Announcement!

To Gasoline Users of Cottage Grove and Vicinity

We take pleasure in announcing that we are now ready to serve Lubricating Gasoline to the car owners of Cottage Grove. Look for our sign and give lubricating Gasoline a trial.

LUBRICATING GASOLINE

Is a Scientific Petroleum Product—A Food for the Combustion Chamber
No Carbon—Greater Mileage—A Cool Motor

Lubricating Gasoline Lubricates

By the lubrication of machinery we reduce friction; by the reduction of friction we reduce the amount of power necessary to propel the machine—and can therefore reduce the amount of fuel necessary to produce sufficient power; hence an increase in mileage with a saving of fuel.

By the use of LUBRICATING GASOLINE the carbon is removed from the cylinders, eliminating the sticking, burning and pitting of valves, excessive wear on pistons and scored cylinders. With the

elimination of carbon you have done away with the excessive heat and pre-ignition.

It is proved by actual test that you cannot boil the water in your radiator while using LUBRICATING GASOLINE.

Drive in to our station and have your gasoline tank filled with a superior gasoline.

IT COSTS NO MORE THAN ORDINARY GASOLINE.

Lubricating Gasoline is being sold by over thirty of the largest garages and service stations in the city of Portland at the present time
