Garden Tools! We have a complete line of all types. Everything from pruning shears to spading shovels. Let us help you with your garden 1001 problems. Graber-Gettys Hardware. a7c

Miss Thelma Kam will leave today (Friday) to spend the week end in Seattle with friends. She will be accompanied as far as Portland by Miss Joy Ingalls who will visit friends there.

TAXES ARE BEING PAID AT SHERIFF'S OFFICE

Taxes are coming in more freely at the present time than for some weeks past, according to deputies in the tax department of Sheriff Swartz's office.

Quite a number of property owners are already paying their 1932 taxes, although not near all of the statements have been sent out. Payments on the 1932 taxes, from 1931 inclusive on which all interest and penalties have been taken off in order to stimulate payments, are quite brisk, it was stated.

AGRICULTURAL LIME

Finely ground in sugar sacks, per ton, \$4.50, and 2c each allowed when sacks are returned.

Calcite Poultry Grits
Chick and pullet size, ton \$6.00
Hen and turkey size, ton \$8.00
Blackbutte Mines, Blackbutte, Ore.

Garments Received for Needy Persons

A consignment of garments and materials were received Friday morning from the county Red Cross for distribution here under the direction of the local relief council. Articles received were as follows: Six dozen pair overalls, 4 dozen pair men's stockings, 2 dozen pair women's hose, 4 dozen men's sweaters, 8 dozen women's sweaters, 25 yards muslin, 228 yards dark outing flannel, 57 yards light striped outing flannel, 107 yards birdseye, 118 yards heavy blue shirting and 496 yards of print and ginghams.

Wreng Ideas

A lot of our common ideas are wrong. It is quite true that iron is really white, and only turns black on exposure to the air.

In the same way, gold doesn't glitter till it's polished; diamonds have no sparkle until they have been cut; and opals when first found in their natural clay setting are so soft that they can be picked with the fingernail.

Lytleton Ghost Story

Ghost-story lovers may be interested by an incident of which the details are claimed to be perfectly authentic.

On the night of November 20, 1878, the second Lord Lytleton dreamed that a bird flew into his room, changed to a woman, and bade him prepare for death within three days.

He told the dream to his family at breakfast next morning, but made light of it, being to all appearances in excellent health.

He joked about it again just before going to bed, a few minutes before midnight on the third day. While he was undressing he suddenly fell dead.—London Times.

Conduct Commended

Tongue twister: "Chris Crissay's car crosses crossings cautiously conserving Chris Crissay's corpus." After you have learned this, emulate constantly Chris Crissay's cautious crossings.—Boeton Transcript.

Early "Sideboards"

The credenza is often said to have been the forerunner of the sideboard, but the distinction really belongs to the dressoir on which was piled all the plate not in use at the banquet, as well as many valuable articles which had no connection whatever with the meal, such as grandioles, vases, jewels, and the like.

The abaco and credenza in early days were often used as service tables, as an altar in the less important churches, the accessories to be used upon it being kept inside.

More Cows

James was visiting in the country. One evening after dark he went with the farmer to milk the cows. He was permitted to carry the lantern.

"My grandpa has a lantern," he remarked, "but it's lots bigger 'tan yours."

Then as an afterthought he added: "Of course he has lots more cows than you have."

Home at Latham Destroyed

Latham, April 5.—(Special).—The John Graham house and barn were almost completely destroyed by fire Saturday night about midnight. The fire started in the kitchen and had gained so much headway before discovered that very little was saved from the house and only the stock from the barn. Mrs. Graham and his daughter, Mrs. Bartholmey, and her son were in the house at the time. Mr. Graham expects to rebuild soon.

Until Victoria became queen, England's criminal laws knew no distinction between a child of 7 and an adult.

FOREST WORK MAY BE STARTED BY APRIL 15

Washington, April 3.—Plans to put the first recruits of the forest conservation corps at work in national forests by April 15 were drawn today at a conference of regional chiefs of the U. S. forest service.

Director R. Y. Stuart, head of the service, directed the regional foresters to prepare data for presentation later in the day showing the exact projects that may be started. Payments and the number of men needed to execute each.

Many of the projects planned for the summer cannot be started by mid-April, because of mountain snows, the need for more time to move equipment and to set up camps. Listing the projects on which work can be immediately started was undertaken in order to prevent delay in putting President Roosevelt's forest conservation-unemployment aid program in effect quickly.

