SALES OF POPPIES ARE HIGHLY SATISFACTORY

The response of the public to the sale of the Memorial poppies Saturday was most generous, according to Mrs. D. A. Emerson, auxiliary, and the committee, as they continue the sale this week, feel assured that they will dispose of the thousand which constitutes their order.

The poppies were received from the United States Veterans' hospital in Portland, where they were made by disabled veterans working under the direction of the auxiliary. They are exact replicas, in paper, of the poppies which grew wild on the battle front and over the graves of our soldiers in France and Belgium during the war.

Making the poppies provided employment for many disabled veterans this spring.
