COLLEGE AND JOBS.

In these trying times there are many who can not get the higher education that they desire. At least they can not go to school to get it. And there are those who believe that a kid has no chance in the world unless he has a college education. Most children seem to believe that. They tell their parents that such is the case, that the day a college life can hope school boy and girl will be at the bottom of the heap.

The Sentinel recognizes the great advantage of education, but it has never believed in sending a child to a college unless he has had a good job. It might even be shown that in some ways the college graduate is at a disadvantage.

Be that as it may, only the word of those who are employing young men and women will sway the youngsters who soon will be looking for jobs. The Sentinel trusts that many young men and women, especially those with college education, and without hopes of college education, read a news story published in The Sentinel of a week ago.

It quoted portions of an address made by Harry Crowe, president of the chamber of commerce of Tulare, Cal.

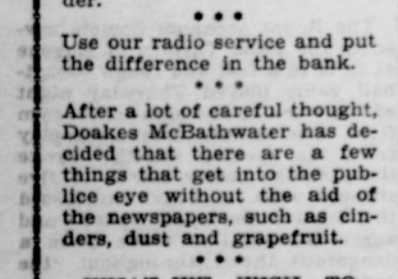

Mr. Crowe was reared at Lorane, 3 miles from Cottage Grove. It is likely that he did not get a college education. He seems to have done well. He seems to be in a business that has sales of hundreds of thousands of dollars a year. He is president of the leading civic body of his city. He recognizes that there are things that make for success that the college boy may not get, at least not get in college.

Mr. Crowe said: "The best salesman I have ever hired were 'log school house' boys. They had courage, were willing to work, were resourceful and would readily adapt themselves to conditions. They seldom thought they knew more than the man in charge."

"I know a man who is a dog fancier. He raises purebreds only. When it is cold, in come the dogs and lie by the fire. Somehow or other, when I see this, I can not help but admire the coyote. These 'log school house' boys, farmer boys and mountain salesmen, have a little coyote in them. Don't miss having one or two of them in your employ. They take things as they come. They can stand adversity."

Any young lad who feels discouraged because he can not go to college—and fraternities, societies and other things have made college so expensive that many can not even hope to go—should read and re-read the words of Mr. Crowe. The very fact that the non-college boy has to struggle harder, has to overcome adversity, has to use his wits more, gives him qualities that can be developed in no other way, and they are qualities that count in the battle of life.

Bathubs are dangerous to life and limb, a dispatch from Salem says. Possibly that explains why there are so many aged persons in Salem.

Radio Ray Has This to Say:

How to Get Promoted. Work hard, make yourself a necessity, and let the boss know you think him a wonder.

Use our radio service and put the difference in the bank.

After a lot of careful thought, Doakes McBatwater has decided that there are a few things that get into the public eye without the aid of the newspapers, such as cinders, dust and grapefruit.

WHAT WE WISH TO GET INTO THE PUBLIC EYE THIS WEEK IS THE NEW LONG PLAYING RECORDS. HERE AT RADIO RAY'S FOR THE FIRST TIME IN COTTAGE GROVE, COME IN AND HEAR A 12 IN. RECORD PLAY FOR 30 MINUTES.

Well, business for the mattress makers is getting better and better.

SO IS OURS. FOLKS NOWADAYS ARE KEEN TO GOOD VALUES WHICH IS PROBABLY THE MAIN CAUSE FOR THE STEADY GROWTH OF THIS BUSINESS. OUR PRICES ARE BASED ON PRESENT CONDITIONS. YOUR DOLLAR IS WORTH MORE THAN EVER BEFORE.

TAXING MOTOR VEHICLES.

We hear a lot about this group and that group being taxed out of proportion. The farmer claims, with some justification, that he is taxed a greater proportion than is the owner of other kinds of property. The man with an income tax claims, with some justification, that he is taxed two or three times.

But if there is anyone who has a real claim to being taxed out of proportion to what others are taxed, it is the automobile owner. Of course, the automobile owner means most of us, and that probably is why we hear so much about it.

In 1930, according to figures prepared by the American Automobile Association, motor vehicles paid 19.3 per cent of all the taxes collected in the United States, which is 12 times as heavy as the tax on farms and seven times as heavy as the tax on city property. At this rate a motor vehicle, during a life of six years, will pay 128 per cent of its average value in taxes.

