

Forty million gallons of denatured alcohol are used during the winter season as an anti-freeze, according to the Oregon State Motor association.

A small bottle of ammonia is useful on a desk. One dip makes the pen as bright as new. This is especially helpful to those who use various colors of ink.

New Kinds of Salts Taking Country By Storm

They Revitalize the System—Induce Youthful Activity—Keep Body in Splendid Condition—Free From Fat.

It doesn't take long for Americans to wake up to a good thing—only a few months ago Kruschen Salts were introduced into this country and the welcome news of their superior goodness and swift rejuvenating power traveled so fast that at one time the supply was many carloads behind the demand. All of which goes to prove that Americans know good salts when they take them and want their friends to benefit also. Kruschen Salts are taken for their health building value all over the world—they are the largest selling medicinal salts in Great Britain today. Kruschen Salts are different from other salts—Kruschen is six salts in one—the very same six salts that nature put into the human body at the beginning of creation and demands you keep them there or your health won't be as good as it should be. Unlike most salts Kruschen isn't simply a laxative—if that's all you

want any old kind of salts with any kind of a label will do—but it is that all you want? When you take Kruschen Salts you not only stimulate your bowels, liver and kidneys to function naturally and perfectly, but you supply every internal organ, gland, nerve and fiber in the body with nature's own revitalizing and rejuvenating minerals. A bottle of Kruschen Salts that lasts 4 weeks costs but 85c at Cottage Grove Pharmacy—or any drug store in America—take one half a teaspoon in a glass of hot water every morning before breakfast—in just a few days indolence changes to activity and life grows brighter. Before the bottle is empty you'll feel years younger—eyes will brighten—step grow sprightlier—nerves steadier—you'll sleep sound, enjoy your meals and after a hard day's work you'll be ready for wholesome recreation—only one million Americans know all this—ask your druggist.

SOCIETY

Basque Peace Officers Kept Reasonably Busy

Unique in the miquletto. Everywhere in Spain, from the gates of the royal palace in Madrid out to the remotest, humblest hamlets, the tax-gatherers have the right of way—except in the Basque province of Guipuzcoa. The Basques have their own police, called miquletos, who wear a jaunty uniform of baggy red trousers, a blue tunic with a cape fixed to the shoulders and a red bolero on their heads (a contrast to the civil guards' yellow trappings and gray or black uniforms and shiny cocked hats, triangular and of alskin). Although a soldier, armed and trained as such, the miquletto, instead of parading about in idleness, has many civilian duties. He carries all the official mail in the province, conveys lunatics to the modern asylum, inspects the roads, teaches the illiterate to read and write, collects telephone tolls and also taxes. A Basque is always ready with a bet, which is the common way of ending a dispute about handball, free felling, grass mowing, steeple climbing, swimming, about what weight his pair of oxen will drag or the fighting powers of a ram from his herd. On every bet a percentage is due and is collected by the miquletto. It is the miquletto also who takes charge of the savings bank accounts, and so great is the confidence he inspires among the peasantry that old and young hand over their hard-earned reales and pesetas to his red-leather cap to be pres- tige! Indeed it has been proposed that the League of Nations study the corps with a view to making it a world organization.

Kepters of the Den at their benefit card party last Thursday night in Phillips hall cleared \$52.50 for their city playground fund. Fourteen tables of bridge were in play. Mrs. C. E. Frost held high score for the women and H. K. Metcalf for the men. Mrs. C. J. Kem held second high for the women and William Thum for the men. The room was attractive with Oregon grape, pussywillows and shaded lamps. Dainty refreshments were served. Mrs. W. A. Garoutte was general chairman.

The Presbyterian missionary society met Wednesday afternoon at the home of Mrs. Charles Reidler for a 1 o'clock covered dish luncheon. The afternoon was spent reviewing the society's study book, "The Crowded Way," those doing the review being Mrs. L. W. Colner, Mrs. George Matthews, Mrs. Hansen, Mrs. Bert Trask, Mrs. W. W. Shofstall and Mrs. O. W. Blackmore.

