Red Cross Roll Call Friday and Saturday

The annual Red Cross roll call for Cottage Grove will be held Friday and Saturday by the local branch and booths will be maintained at which subscriptions will be taken, according to plans announced by Duncan P. Cameron, chairman. A booth will be placed at the Arcade theater Friday night and three booths will be located on Main street Saturday.

The local branch has spent much money in local welfare work, officers state, and to maintain its service must secure additional means.

"Fifty per cent of all money collected will remain here, Pastor Cameron stated, and the balance will be divided between the national treasury and the county chapter.

"It is the earnest desire of the local branch that every one realize his opportunity and contribute to this great philanthropic organization. The quota aimed at is \$625 and in order to reach the desired goal, everyone must do his part."

Chrysler Model Numbers Mean Miles per Hour.

**CHRYSLER
"50"**

Built As Only Chrysler Builds

If you will picture the Chrysler "50" on the one hand, and the only four other four-cylinder cars of large production on the other, the amazing difference between them will make your choice an astonishingly simple matter. In full size, family roominess; in beauty of appearance and economy, you will need no one to point out to you that the Chrysler "50" is quite alone in its field—that there is really no comparison in value.

The Chrysler plan of Quality Standardization differs from, and is superior to, ordinary manufacturing practice and methods, because it demands fixed and inflexible quality standards which enforce the same scrupulously close limits—the same rigid rule of engineering exactness—the same absolute accuracy and precision of alignment and assemblage—in the measurement, the machining and the manufacturing of every part, practice and process in four lines of Chrysler cars—"50", "60", "70" and Imperial "80"—so that each individual car shall be the Supreme Value in its own class.
