

MOUNT VIEW.

June 22.—Mr. and Mrs. Claude Arne and daughter and Mr. and Mrs. Glen Linebaugh were Eugene visitors Thursday.

Mrs. Melville Hanna left Tuesday for a two-week visit with her mother, Mrs. George Roberts, in Colfax, Wash. Richard Hanna accompanied her as far as Walla, and will visit in Spokane and go to Pullman, where he was formerly an instructor in the state college, and will accompany a group from the college on an extension tour of the state.

The Mount View school district held its annual meeting Monday. One new director, Clarence Sears, was elected and Ralph Lancaster was elected to complete the term of H. C. Sellers, who resigned. Mrs. Claude Arne was elected clerk. Mr. and Mrs. W. M. Hand and Mrs. Roy Hand attended the funeral Tuesday in Cottage Grove of Mrs. Daisy Porter.

O. J. Shirley of Portland has purchased the H. C. Sellers place but will not take possession at once. Mr. and Mrs. Sellers have not yet decided where they will go.

America spends

3 TIMES AS MUCH FOR SMOKE

as for ELECTRICITY

THE annual per capita expenditure for electricity in 1929 amounted to \$5.00. In the same year the American public spent \$15.50 per capita, or more than three times as much, for tobacco. We spent \$8.00 per capita for ice cream—about one and three-fifths times as much as for electricity; \$8.50 per capita for candy—\$1.50 more per person than for electricity.

There is no other source of energy at any price that will light the house, refrigerate, wash and iron clothes, heat bread, run a clock, clean the rug, cook the food, heat water and provide the world's finest music in your own home at an average cost of about three-fifths of one cent for each dollar the family spends. Electricity is the cheapest thing you buy.

No Question About It

they are Milder!

YOU'RE RIGHT... there's one thing that stands out about Chesterfield. That is... they're milder.

This means Chesterfields aren't harsh. It means they're not strong or heavy.

Early in the day or late at night you'll find that Chesterfields are always pleasing. They are mild and yet they satisfy.

What's more they taste better, too. That's it... milder and better taste. These are the two outstanding merits of Chesterfield.

Plus... a third important advantage. Chesterfields are as pure as the water you drink... as pure as science can make them.

THEY Taste Better TOO