The women's foreign missionary society of the Methodist church was entertained Wednesday afternoon at the home of Mrs. Clarence Combs. Mrs. N. E. Combs, the leader. Mrs. Harry Hart led devotional and Mrs. S. L. Mackin and Mrs. S. J. Leonard each gave a talk on a missionary topic. Plans were completed for a baked ham dinner which will be held at the Methodist church Tuesday evening.

Mrs. E. C. Shay, Mrs. Victor Shaw, Mrs. Alice Miller and Mrs. W. C. Sheets were hostesses to the Mazpah class Tuesday night in the Presbyterian church parlors. Mrs. A. W. Shofstall was honored guest and received a number of attractive gifts. A business session was held and this was followed by a social session. St. Patrick games were played and St. Patrick refreshments were served.

La Mercedi Pont club was entertained Wednesday afternoon at the home of Mrs. J. G. Denny. The afternoon was spent playing bridge and Mrs. George Hewitt held high score and Mrs. Ivana Sama low. The rooms were attractive with daffodils and potted plants. A dainty two-course luncheon was served. The club will meet in two weeks with Mrs. Fred Anderson.

Mrs. Herbert W. Lombard entertained Tuesday afternoon with a 1 o'clock luncheon for the Tuesday Bridge club, having as additional guests Mrs. W. M. MacGibbon and Mrs. W. J. Moyer. At cards Mrs. Lombard held high score. Spring flowers were attractive room decorations.

Honoring Mrs. A. W. Shofstall, Mrs. Georg Bjorset and Mrs. Ira Isom entertained a group of women Saturday afternoon at the home of Mrs. Bjorset. A pleasant social afternoon was spent with sewing and Mrs. Shofstall was given a gift. Dainty refreshments were served.

Mrs. T. M. Boyd, Mrs. Emma Doolittle, Mrs. Coffman and Mrs. Henry Bennett were hostesses Wednesday afternoon at the Christian church parlors for the regular monthly business meeting and social afternoon of the ladies' aid society.

Mrs. Georg Bjorset entertained Tuesday of last week with a party for a group of little folks, honoring her daughter Dorris Anagot on her fifth birthday anniversary. The afternoon was spent playing games and delicious refreshments were served.

A group of neighbors gave a surprise party Tuesday night for Mrs. Ed Adams, the occasion being her birthday anniversary. A pleasant social evening was enjoyed and refreshments were served.

The Constellation club will hold its annual benefit card party at 7:45 tonight in Masonic hall. Proceeds will be used to buy furnishings for the dining room. The club is meeting this afternoon in the hall.

The Past Matrons' club will be entertained Monday afternoon at the home of Mrs. C. A. Beldier, with Mrs. Andrew Brund and Mrs. Beldier as hostesses.

The LaComus club will meet Tuesday afternoon with Mrs. C. J. Kem, instead of with Mrs. H. E. Griggs as previously announced.

First Spring Flowers Found. Thelma, Ellis and George Skidmore of Curtin, grandchildren of Mrs. Phoebe Lamson of this city, won second prize in a contest for early spring flowers held by the Eugene Register. The children sent a group of three trillium. The three children are aged 9, 8 and 6 years respectively and their entry was only a day later than the first Lane county trillium. As no records are available showing when first spring flowers were found in previous years, comparisons can not be made.

Sunday School Class Takes Hike. A junior Sunday school class of boys of the Presbyterian church under the leadership of their teacher, Rev. W. McGee, held an all-day hike last Saturday. The route measured eight miles but the boys covered about twice that distance. The first stop was to drink from a cold mountain spring and the next was a hearty lunch of sandwiches, roasted wieners and other goodies. The time around the camp fire was spent telling jokes.

Falling in Love a Disease. A scientist has discovered that falling in love is a disease whose victims are just as much at its mercy as are the pneumonia patients in a hospital. This discovery had often been suspected by parents in their dealings with John and Mary, of the Impassionable age.

SOCIETY

France First Country to Organize Zouaves

Zouave is the name of a tribe of Berbers in Algeria. In 1831 the French recruited two battalions of Berber soldiers, who were uniformed in their native costume. In about ten years they were converted into an infantry branch of the French army and the uniform of the Berbers was adopted. The word war there were four regiments of zouaves still in the French army. The first service that these troops saw outside Algeria was in the Crimean war. They attracted much attention because of their uniforms and their fighting qualities, and volunteer military organizations throughout the world adopted the uniform, or a modification of it, and the drills and tactics. There were several of these zouave companies in the Civil war, and they were taken into the army as organized.

