### State College Expert Advises Packing Eggs

**Low Price This Season Pointed Out As Means of Making Big Saving.**

Not so many years ago the packing in water glass of the winter's supply of eggs for family use was included along with the canning of fruits and vegetables in preparation for winter.

While this practice is no longer general, it would be an economical one for many housewives to practice this year, believes A. G. Lunn, chief in poultry husbandry at the Oregon State college experiment station.

Eggs are lower this season than for many years, Lunn says, and it will cost less than 2 cents a dozen to preserve them. His first advice is to get good eggs—the fresher the better. Preserved eggs are good, if the original egg was good. Infertile eggs are desirable, but not necessary.

A five-gallon crock or wooden container is the most satisfactory for packing the eggs, according to Professor Lunn. They are packed to within three inches of the top. The next step is to pour over them one quart of water glass mixed with 10 to 12 quarts of water that has been boiled and cooled. The container is then covered with a lid or oiled paper to prevent evaporation and kept in a cool place, such as a basement or cellar. Eggs preserved in this manner will keep for six to eight months, and sometimes longer.

Another method, known as the dry treatment, consists in coating the eggs with a material resembling cold cream, after which they are packed in cases and stored. Material for either method ordinarily may be obtained from a local drugist.

Government statistics reveal that there are 15,000,000 deaf persons in the United States.

### Cure for Insomnia

One of the most amazing cures for insomnia is that discovered by Mr. Percival Boyd. He is a member of the Society of Genealogists and finding some time ago that he could not sleep he embarked upon the task of compiling a complete index of the marriages that took place in England and Wales between 1838 and 1837. Mr. Boyd has already compiled a list of 1,400,000 in 139 volumes. So good is the index that the record of any marriage can be found in five minutes. Letters and slips containing information arrive daily. It is calculated by Mr. Boyd, that at the present rate of progress the work will take a hundred years to complete. He cannot get on any faster because his task makes him so sleepy. He has found his cure.

### Life Story of Kiss

The kiss developed out of the primitive habit of rubbing noses with a man who was your equal in the social scale. If you met a superior, then you rubbed his face with your nose.

In time, it became the custom for two persons who were greeting each other to touch lips instead of noses. And years later the kiss lost its ceremonial importance and became an affectionate gesture between two friends or lovers.

But many races still retain nose-rubbing as a salutation. The Maoris of New Zealand press their noses together when they meet, and in Melanesia it is the custom to put your nose close to the other person's and to sniff.

### Baseball Game Scheduled.

An indoor baseball game will be played at 6:30 this evening on the high school grounds between teams from the Methodist and the Christian Sunday schools. The game is part of an inter-Sunday school athletic program inaugurated this month.

### In a Nutshell

A man is in general better pleased when he has a good dinner than when his wife talks Greek.

## SOCIETY

The beautiful garden at the home of Mr. and Mrs. Roy Short furnished a picturesque setting for a recital Tuesday evening when Mrs. Edna Pearson of Eugene presented four of her voice students. Mrs. Pearson was assisted by Mrs. Gwendolyn Lamphire Hayden of Eugene, who entertained with violin selections. The French doors opening from the spacious drawing rooms and the steps leading to the garden, where the audience was seated, were converted into an artistic stage banked on either side with tall baskets of flowers and soft shaded lamps. The program presented follows: "Neapolitan Nights," Mrs. Victor Chambers and Mrs. Glen Haney; group of songs, "Sylvia," "Bedouin Love Song," "There is No Death," "Murnard England," group of songs, "Bend of the River," "The Lark," "Carissima," Mrs. Victor Chambers; violin selections, Mrs. Hayden; group of songs, "All Through Life," "Scappitische Ode," "Hallelujah," Mrs. Glen Haney; group of songs, "Songs My Mother Taught Me," "Oh How Delightful," "On Wings of Song," Mrs. Cleo Morelock. Mrs. Cecil Caldwell accompanied at the grand piano. At the close of a delightful evening punch and wafers were served. Mrs. C. C. Cruson and Mrs. Bert Trask received the guests and the Misses Jean Allison, Harriet Wiseman, Elsie Jacobsen, Carolyn Grannis, Madeline Beidler, Adeline Adams, Louise Wynne, Allison, Beth Bede and Margaret Short assisted in serving.