And now the treasury department proposes a sales tax of 5 per cent on passenger cars, 3 per cent on trucks and 2 1/2 per cent on accessories and parts.

The automobile owner has been patient under the tax burden he already bears, and probably would not complain if a sales tax were placed upon other articles in the same proportion. But automobiles do not come under the head of necessities. They hardly come under the head of luxuries. They are as much a necessity as electric and gas refrigerators, as much a necessity as power washing machines, as much a necessity as electric and gas ranges and various other things that bear no sales tax and for which no such longer can the motor vehicle operator be expected to be patient under the burden that is being imposed upon him?

COMPLIMENT FOR STUDENTS.

While The Sentinel may more often criticize students than it compliments them, it would much rather do the latter, and is pleased to note that students of Cottage Grove are doing so well in their studies. So far as this writer knows, they have responded actively and cheerfully to every appeal that has been made to them.

They have assisted in gathering food and clothing, and probably in the distribution thereof. At the Christmas season they helped gather toys to give to tots that otherwise might have been led to believe that there is no Santa Claus.

It is things such as these, it is assumption of duties such as these that show that our youngsters, no matter how much we may criticize them for lack of interest in serious things, show that they have in them all the moral stamina that their elders have. It is in such times as these that they show that when the test comes they will show that they have within them the makings of upstanding, sympathetic and intelligent citizens. Well might we fear for the future safety of the country if our children did not rise above the critical things said of them.

Unemployed women of Brisbane, Australia, have declared that they will march nude through the streets of the city unless the minister of labor and industry agrees to discuss their problem with them. Was that a threat or a promise?

Business is looking better. The lumber outlook is decidedly brighter. Stocks have gone up a few points. Wheat celebrated Saturday with a jump of three points. Carloadings are beginning to pick up.—Eugene Register-Guard.

Men are said to lose their tempers 39 per cent more than women. Well, haven't they 39 per cent more reason to do so?

KEM ON BONDS.

Cottage Grove, Jan. 17.—(To the Editor.)—After reading your reply to my last article in which you acknowledge that, in your editorial statement, you were overloaded with optimism to the extent of \$94,000 that will remain after the expiration of the ten year period, I was inclined to let the matter rest although there is another \$94,000 that will remain unpaid at that time because it cannot possibly be paid under the terms of your editorial statement. However, on reading further I find that you accuse me of something of which I am not guilty and also that, in order to pay off this \$94,000, you resort to methods that do not conform to your editorial declaration. Therefore, I must point these faults in your reasoning out, to your readers.

You say "Mr. Kem's most serious error is his assumption that money budgeted for payment of Bancroft bonds is all that will be applied to such payments."

I have assumed nothing of the sort, Mr. Editor, and have made no statement to that effect. Why should I? It has nothing to do with this argument or your editorial declaration. Where you persistently fall down is you fail to remember that your editorial declaration was that the bonds would all be retired within ten years at the present rate of retirement. In spite of this you come right back and re-tire all of the bonds but the \$94,000 Bancroft bonds, although, in order to do it, \$5,100 must be added to the present rate of retiring them.

The five different kinds of bonds you call my attention to, which you propose to retire in ten years and, which you think should convince me will reduce the total bond indebtedness to \$94,000, appears to me to be just the reverse and I shall use it to sustain my own position. These five items total \$115,000, and of this amount \$31,000 does not fall due till after the ten year period and in order to retire this amount within the ten year period \$5,100 must be added to the \$115,000 which is the present retiring amount, making our annual bond retiring fund \$20,100. Then, if you will add the \$31,000 which is not due till after the ten year period to the \$94,000 you admit still remains unpaid, you will have a total of \$145,000 of unredeemed bonds. And finally, when we add to that the amount of unredeemed Bancroft bonds that remain after they have been retired at the rate of \$5,000 per year for ten years, which is \$50,000, we will have a grand total of \$200,000, which exceeds my total of \$188,100.84 by \$11,900. This discrepancy can be accounted for by reason of the fact that I reached my totals by a consideration of the entire bonded indebtedness as a whole, and you arrived at your totals by considering

only a part of the whole, and ignoring the Bancroft bonds entirely.

It is quite true that Bancroft will recover some of the Bancroft bond money but, when or how much of it will be recovered no one knows, but we do know that it will not all be recovered. That the amount of interest on the banking less interest on the automobile is also true, but I call your attention to the fact that I have not considered the interest at all in my calculations and while I do not know the exact amount of thousands of dollars.

