

Automobiles kill 14,000 persons each year, which is at the rate of 38 every day

\$7500 TRAVEL ACCIDENT POLICY For One Year **\$1**

What would happen in YOUR family if you or the breadwinner should be injured or killed? Could your family meet the heavy expense of prolonged illness—when the money is all outgoing and there is none incoming?

Every 40 minutes someone somewhere in the United States is injured in an automobile crash. No one knows who will be next.

Automobile accidents are only one way in which you might be injured—there are street cars, trains, boats, taxicabs, elevators, falling building walls, all often causes of serious accidents.

Remember this policy protects you for \$1000 riding in or driving your own auto or riding with any one else and walking across the streets or highways anywhere in the United States or Canada.

Yamhill County Claims Paid:
