The locals showed good basketball form against the visitors and early took the lead in scoring. Drain is making an effort to secure a return game.

Springfield high defeated the locals 18 to 16 Friday night on the local floor in one of the most exciting games of the season. The score at half time was 15 to 5 in favor of Springfield. In the second half Cottage Grove made a strong bid for winning, scoring 11 points to 5 for Springfield. The locals were within two points of a tie when the final whistle blew. Cottage Grove will play Eugene high here Friday night.

Sawmill Will Resume. It is expected that J. H. Chambers & Son will resume operations Monday following a several weeks' shutdown. A crew of men have been working on the logging road of the company which was blocked by slides on one of the big fills. Until the road was cleared it was impossible to bring the logs to the sawmill here. The company plans to reopen the camps early in the week also.

Gasoline Drops Four Cents Here. Motorists are enjoying a four cent drop in the gallon reduction on gasoline in this city as the result of a rate war between the big oil companies. The Standard Oil company, the Shell Oil company, the General Petroleum company, the Union Oil company, the Associated Oil company and the Richfield Oil company have all lowered their prices. Gasoline is now selling here at 20 cents the gallon. The belief has been expressed that the cut rate war will not last long.

## LANE LEGISLATOR SPEAKER CANDIDATE

Representative Howard Plans to Seek House Leadership in Two Years.

(By ELBERT BEDE.)

STATE CAPITOL, Salem, Ore., Feb. 19.—Liam Howard expects to have a speaker candidate two years from now in the party position of Representative Emmett Howard. Of course there is the little formality of reelection, but a prominent candidate never yet defeated for reelection so far as I know.

The other two house members of the Lane delegation, Representatives Potter and McCready, are understood to be pleased to see Representative Howard of Multnomah county, who has been an outstanding candidate for the position for two sessions. However, the Lane members, when pledging their votes, did not know Howard was to be a candidate and may ask to be released. Neither Potter nor McCready has announced that he will be a candidate two years from now, and a new member would not be bound, even morally, by promises made by members of this session. Multnomah county feels entitled to the speakership at the next session, as there have been three speakers from up-state, Burdick, Carlin and Hamilton, since Multnomah county was honored.

Representative Hazlett of Hood River also expects to be a candidate.

It is understood that Lomenzan has 15 pledged votes, but of this number Howard has practically decided not to try to return.

Candidates are not developing as rapidly in the senate, but there are several senators who believe the presiding officer's job should go to the body of the legislature, who has come within one or two votes in past sessions and withdrew at this session in favor of Norblad. It is understood that Senator Fred Kiddle, of eastern Oregon, who directed the Hooper primary campaign in the state and Senator Marks of Albany are willing to get out where the lightning can strike them.

County Judge Barnard and County Commissioner Crowe, who got two of the Carlin bills, one to provide that each county shall be a single road district, and one to do some dental work on the local budget law, taken yesterday morning, were successful in getting amendments made that are satisfactory to them. The bill will not again get onto the calendar for a day or so.

The objections were that Lane can't operate under the single road district plan and that the teeth to be put into the budget bill were too sharp for economical and efficient conduct of county business.

Senator Bell of Linn and Lane was given credit for making the best speech of several made to defeat the senate card and billiard room bill that would have made restrictions that might have made the business the most regulated in the state. Senator Bailey also spoke against the bill. There was so much sentiment for the bill, the object of which was to prevent little things from killing the two businesses, that it came from committee with a majority report for passage. It was defeated on a minority report that it do not pass and was indefinitely postponed.

Senator Bell pointed out that gambling can be prevented by the method the bill proposed and that there is more gambling on the golf links and in various forms of sport than in card and billiard rooms.

McCready's bill to increase the salary of the state school superintendent to \$5,000 passed the house today with a bare constitutional majority of 31. The state superintendent is C. A. Howard, well known in Lane county as an educator. Potter voted with McCready and Howard against the rise.

The Lane senate delegation was divided on reforestation, one of the main issues of the session, and the first piece of big legislation to pass both houses. Bailey voted favorably and Bell in opposition.

## Junior Ball League Legion Posts Plan

Fred Bennett, Pete Nelson and Jack Miller represented Calvin Funk post of the American Legion at a meeting of the Willamette council in Monroe last night. The men report an attendance of more than 90 members.

