Fair Dates Are Planned For Best of Weather

Boys' and Girls' Club Work
and Untracked Horses
to Be Features.

The Lane county fair has been placed on dates this year which it is believed will insure good weather, August 30 to September 2. This date will be late enough, however, to allow for a good display of most agricultural products. Much interest is being shown and the exhibits probably will be more complete than usual.

One of the biggest departments will be that of boys' and girls' club work. There are over 1,200 members of the various clubs of the county and the greater part of this membership has been interested in one way or another in fair exhibits.

The program of free attractions is to be greater than ever before. The racing will be limited to running events but will be full of interest. Inducements are being offered to untracked horses of Lane county.

100 ENJOY SWIMMING POOL ON WEDNESDAY

A record attendance at the playground swimming pool was set Wednesday when 100 children attended. Average attendance up to now has been 80.

Children who are enrolled in the life saving class are starting to take the American Red Cross life saving tests, which are held at the river under the supervision of Miss Margery Horton, instructor. While the tests are being given the swimming pool will not be open for use until 11 o'clock instead of 10:30.

Ten women are enrolled in the special class given by Miss Horton and several more are expected to join. The class also will be held Friday afternoons, making the hours 4:30 to 5:30 Mondays, Wednesdays and Fridays.

Interest in the regular playground work continues and the basketball class will complete its work this week.

NEW MODELS! VERBAL AND OTHERWISE!

To those of you who have perhaps harbored a suspicion that Willys-Overland would soon announce 1928 models, we give this last gentle reminder: "There will be no 1928 models—the present line is still 'a year ahead,' and will be a year ahead of the '1928 offerings.' We have been 1928 models since Jan. 1, 1927. Our slogan: 'The Whippet now a year old and still a year ahead.'"

Willys-Overland does not build yearly models, but aims to keep its products abreast or in advance of the general trend in motor cars. New developments are incorporated when they are brought out, if they are found to actually improve the cars.
