National Banks

Are the safest places to bank, for the United States laws, as well as most rigid government supervision, make them so. In what kind of dope or mental commodity are you now investing your spare change? Better bring it to "The Old Reliable" where it will be perfectly safe and promptly repaid you with interest.

This Is a Fact, Not Hot Air

**The First National Bank
Of Cottage Grove****FEATURES PLUS—**

the reason why the Chrysler "60" stands out so unmistakably alone and in contrast with other values in the light-six field.

When you place the Chrysler "60" alongside of the ordinary six you will instantly recognize why any attempt to compare it "feature" against "feature" is in vain.

At once you have overwhelming evidence that the Chrysler "60" not only excels in the mere number of "features" but even more particularly in the quality of those "features."

For the Chrysler "60" has finely balanced seven-bearing crankshaft, impulse neutralizer, oil-filter, air-cleaner, Chrysler four-wheel hydraulic brakes, full pressure lubrication, manifold heat control and road levelizers, combined with matchless beauty and superb appearance. But the Chrysler "60" offers you these "features" plus the matchless performance, dependability and long life that are inevitably built into every Chrysler—and to a degree far beyond that found in this price class due to the unique Chrysler plan of quality standardization. The model number "60" means that this car is built as if required to give its maximum performance for every mile and minute of its life.

It is for this reason, even more than for its marked excellence in "features", that the Chrysler "60" is recognized as beyond comparison with any other car of its type and price—unmistakably supreme in the light-six field.