A banquet was served at 7 o'clock and the Monroe Legion auxiliary entertained with a comic show at the "How to Keep a Husband at Home."

At the business session of the council it was decided to sponsor the Junior Baseball league being fostered by the Pacific coast baseball league. The arrangement is that each post in the seven districts of the state will organize a junior team. An elimination schedule will be run in each district with the winning team from each district meeting in Portland to play for the state championship.

A fund of \$25,000 is set aside by the Pacific coast league to finance the movement and the local post is one of 12 posts in this district which will organize a team to compete in the league.

The next meeting of the Willamette council will be held in Lebanon Wednesday, March 27. The date was changed so it would not come the same week as the dedication of the veterans' hospital, in Portland, March 18. All posts of the state will be represented at the dedication and those having drum corps will send them to add to the delegation. A number from here are planning to attend.

Reliable Cleaners to Open. The Reliable Cleaners plant, which was scheduled to have opened February 1, will open March 4. J. H. Law is manager of the plant which is located at 824 west Main street. All equipment is installed and ready for operation.

## Pledges to Community Chest Total Over \$1200

240 Persons Helped in 1928; Reports Show Less Call for Assistance.

Cash and pledges to the community chest for work of the year totaled \$1205, according to a check just completed by officers of the chest organization. The drive was started in November and the budget included provision for the following: Children's farm home, \$75; Salvation Army, \$50; American Red Cross, \$100; boy scouts, Pacific Protective and Rescue home, \$75; near east relief, \$25; welfare work, \$600.

A total of 278 persons and firms subscribed to the community chest in the past drive for funds. The average pledge in the business section was \$7.21 and the average pledge, taking the city as a whole, was \$4.39. Organizations of the city pledged \$125 of the total.

Since the first of the year the community chest has given out a large supply of clothing and has also secured positions for several for whom the chest organization would have had to care otherwise. In spite of the forecast there has not been as much real suffering and need for help this winter as there was last, chest workers say. This is attributed to the fact that mill workers moved away with the closing down of sawmill plants, reducing the number needing help as a result of job shortness.

In 1928, 240 individuals were aided by the chest. Taking an average of three to a family, this would mean that 80 families were given help. Approximately \$600 was expended in welfare work of this kind by the chest.

## FORWARD STEP PRAISED AT C. OF C. LUNCHEON

At the chamber of commerce luncheon Tuesday the club voted an expression of appreciation to W. M. Morelock, owner of the Arcade theater, for installing the Vitaphone primary. The Arcade will be one of 1200 theaters out of the 67,000 in the United States to have Vitaphone equipment. Mr. Morelock is installing this modern device at an expense of \$12,000 and the chamber of commerce counts it a move toward keeping Cottage Grove in the class of the more modern cities of the country. The chamber of commerce and the Lions club, two civic organizations, have reserved seats and will attend the opening show in a body.

Joe Smith, a delegate to the freight rate hearing at Roseburg two weeks ago, continued his report of this meeting.

The local chamber will be represented at the meeting this evening in Eugene of the Lane county chamber of commerce. This will be the last of five winter meetings held in Eugene. Beginning in March the meetings will be again held in various localities in the county.

Many Cougars Killed. The state game commission reports the killing of more than 30 cougars in the state since January 1. The cold wave of the past few weeks has driven the deer down to the lower levels of the mountains and they were followed by the cougars. Hunters have had little success in killing them in the more open country.

City Treasury Enriched. Fines assessed by the city police court recently have enriched the city treasury more than \$100. The following fines were assessed: Everett Brown, \$2, motor running; E. M. Dolby, \$7.50, peddling without a license; Walter Jepsen, \$50, liquor law violation; John Doe, \$50, liquor law violation; J. S. Lawson, \$5, peddling; Jack Beck, \$25, drunkennes; L. C. Boegli, \$2, traffic violation; Harry Williams, \$2, traffic violation; John Doe, \$2, traffic violation; Worth Harvey, \$2, motor running; John Doe, \$5, peddling.

## George Washington Stood Well With His Bankers

In the days of the Father of His Country banking had developed but a small way toward its present importance in the affairs of the world, but it is easy to believe that Washington, careful and shrewd business man that he was, was careful in his affairs with his banker and took pains to have a good-sized banking account and good credit. You can do no better than follow his notable example.
