

BANKS

and the law

Every bank is under the control of federal and state laws. They are subject to examination at all times. Their investments must meet certain definite requirements. There must be no speculation or gambling with bank funds that will jeopardize the safety of the money entrusted to it by the depositors.

All this legal protection is an added precaution to protect you. In this bank the safeguarding of your money is the paramount idea. Without any law you would be safe—thus you are doubly protected. Why not bank here?

METRO-GOLDWYN LION TO BE VISITOR HERE

One of the best known animals in the world, Leo, the huge lion that roars his supremacy at the beginning of all Metro-Goldwyn-Mayer pictures, will make a personal appearance in Cottage Grove Wednesday, August 6. He is on a world tour and travels in a specially designed motor truck. Leo will perform at 12 noon in front of the Arcade and Captain Volney Phifer, Leo's trainer and confidant, has given assurance that Leo will go through his entire repertoire of tricks and antics.

Leo's entourage consists of two motor cars and his own palatial motor truck, and a staff of five escorts. Each car is distinctively decorated. One motor car furnishes transportation for Leo's advance agent; the second carries the calligrapher, Leo's own private band accompaniment.