Vernon V. Harpham, Roseburg, district supervisor of the Umpqua forest, was in Portland this week conferring with forest officials regarding this and other work contemplated in the forests.

Eagles To Celebrate Passage Pension Bill

The Eagles lodge will hold a program at 8 Tuesday evening in I. O. O. F. hall in celebration of the passing of the old age pension bill. Rev. I. G. Shaw will be the speaker and will explain the bill and the efforts made by the Eagles to pass it.

The public generally has been invidious and cars will be sent to pick up oldsters if they will notify Owl Cleaners.

The program will also consist of several musical numbers. The Eagles orchestra will play "Under the Double Eagle" and the orchestra trio number will be given by Jeff Turner, Roy Patchen and Loren Harver, accompanied by Mrs. Armorel Mason, Gordon Ord and Fred Homan.

HIGH SCHOOL TO HOLD ANNUAL OPEN HOUSE

The fifth annual open house of the Cottage Grove high school will be given at 7 o'clock Wednesday evening, April 26, under the management and supervision of the sophomore class. Graphs, posters and charts of the geometry and science classes will be displayed. Work books, maps and notebooks are to be included in the history displays. The complete works of the boys' shop classes will be in the assembly and the shop. Drawings and demonstrations are to be explained by the students of the physics and science classes. Cooking and related science classes will have food displays. A milk contest will be held by the agriculture boys. An interesting exhibit will be a display of objects connected with the history of the school.

A complete program will be held in the gymnasium at 8:30 including the presentations of the aims of different departments by students and teachers and a glee club concert under the direction of Miss Myrtle Kern.

Parents and friends are cordially invited to attend.

LUMBER OUTPUT GAINS NEW BUSINESS IS UP

A total of 252 down and operating mills which reported to the West Coast Lumbermen's association for the week ending March 11 produced 57,003,227 board feet of lumber. This was an increase of 105,551 feet, or 7.7 per cent above their output in the preceding week. The average week's production of this group of sawmills in 1932 has been 54,217,636 feet during the same period of 1932 their weekly average was 64,298,778 feet.

The new business reported last week by 78 sawmills operating on board feet against a production of 51,242,184 feet and shipments of 44,017,102 feet. Their shipments were 14.10 per cent and their current sales were over production by 23.23 per cent. The orders booked last week by this group of identical mills exceeded their output of the preceding week by 17,732,201 board feet, or 42.44 per cent.

New business totaling 19,698,000 feet, or about 63 per cent below the three-year average for March and 8 per cent below the week before, was reported by the Western Pine association for the week ending March 11, based on the reports of 121 mills only. The mills were operating. Shipments were 19,518,000 feet and production 8,772,000 feet. This put production at 61 per cent of capacity as compared with 6 per cent for the previous week and 7.2 per cent for the year to date. Current orders were about 14 per cent of sawmill capacity.

FOREST WORK MAY START IN 10 DAYS

Washington, April 1.—Government officials who will bear the brunt of administering the Roosevelt forest conservation-unemployment program today undertook to put men to work within two weeks.

R. C. Stuart, chief of the forest service, after talking with representatives of the agriculture and interior departments, said he expected preliminary details to be worked out by Thursday.

The chief forester has taken charge of rounding up the activities, pending appointment by President Roosevelt of a coordinator to act in a supervisory capacity.

Next week the department hopes to start selecting the men from among the unemployed in large cities through registration offices. The men probably will receive \$30 a month and subsistence.

COUNCIL

The following bills were audited and allowed at the regular meeting of the city council:

C. G. Eugene Trans. hauling \$	50
Fire department	22.00
C. G. Sentinel, ptg. and sup.	25.55
Recorder, cash	.75

H. W. Lombard, salary, exp.	25.50
C. E. Frost, salary	10.00
C. F. Foster, street cleaning	64.50
L. W. Coiner, salary	125.00
Frederick Post, Co., mdse.	1.21
C. G. Lumber Co.	12.51

NOTICE.
Notice is hereby given to owners of dogs. All dogs must be kept from running at large within the city of Cottage Grove. Dogs will be taken up and owner arrested for permitting the same.
G. B. PITCHER,
a7c City Marshal.

Investiture Services Held For Scouts

Investiture services for scout troop No. 48 were held Thursday evening, March 30, at the army building with Percy Brown, Carl Heide and Lloyd Payne of Eugene conducting the ceremony. After the ceremony a short talk was given and pictures shown of Camp Lucky Boy, the Williams council summer camp.