Coming as a surprise to their many friends is the announcement of the marriage of Mary Ellen Benson, daughter of Mrs. Orpah Benson, to Robert Price Cann of San Luis Obispo, Cal., which took place Tuesday at the Presbyterian manse in Eugene, Rev. M. S. Weber officiating. Mr. and Mrs. O. E. Woodson, uncle and aunt of the groom, witnessed the ceremony. Immediately following the marriage the couple left for the Deschutes country to spend two weeks before returning to San Luis Obispo, where they will make their home. Mrs. Cann is a Cottage Grove girl and was graduated from the high school here a few years ago. She has been teaching in the public schools in Morro Bay, Cal. Mr. Cann is a nephew of Mrs. Woodson and formerly resided in Cottage Grove.

### Bohemia Loop Route Driven by Woman

Mrs. P. R. Boyce of this city is the first woman to drive the loop road through the Bohemian district. The trip was made Sunday when the Charles Gettys and the P. R. Boyce families took their guest, M. E. Anderson of Chicago, on the drive which is said to be one of the most scenic in this end of Lane county. They made the trip in two cars, Mrs. Boyce driving one, going by way of Lundpark and the Champion mine. They drove over the ridge, visited with Fred Bartels at the Evening Star property and returned by way of Sharps creek.

### Small Cyclone Strikes London District

LONDON, July 29.—(Special.)—A whirlwind or young cyclone hit this district Tuesday. Elmer Berggren, who was raking hay, saw the small twister sweep across the field, hit a pile of old lumber and carry boards 15 to 20 feet into the air. It also made whip cracks of a large blackberry vine growing near the lumber.

Mr. Berggren said that although he was at least 150 feet from the twister he could feel the suction from it. "I was driving one, a twister whirled away into the Cecil Geer orchard and spent itself.

### Declaration That Put Agent Out of Running

"One reason why salesmen are often a pest," declares one of them, "is because people try to turn them away with flimsy or evasive excuses. Instead of flat refusals that carry conviction. People who are annoyed by salesmen should be more like Biggins.

"Mr. Biggins is carrying a creditable amount of life insurance, but still finds himself the victim of many solicitors. 'But,' says he, 'as he opens the front door and is very nearly carried away in the flood of language and gesticulation, I have all the life insurance I can carry.'

"The salesman draws a long face. 'My dear sir,' says he, 'suppose that you should—through some unfortunate accident—be cut off from this world tomorrow, that you should be hit by a motor or street car. What would your wife do? Could she maintain her present luxurious living standards? What would she do?'

"To which Mr. Biggins responds nonchalantly, 'Oh, well! I don't know—but I don't care. You see, I never did like her!'

### Cactus Bridal Bouquet Held Good Luck Emblem

A cactus was carried by a bride instead of the more usual bouquet of orange blossoms at a Warsaw wedding recently. It was stated, in reply to inquiries, that the cactus brought good luck.

It will come as a surprise to most people to know that the cactus is "lucky"—so far it hasn't usually been credited with producing either good or bad fortune. Carried by a bride, indeed, it rather suggests a warning to the bridegroom, because the average cactus is fairly well provided with the means of self-defense.

The cactus is hardly likely, therefore, to win general favor as a bridal bouquet. The more usual orange blossom can, after all, produce reason for its claim to be a luck-bringer. According to authorities on folklore, it is appropriate at a wedding because the orange tree bears flowers and fruit at the same time. So the bride's orange blossom means that she will have a family and keep her good looks.—London Answers.

### Y. M. C. A. BOYS' CAMP CLOSING SUCCESSFUL SEASON SUNDAY

The last period of a four weeks' Y. M. C. A. camp on Frank Brice creek in the Umpqua national forest closed Sunday with a program including the presentation of a number of camp emblems awarded for passing various tests. A number of parents and friends were present for the closing ceremony and assisted in transporting the boys to their homes.

During the four weeks of the two camp periods the total attendance was 68 boys aside from Bill Kidwell, boys' work secretary, who was in charge, and the ten leaders.

