Auction today! Chesterfield buys the best
Chesterfield tobaccos are aged right
NOWADAYS, when so many people are talking about purity... pure food, pure milk, pure water... it's worth a minute to tell you something about the purity of Chesterfield cigarettes.
All the materials that go into the making of Chesterfield cigarettes are tested again and again by expert research chemists. Just like the things you eat and drink.
The tobacco is pure—the right kinds, Domestic and Turkish both, mild, sweet, ripe. The paper is pure—clean, white, the best cigarette paper that money can buy. There is purity in every ingredient and cleanliness in every operation.
You can know, when you light a Chesterfield, that it is as pure as science can make a cigarette. And your taste will tell you it's milder, it tastes better.
