themselves. I do know, however, that motorists who see and ride in them will see the new standard of values these cars will set."

"We expect the announcement to bring in thousands to see the new cars, and we know that they are revolutionary enough to warrant every bit of the interest that has been displayed in them up to the present time. They set a new standard for manufacturers to shoot at."

One of the favorite sports of Star owners also Star dealers is that of breaking hill-climbing records according to H. W. Curtis, director of sales for the Durant Motor company of California.

"Every day we receive many interesting accounts of some new hill climbing record that has been set up either by an individual or a dealer. Most of the records are real tests, and few if any cars in the Star class could come anywhere near duplicating the performance."

of the powerful million dollar motor," said Curtis.

"We are glad that our owners are taking as much interest as they are in the Star car. It is through their efforts that we sell more cars. If the owner is satisfied he tells his friends and the friends tell somebody else."

"The real foundation of our business has been the many satisfied owners. For this reason we have been able to show a healthy sales increase each and every month during the year 1925."

Dedication of Bridge Postponed.

Official dedication of the Harrisburg bridge will be held some time in April or later in the spring and the state highway commission will cooperate in the ceremonies, is the announcement of those in charge. It was deemed best to postpone the dedication until spring.

Get At The Cause!

Many Cottage Grove Folks Are Showing How to Avoid Needless Suffering.

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions. Night and day alike, the sufferer is tormented and what with the burning and scalding, the attendant backache, headache and dizziness, life is indeed a burden. Doan's Pills—a stimulant diuretic to the kidneys—have brought peace and comfort to many Cottage Grove people. Profit by this Cottage Grove resident's experience:

Mrs. M. Kehlbeck, Birch and J Sts., says: "I was subject to kidney weakness for a long time and never found anything that helped me until I began using Doan's Pills. I used Doan's occasionally and they kept me free from all kidney ailments."

OVER SEVEN YEARS LATER, Mrs. Kehlbeck said: "I always recommend Doan's for they put my kidneys in good order."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Kehlbeck had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

NOTICE OF SALE OF GOVERNMENT TIMBER.

WASHINGTON, D. C., Nov. 21, 1925.

Notice is hereby given that subject to the conditions and limitations of the acts of June 9, 1916 (39 Stat., 218), February 26, 1919 (40 Stat., 1179), and June 4, 1920 (41 Stat., 738), and pursuant to departmental regulations of April 14, 1924 (39 L. D., 374), the timber on the following lands will be sold Jan. 18, 1926, at 10 o'clock a. m. at public auction at the U. S. land office at Roseburg, Oregon, to the highest bidder at not less than the appraised value as shown by this notice, sale to be subject to the approval of the Secretary of the Interior. The purchase price, with an additional sum of one-fifth of one per cent thereof being commissions allowed, must be deposited at time of sale, money to be returned if sale is not approved, otherwise patent will issue for the timber, which must be removed within ten years. Bids will be received from citizens of the United States, associations of such citizens and corporations organized under the laws of the United States or any state, territory, or district thereof only. Upon application of a qualified purchaser, the timber on any legal subdivision will be offered separately before being included in any offer of a larger unit. The Telephone's Inheritance

IN its material equipment the telephone was born poor. The art of telephony inherited little from older branches of the art of communications that could help its technical progress toward its destiny of usefulness. There was a spiritual heritage, however, for the telephone worker was heir to the tradition that had grown with the years among those who undertook to transmit or transport the words of men.

The message must go through! Greek runner, Roman courier, King's messenger, and Pony Ex-

press rider, sped to their distant goals self-urged by a consciousness that human need was being served. At the switchboard or telegraph key, in the mail car or airplane, the manifestation of this urge is ever present.

Telephone service by its very nature inherits this Spirit of Communication. For the men and women who comprise the organization that is today responsible for the delivery of 50,000,000 messages a day, it is the endowment with which their service began.