The interest paid this year amounts to \$4,705.00. This in ten years would amount to \$47,050, however, as the amount is less each year, I think it perfectly safe to say that it will amount to half of this or \$23,525.

In the beginning of this controversy I challenged your editorial statement to the effect that, at the present rate of retirement, the entire bonded indebtedness of the city would be cancelled and referred to the report of the budget committee to back up that challenge. You have not met the issue as I had hoped you would and, it seems to me that you have avoided it as far as possible. In your first answer you made a flat denial of your editorial declaration, and in your second reply admitted it, but insisted that at the end of ten years there would be \$94,000 of unpaid bonds and could only make this up by showing redeeming bonds at a much higher rate than the present rate and which would necessitate raising taxes to a higher level or the water rate would have to go up. And also, including bonds that will not mature until after the expiration of the specified ten years.

Mr. Editor, if you cannot confine your argument to the ability of the city to retire its bonds within the ten year limit, at the rate it is now retiring them, I do not think it would be profitable to continue this argument. It only tends to make confusion worse confounded.

Every time you have referred to our water system you have extended its life a little further. I presume if you should refer to it again you would give it the quality of immortality and claim it never will have to be replaced. I am only sorry it isn't so.

For two reasons it is quite difficult for one who is filled to the brim with optimism to take in and assimilate disagreeable facts. First, they don't want to; second, they have no room for them. You have my sympathy, Mr. Editor.

O. M. KEM.

The Sentinel's calculations are correct and sufficient space will be given in our next issue to convince even Mr. Kem.

SOCIETY

Mrs. C. E. Frost was hostess last Friday night for the Joker club. Those invited to meet with her were Mrs. George Jacobsen, Mrs. H. A. Miller, Mrs. W. B. Johnson, Mrs. C. H. Vandenburg, Mrs. Nelson Durham, Mrs. J. A. Wiseman, Mrs. A. W. Kime, Mrs. P. L. Gansley, Mrs. D. A. Emery, Mrs. James P. Graham, Mrs. H. B. Griggs, Mrs. George Morgan and Mrs. Earl Fuller. The evening was spent playing bridge and Mrs. Morgan held high score for guests and Mrs. Inez for club members. At a business meeting the following officers were elected: Mrs. S. V. Allison, president; Mrs. Inez Meeke, vice president; Mrs. William Threlkeld, secretary—treasurer, Miss Myrtle Kem, outgoing president, was given a gift. The rooms were attractive with potted plants and delicious refreshments were served.

The Friendly Neighbors club of Anlauf and Curtin was entertained Thursday afternoon of last week at the home of Mrs. P. A. Anlauf. At a business meeting the following officers were elected: President, Mrs. Walter de Lacey; secretary, Mrs. T. E. Roberts; Mrs. Ralph Kirk and Mrs. M. Chase were welcomed as new members. The hostess served delicious refreshments.

The Beau Monde club was entertained Thursday afternoon of last week at the home of Mrs. Charles Erace. Mrs. William Moyner was an additional guest. The afternoon was spent playing bridge and Mrs. Elmer Neet held high score. A dainty one-course luncheon was served. The members were on January 25 with Mrs. Earl Garoutte.

The Ad Libitum club was entertained Thursday afternoon of last week at the home of Mrs. Roy Leonard. A pleasant social afternoon was spent with needlework. At the tea hour dainty refreshments were served. The rooms were attractive with potted plants and delicious flowers. The club will meet January 28 with Mrs. R. B. Reed.

The Social Twelve club was entertained Thursday afternoon of last week at the home of Mrs. Herbert Eakin. A social afternoon with needlework followed a short business meeting. Refreshments were served informally around the fireplace. The club will meet January 25 with Mrs. Beie Sutcliffe.

Cottage Grove aerie, Fraternal Order of Eagles, exemplified industry work Thursday evening of last week for five candidates, Harold Swartz, Archie Patchen, Glen A. Miller, Charles S. Woods and Leo C. Lyon. Plans were made for a big electric dance to be held January 30 at the armory.

Mr. and Mrs. James Dungan were hosts Thursday night of last week for the Bona Tempo club. Bridge was the evening's diversion and prizes were won by Mr. and Charles Erace. Delicious refreshments were served. The club will meet Thursday evening, January 28, with Dr. and Mrs. C. H. Kime.

