

# IF YOU CAN'T BUY IT IN COTTAGE GROVE SIXTEEN BEST REASONS Why It Will Pay You to Trade in Eugene, Ore.

## CHASE COMPANY

The reputation of the Chase Company is such that work has been done at many points outside of Eugene, including buildings at Newport, Toledo, Marcola and Cottage Grove. In Eugene the larger jobs have been the Pacific Christian hospital, Eugene hotel and the new basket ball pavilion recently completed for the University of Oregon.

The firm is headed by P. S. Chase, who has had considerable experience over a period of years. The business was established five years ago at 971 Oak street as Chase & Lesley. Due to increased business which required double the floor space it was moved two years ago to its present location. The firm does a volume of business comparable with that done by any shop in the valley outside of Portland and has built up a reputation for quality work, especially on large heating installations. From seven to nine men are employed, representing a pay roll of \$350 weekly.

## 16 Best Reasons for Trading in Eugene

Taxes paid by stores, business houses and industries in Portland or back in some eastern city do not relieve the taxpayer in Lane county, but taxes paid by Eugene stores, business houses and industries do reduce the amounts that otherwise would be paid by taxpayers over the county.

When you can't get at home the piece of merchandise you want, or the service you want, you will still be building up the county tax roll by making your purchases from those advertising on this page.

A successful business or industry in Eugene benefits in some degree every taxpayer of the county and quite frequently employs men and women from over the county or makes purchases over the county, creating a market for products of other sections of the county.

Interest in county tax rolls should follow interest in city tax rolls.

## Third Reason Why—You Should Wear ARCH PRESERVER SHOES

It has a flat innersole (crosswise) giving you a correct walking base.

## CHASE CO.

Plumbing—Heating—Sheet Metal

THE THREE WISE MEN—

- 1—He who builds and in the best possible manner of construction.
- 2—He who is willing to build well and to pay for good work, with the added assurance of a responsible firm doing the work.
- 3—He who is not always sacrificing quality and good workmanship for the temporary factor of price, which often results in unsatisfactory work.
