High School Notes

The Grovian. "What is it? Surely, you all know. It is our high school annual. It is ready for the printer now, and will be ready to sell to you about two weeks before the close of school. Every high school student should buy one, and will want to when it sees it. We are anxious to have all alumni buy one as we know they will enjoy it. The books are \$1.50 to all who have not paid 50c. To those who have paid 50c, it will cost \$1.25. The cover of the book is gray morocco paper with title and "1930" in a dignified design of black letters on lighter gray. The cover design was originated by the artist of the West Coast Engraving company and is very neat. The book consists of individual pictures of all seniors and members of the faculty, group pictures of all organizations, an excellent picture of the high school, group pictures of athletics, organization write-ups, high school songs, jokes, advertising, and many other interesting things. The jokes are all on students of the high school and are really very good—you will want to see them. Our picture engravings are all good, and the write-ups are exceedingly good. In our financial budget we have pledged ourselves to sell 50 annuals to outsiders. This is quite a large number, but we must do it, and you alumni will want it because it is something worth while. This is the first annual to be at-

Tea in Vacuum just like coffee!

It is just as necessary for one as for the other, to prevent the evaporation of the fragrant volatile oils that give them both their flavor. The West discovered how to preserve coffee flavor in vacuum. And the West has found the proper process for tea, but it still remains exclusive to the originator—Schilling. It is literally the only fresh tea you can buy.