Cottage Grove chapter, Order of the Eastern Star, will hold a social meeting tonight (Friday) in Masonic hall. Mrs. Schofield Stewart is chairman of the refreshments committee.

A review of the book, "George Washington, the Man and the Image," by Woodward, was reviewed by Mrs. Charles Bellder and Miss Mariette Hamant at a meeting Tuesday night of the Tuesday Evening club. The author branded as false many of the popular stories in connection with the nation; hero and dealt with equal frankness with Washington's faults and virtues. The club will continue its study of books on George Washington at its next meeting on February 2. Mrs. S. L. Mackin and Mrs. Dan Hamant will be in charge of the program.

Mrs. D. H. Hemenway was hostess Tuesday afternoon for the O. L. H. club, the occasion being the seventh birthday anniversary of the organization. Mrs. Effie Knowles was an additional guest. The afternoon was spent playing bridge and Mrs. A. W. Swanson held high score. A delicious two-course luncheon was served and individual birthday cakes decorated with O. L. H. club colors were a feature. The club voted to accept the invitation of Mrs. A. W. Kime to be her guests at the club's next meeting day.

The Elmaries club celebrated its ninth anniversary with a progressive dinner last Friday night. Husbands of members and Mr. and Mrs. Glen Smith were guests. The first course was served at the home of Mrs. Merville Vesteh, the main course at the home of Mrs. Fred Anderson and the last course at the home of Mrs. George Matthews. A birthday cake lighted with candles was a feature of the last course. The evening was spent at the Matthews home and bridge and ping pong were the diversions.

The Gleaners Sunday school class of the Methodist church held a covered dish dinner and social hour Monday night in the church parlors as a farewell party honoring Mr. and Mrs. Marshall Barber, who left this week for Ashland. Following the supper poetic expressions of appreciation of Mr. and Mrs. Barber were given by members of the class. The evening was spent playing games.

Mrs. Garfield Beach entertained her Sunday school class of boys Saturday at her home in Lynx Hollow. A lunch was served around a camp fire and the boys spent the afternoon cooking. Those attending were Leon and Vernon Nichols, Orval and Norman Blackmore, Robert Lafky, Stewart Roberts, Julian Miller, Pete Beach, Dorothy and Bobbie Beach. Mrs. O. W. Blackmore accompanied the boys.

The Delphian club at its meeting Monday night elected the following as members of an advisory board: Mrs. James Dungan, Mrs. S. L. Godard and Mrs. Alice Miller. A dainty meal of myrtle wood was prepared by Mrs. Elbert Bede for the Delphian club by Mr. and Mrs. James Dungan.

This was the club's last meeting of its fifth year and was devoted to a study of poets, including Yeats and some modern American poets. A preliminary discussion, a review of the essentials of poetry, was given by Mrs. S. L. Godard. Mrs. C. Cruson reported on the works of William Butler Yeats. Mrs. F. E. Mendenhall on Whitman's poetry. Mrs. Alice Miller on Robinson and Frost. Mrs. Ray Traak on Sandberg and Masters and Mrs. John Kelly on American lyricists. A summary discussion was given by Mrs. Godard.

The Tuesday Bridge club was entertained at a 1 o'clock luncheon Tuesday afternoon at the home of Mrs. H. K. Metcalf in Eugene. The afternoon was spent playing contract and Mrs. H. A. Hagen held high score. Pink sweetpeas and pink carnations were attractive room and table decorations. The club will meet in two weeks with Mrs. C. J. Kem.

The Degree of Honor held installation of the following officers last Friday night: President, H. H. Crawford; past president, Fay Lawson; vice president, Armorel Monson; second vice president, Bertha Howe; secretary, Genevieve Shields; treasurer, Irene Town; drill captain, Glenda Ross. Other officers will be installed at a later date.

The Tanglefoot club held its fourth dance of the winter season Thursday night in I. O. O. F. hall. Mrs. H. C. Wells was chairman of the hostess committee.

Cottage Grove assembly, Order of Rainbow for Girls, will hold public installation of officers and of members of the advisory board Monday night in Masonic hall.

The Methodist Sunday school class taught by Mrs. Lettie Knickerbocker held a potluck dinner and quilting bee Wednesday in the church parlors.

Mrs. Bonnie Shafer and Miss Bertha Howe will be joint hostesses Tuesday evening for the Carnation club, entertaining at the home of Mrs. Shafer. The meeting was postponed from last week.
