DUNLOP CITY

Throughout the world the productive Dunlop properties cover so vast an area that—if combined into one place—they would form a "Dunlop City" of over 100,000 acres.

WITH all its vast area, Washington, D.C., occupies but 39,680 acres.

Preference for Dunlop Tires has caused Dunlop to grow so that now, including the greatest of all Dunlop plants at Buffalo, N. Y., Dunlop occupies a productive area of over 100,000 acres. Over 22,000,000 Dunlop Tires are now running. The service that they give is both the cause and result of Dunlop's magnitude.

Tallyrand said, "There is one person wiser than Anybody, and that is Everybody." Practically everybody agrees that Dunlop Tires are best. Put them on your car and prove it to yourself.
