Trapped by Her Past!

RECENTLY an actress, who a few years ago was popular on Broadway, submitted to True Story Magazine a most startling story. It told why she had left the stage at the height of her career never to be seen upon the boards again.

It was a tale of dread and terror as each night she swayed her thousands to smiles or tears, her eyes, masking the agony in her soul, were seeking, always seeking among the audience, the one man in the world who had the power to drag her down from the pinnacle of success to the ignominy of defeat. Deep in her heart she knew that some day he would come, and that when he did her career would end.

June

True Story

At All Newsstands—only 25c

And so when one night she received a note from a man in the audience who was awaiting her reply, she realized the time had come to settle her account with fate.

Her story entitled "Trapped by My Past," appears in True Story for June. With nothing hidden, nothing omitted she has put into it all the fire that perhaps once held you spellbound across the footlights. Maybe as you read it you will recognize her. If so you will then know the answer to a question you have probably asked yourself many times.

SKAGGS SAFEWAY STORES

Distribution Without Waste

West's Largest Food Concern

The Skaggs-Safeway Stores distribute more foods West of the Mississippi River than any other concern. Our annual sales will now be in excess of \$6,000,000, the fourth largest in the United States. We have stores and markets in most of the towns and cities from Denver west and from Canada to Mexico, a total at the moment of almost 1200.

Our operating costs and gross profits are admittedly the lowest of any similar concern in the United States. We take almost a third less gross profit than the average grocery store gets.

We operate on a plan of profit-sharing with our employees which has caused the Western business world to marvel. We have thousands of highly trained, earnest, sincere and enthusiastic people, whose willingness and efficiency make it possible for us to sell foods on such a small margin of profit.

In most instances we go direct to the manufacturer or producer for our goods, eliminating several profits and overheads which the average dealer must pay and is reflected in the prices he charges you.

Every article we sell is fully guaranteed. Your money will be cheerfully refunded if anything bought at our stores is not fully satisfactory.

All of these things enables us to consistently offer you greater savings than is possible under any other system. Add to these savings the incalculable value of the service rendered by the Safeway Man and you will readily understand why Safeway Stores are incomparably better places at which to buy foods.
