105 Degrees Probably Is Record Here

What probably was the greatest heat ever known here was recorded Saturday when the thermometer hit 105. Yesterday it dropped to 97. The bright sunshine is just what the Buster Keaton company want in the filming of their picture here, but those who have to wear tight fitting army uniforms and the heavy dresses of Civil war days are having a sweltering time of it.

Motorcycle Record Is Made.

Two new world's records were recently established by the Toronto Motorcycle club of Toronto, Canada, in testing a Harley-Davidson single cylinder motorcycle, according to Harry Rentle, local Harley-Davidson dealer. The motorcycle was run for 12 days and nights without stopping. It traveled 7,344 miles and averaged exactly 85 miles to the gallon of gasoline. The previous world's records for a test of this sort were 6,213.7 miles and an average of 82.02 miles to the gallon.

May Wish to Change Mind.

Mrs. Buster Keaton, after returning from California, where she was called by the illness of her mother, Mrs. Talmadge, said she was glad to get back here where it wasn't as hot as in California. The weather of the past few days may cause her to change her mind and the only reason she may have to be glad to be back may be to be with Buster. Mrs. Talmadge, mother of several screen stars, has recovered from her illness.

Mill Owners Are Fined.

R. Kerr and J. Kerr, father and son, were fined \$25 and costs in Justice of Peace Young's court Friday when they entered pleas of guilty to operating a sawmill without proper fire protection.

The men were arrested at their mill site on Row river by Frank M. Rooker, field inspector for the state board of forestry.

Deer Killer Is Fined \$50.

W. L. Burch of Lorane, charged with killing a deer out of season, was fined \$50 Thursday by Justice of Peace Young. The deer which Burch was charged with killing was a pet of the C. C. Davis family of Lorane. Deputy Game Warden E. N. Cruson found on the Burch property what he alleged to be parts of the carcass.