The following boys were invested with the Tenderfoot badge and certificate so are charter members of the new troop: LaVerne Brees, Keith Brees, Ruben Huff, Bob Grannis, John Ishmael, Ray McCullough, Edwin Tandy, Don Ties, Sam Evenson, Carol Lewis, Robert Lewis, Norman Blackmore and Billy Bartels.

Troop No. 48 is sponsored by the Lions club with Vinal Handall, William Thum and E. H. Luce as committeemen, M. C. Hickenbottom, scoutmaster, and Lewellyn Rex, assistant scoutmaster.

500 START IN MINING CLASS HELD IN EUGENE

The present unusual interest in mining was indicated when nearly 500 were present Saturday afternoon for the first class in practical mining sponsored by the Eugene chamber of commerce in conjunction with the state board of higher education.

The purpose of the course and methods to be used, including lectures, laboratory work and field work, were explained and Dr. Warren D. Smith, of the university, lectured on rocks and minerals and the role gold plays in civilization.

The course is being conducted for the purpose of giving an insight into a practical mining problem, including such items as gold mining, tracing out veins of ore from color found in streams, the different types of ores and where they are found and their market values.

The course is designed to aid residents of this section of the state to participate in the development of the mining industry here, according to sponsors of the course.

More than 100 university students are enrolled and the others are residents from every section of the county, especially from those sections where there is some mining development.

The course will run for 10 weeks. The next meeting will be at 1 o'clock this Saturday, at which time Robert M. Betts, president of the Oregon State Mining congress, will lecture on "Formation of a Mining Company Its Financial Set-up and Other Details."

PREPARATIONS MADE FOR MINING ACTIVITY

Early activities at the Musick mine in the Bohemia district are indicated by the arrival of several persons to get things in readiness for the arrival of machinery and the expected arrival of Eugene G. A. Collins of San Francisco, who announced last fall that he had enlisted capital for the installation of a flotation plant and for putting the mine into operation. Mr. Collins is well known here and has for several years been endeavoring to interest capital in the district.

Those who have arrived are Dick Collins (son of G. A. Collins) and Harold Beeson, San Francisco; Winchel Simpson and Fred Weinick, Los Angeles, and Harry Efferbach, also from California, who is a machinist and will be in charge of installation.

High School Notes

The members of the honor society voted at their meeting last Wednesday to purchase one-bar pins for those who had earned 24 points or more and two-bar pins for those who had earned 40 or more points. The freshman class voted at its class meeting last Wednesday to take over the project of getting the track field into condition for the track meet.

The letter girls and all girls who have won ten points in athletics this year took a short hike after school Wednesday. They took their lunches.

Niles Manbeck, Thomas Sprunk, Leontine Stark, Jean Short, Janice Grace Hohman, freshmen, were absent from school several days last week.

The following girls went on a six-mile hike Saturday out Lorane road: Lucile Bogan, Genevieve Bressler, Christine and Margaret Shelburne, Margaret Wilson, Ruth Stowell, Maxine Sowles, Ailene Turner and May Aubrey.

Rebecca Hopper, freshman, returned to school after an absence of several days.

Visitors at the high school last week were Gertrude Cochran, Lucille Burge, Linn Chapman and Warren Cooper.

Desire Ishmael, assisted by Irene Shanda, entertained Lucile Bogan and Ruby Ballaw at dinner at the practice house Monday evening.

Miss Lula Curran motored to Eugene Saturday to meet Mrs. Orpah Benson, a former teacher of Cottage Grove high school. Mrs. Benson is now teaching in Oregon City.

Miss Bowen and Miss Sara-Louise Shields attended the second meeting of the Oregon Home Economic association in Corvallis Saturday. Jane S. Hinkley, regional supervisor of the Smith-Hughes home economics work was one of the speakers.

The grade teachers held their monthly meeting and dinner at the Bartell hotel Monday night. Miss Rose and Miss Hammet reported on their study of "Remedial and Diagnostic Teaching of the Social Studies."

Delinquent Taxes Being Paid.

Delinquent taxes amounting to more than \$20,000 collected for years as far back as 1914 were turned over to County Treasurer Grace Schiaka Friday by Lloyd Howe, tax deputy in the office of Sheriff Swartz.

Mr. Howe said that delinquent tax collections are surprisingly good due to the new law which eliminates penalty and interest.

The sums turned over as collected for the different years are as follows: For 1931, \$13,061.46; for 1928, \$497.85; for 1927, \$352.49; for 1914 to 1926 inclusive, \$390.73.