Canadian Bituminous Sands

In what is known as the McMurray country, in Canada, 300 miles north of Edmonton, are to be found extensive deposits of bituminous sand. The future commercial significance of these deposits is as yet not generally realized, it adds, although it is possible that eventually they may prove to be of real national importance. It is thought the bituminous sand in Canada is in many respects similar to the oil shale in the United States and that the development of bituminous sand should be considered quite as seriously as that of the oil shales. Yield per ton from the latter will, in some instances, be higher than from bituminous sand, but from the point of view of mining costs and certain other factors, the development of bituminous sands will probably have advantages over oil shales.

Pacific Mystery

Easter Island is called the "Unsolved Mystery of the Pacific" because of the scattered presence of hundreds of immense heads carved out of stone which are to be seen, some standing erect, while others are down upon the ground. Their meaning is only conjectural and no one has ever offered any explanation which is generally accepted. Apparently Easter Island was chosen as the graveyard for the chiefs of a large island archipelago which suddenly disappeared. The thousands of slaves who were kept at work carving out these images were left without food and fell upon each other until only a few remained. The story of all these events was never recorded and can be read only by inference.

Put Health First

The views of students as to what makes life happy are revealed by a ballot competition conducted by the National Union of Students throughout the universities of England and Wales, says the London Observer. The following was the order of importance voted for the various attributes conducive to a happy life: A sound constitution; a sense of humor; a congenial occupation; an assured future; a charming wife (or husband); a blameless reputation; £400 a year; a brilliant career; a thick skin; a good cook; a persuasive manner; a liability and a poker face (equal); an arctic temperament; a schoolgirl complexion.

Tut-Tut!

All judicial humor, fortunately, is not retrospective. While some judges dig it up from the past, others are busy extracting it from the present. A little while ago it was stated before a well-known judge that a company was to run a rive named "King Tut-Tut." His honor rubbed his brow. "What does 'Tut-Tut' mean?" he inquired. "It is an expression," replied counsel, "used on the golf links when a man misses his drive." "You mean when the clergy are present," suggested the judge, amid laughter. — Birmingham (Eng.) Weekly Post.

Dogs' Teeth Money

Perhaps the strangest system of currency yet discovered among primitive peoples is that used by the Solomon Islanders late in the last century. Dogs' teeth were the gold of the system, and only two teeth from any one dog were acceptable as legal tender. These were drilled through for stringing, and the more wealthy natives sometimes owned long necklaces of them. Ten teeth paid for a good quality wife, while a moderately fine young man could be bought at a slightly cheaper rate.

Constancy of Wives

The constancy of the wife is only the art of keeping disquietude to one's self.—Rochefortnauld.

Cottage Grove Nearly Gets Game Appointment

Cottage Grove would have had a good chance for a place on the game commission if C. A. Bartell of this city had been willing to accept the place made vacant by the resignation of Ben F. Doyette of Eugene. Many Lane county sportsmen, who felt that this county was entitled to the place, urged the appointment of Bartell, but he refused to be considered on account of lack of time for the job. R. A. Babb of Eugene refused for the same reason. Since the declinations by Bartell and Babb, sportsmen and republicans have given their support to David R. Evans, Eugene sportsman and attorney. Governor Norblad held up the appointment pending recommendations from this county.

Friday Is World Prayer Day.

The world day of prayer, March 7, will be observed Friday in the Baptist church and women's missionary organizations of churches of the city are uniting for the service. The theme of the meeting will be "That Jesus May Be Lifted Up." The program was prepared largely by a Christian young woman of Korea. A covered dish luncheon will be served at 12:30. The Baptist women will prepare the meat, rolls and coffee. Mrs. K. K. Mills is chairman of the luncheon committee.

The public has been invited to join with Christians of all lands in a world fellowship of prayer by attending the service and also to unite with others in daily prayer during the 1900th anniversary of Pentecost.

Roseburg Meeting Attended.

