Oath of Office Given Across Stream

John Maurer of McKenzie
bridge, who was elected clerk of
the school district there a few
days ago, was sworn in in a unique
manner.

The newly elected official not
being present at the meeting when
elected, Clarence and Arthur Bel-
knap, directors, set out to find
him in order to administer the
oath. They had heard he was out
fishing. They located him after
several hours' search but he was
on the opposite side of the creek.

A crossing could not be effected
and one of the Belknap brothers,
who is chairman of the board,
shouted the words of the oath, al-
most drowned out by the roar of
the stream, across the waters, and
Mr. Maurer, with uplifted hand,
shouted back that he "solemnly
swore."

Mr. Maurer went back to his
fishing and the Belknap brothers,
since they had performed their of-
ficial duty, returned to their
homes.

Look for the Branding

MANY buy Swift's Premium Bacon in cartons
because identification of the genuine is certain.

Now you may purchase Premium Ham or
Premium Bacon with equal assurance.

In addition to the name branded on the rind,
a new method of branding the name "Swift" in
dots down the side of the ham or bacon makes
identification of even the smallest purchase easy.
This branding resembles the rich brown color
of the broiled ham or bacon.

Now you know the genuine

*When it is being sliced by the dealer
After it is sliced and on display
When it is delivered to your home.*