Steps have been taken to make the camp a permanent one. Members of the camp committee and visitors have stated that the camp site is located in the most scenic spot in Lane county. Plans for development of the location are already under way.

### Edison's Smartness

A school teacher asked pupils to tell who the world's smartest man is, and give the reasons. One archly suggested Thomas Edison "because he invented the phonograph, and the radio so people could stay up all night and use his electric light bulbs."

## H. B. BREEDLOVE HURT IN HIGHWAY ACCIDENT

Herbert B. Breedlove sustained painful and probably serious injuries in an accident Sunday while motoring on the highway near Springfield Junction. Mrs. Breedlove, driver of the car, escaped without injury and Mrs. Beasie Sutcliffe, the other occupant of the car, received minor injuries about the head and one hand.

The three were returning from Eugene. As they neared the Springfield-Eugene auto-camp a loose horse dashed out from side road and ran directly toward the car. Quick action on the part of Mrs. Breedlove probably avoided a more serious accident. She swerved the car to the side of the road and dropped down a low bank, the car stopping at a fence post. Mr. Breedlove was thrown against the side of the car with much force and his right side was painfully injured when it struck the knobs on the doors and window. Mrs. Sutcliffe was thrown upwards against the top of the car and a fence post. Mr. Breedlove was taken to the hospital and Mrs. K. K. Mills later stopped and assisted Mrs. Breedlove with the wrecked car and later brought Mr. Breedlove and the women back to Cottage Grove. Mr. Breedlove is confined to his bed and the extent of his injuries have not been determined.

A Lane county deputy sheriff was immediately back of the car and witnessed the accident. He commingled Mrs. Breedlove on her skull and face and took charge of the horse which belonged to persons who had a camp ground leased in that vicinity.

## Cucumber Duo Grown

Twin cucumbers are the newest oddity to gain fame and attention in this favored section of the famous, fertile, fruitful Willamette valley. The doublets were grown by J. P. Perrin, who lives on south Fifth street. The twins grew from the same stem, are almost identical as to size and shape and are just the right size for pickling. The same vine that produced the twins also bore six regular sized cucumbers.

## "Bart" To Return In September

Mrs. C. A. Bartell received a letter Tuesday from "Bart," the first in his own handwriting since he underwent a serious operation in the east two weeks ago. Mr. Bartell writes that he is able to be up and to walk short distances. Also he is permitted to eat food from a very light diet. Bart has lost 35 pounds but is steadily gaining in strength and hopes to regain his lost weight before returning to the home town in September. He expects to spend several weeks recuperating at the home of a sister in the east before returning to Cottage Grove.

## Masonic Picnic Draws 300

Approximately 300 persons were in attendance at the annual Masonic-Eastern Star picnic last Friday. The Cottage Grove band was the main feature of the program and gave an hour's program following the picnic supper at 6:30. Swimming was the diversion for those who were at the picnic grounds in the afternoon.

At the intersection of west Main and M streets is a small white church, Seventh Day Adventist. Each Saturday at 9:30 an hour is spent in the study of the Sabbath school lesson. At 11 o'clock the pastor, Elder Paul Iversen, delivers a sermon, the proof of his statements being based on the scriptures and verses from the bible. A warm welcome is extended to all either on Sabbath or at the Wednesday evening hour of 7:30.

Free Methodist Church, corner of Monroe avenue and Fifth street, Rev. Fenton, pastor—Sunday school, 10; preaching service, 11; P. M. 8; evangelistic service, 8; mid-week prayer meeting, 8 Thursday.

## Site Protest Voiced.

To the Editor: According to news dispatches, the Y. M. C. A. of Eugene are to have the exclusive use of one of Cottage Grove's best and most conveniently located camp sites. I refer to what is commonly known as Hobo camp on Brice creek just above Lundpark.

It seems that it would be well to reserve the use of such camps for the people of Cottage Grove, if they must be reserved for any one exclusively. If we don't watch our step, we will find our summer camps going the way of our tie treating plant, Springfield's railroad shops, and Roseburg's veterans home. Yours truly,

RAY NELSON.