A delegation from the local Methodist church attended the southern Oregon district meeting of the men's council of the Methodist church held Tuesday in Roseburg. Those making the trip were C. E. Unphrey, S. L. Mackin, Mr. and Mrs. Roy Leonard, Mr. and Mrs. G. B. Arnest, N. E. Compton, James Monroe and Rev. Charles P. Johnson.

An inspirational program featuring eight speakers from the east, was given. The session lasted from 10 a. m. to 10 p. m.

Watch as Compass

To use a watch as a compass let it lie flat in the hand with the hour hand pointing toward the sun, and the point on the circle half way between the hour hand and XII will be directly south in the northern hemisphere and directly north in the southern hemisphere.

Radio Ray Sez:

HOWDY FOLKS—The average woman will do a lot of sacrificing during Lent, but she won't sacrifice her desire for a new Easter bonnet.

An umbrella has been invented with celluloid windows. We see no advantage in the new invention except that the windows will come in handy for seeing if the owner is approaching.

There are many advantages in using Westinghouse Tonsters. We could fill a book with them.

Sells Stewart is up a stump. He has been trying for weeks to figure the horsepower of a donkey engine.

Legal Department. The reason they call it capital punishment is because they hang you after the lawyers have used up all your capital.

After a year or so of thought on the subject, we believe that the most of these guys that think they are "hot" are only half baked.

Believe it or not, Lundy Woodson put a dozen golf ball under a hen and she hatched out four eagles and a birdie.

Getting back to serious things: Don't forget that we now give S. & H. green stamps on radios.

"Love may be blind," says John Schaffer, the night watchman, "but it sure can find it's way around in the dark."

And that is the sum and substance of such.

CHARLES E. BRAMBLE HAD LONG INTERESTING LIFE

Funeral services for Charles Edward Bramble, a former resident and father of Mrs. E. R. Morford of this city, who died February 27 in Portland, were held Saturday in Cottage Grove and the body was cremated. He was aged 81 years, 4 months, 17 days. Mr. Bramble was born October 10, 1848, in Peoria, Ill. At the age of 14 he served as a volunteer in the Confederate army secret service out of St. Louis, Mo. After the close of the war, fearing execution by Federal soldiers, he accompanied by several comrades, started for Mexico. They were overtaken by bushwhackers and left stranded and ill in Mississippi without horses or supplies.

In 1867 Mr. Bramble established his residence in Rondo, Ark., and formed a general store partnership with a Creek Indian who later wanted to adopt him into the tribe. From 1870 to 1888 Mr. Bramble served as deputy sheriff, tax collector, deputy circuit and county clerk of Miller county, Arkansas. Moving to Texarkana, Ark., in 1871, and becoming actively engaged in the civic development of that city. Mr. Bramble organized and served as first chief of the Texarkana volunteer fire company. He was also instrumental in the organization of Texarkana lodge No. 341, A. F. & A. M., having been a charter member and past master of that lodge. He was also a Knight Templar, a charter member of the First Congregational church of Texarkana, and acted as secretary of the board of

trade and was appointed postmaster in 1888 by President Cleveland. He resigned in 1890 to form the Red River Lumber company. He continued in the lumber business until his health failed in 1915. Mr. Bramble lived here during 1927.

Wonders of Science

A scientist has been able to make a dog's snout water by merely ringing a dinner bell. Ain't science grand? We have heard that the ringing of a telephone bell has brought a lump in a guy's throat—Los Angeles Times.

Woolen materials can often be darned with threads of the material, split silk, or hair so that the garment may again be presentable.

Good Credit Is a Priceless Asset

If you abuse it, you lose something you may never recover

The Pioneer Service Company, Inc., operates County Credit Boards in Oregon and 22 other states. No honest man need fear our organization.

We are at war against the willfully delinquent debtor—the man who asks for credit and never intends to pay.

GUARD YOUR GOOD NAME

Do not allow your name to appear on the delinquent lists we issue regularly for the benefit and protection of our members. You can avoid this unpleasant publicity by paying promptly when notified on a letter bearing our registered trademark.

We trail delinquent debtors from county to county and from state to state. We never quit until the account is paid or is advertised and sold to the highest bidder.

We are not operating a collection agency—debtors must pay their accounts direct to their creditors.
