An added feature at the meeting of the Masonic lodge was the conferring of the Knights de Benedict, or thirty-fourth and last degree, on Philip Sousa Bukowski, newlywed.

**Computing Distances**  
The terms "easy walking distance" and "easy motoring distance" are relative. As an hour's walk is not considered difficult for the average person, any distance that may be covered within that time at a three-mile pace is generally accepted as easy walking distance. Similarly, a distance that may be covered by motor in three or four hours at an average speed of 25 to 30 miles an hour may be taken as easy motoring distance.

**Home of Forty Million**  
While about the same size as Cuba, Java is the home of some 40,000,000 people. We marvel at the contrasts—the characteristic Dutch qualities of thoroughness, cleanliness and good order mark Batavia and its environs as of the West, but the East is everywhere present through the luxurians of the vegetation and the streets filled with colorful crowds of brown and yellow people.

**Sweet Friendship**  
Nothing delights the mind so much as true and sweet friendship. What a blessing it is when there are hearts prepared for you in which every secret rests securely, whose knowledge you fear less than your own, whose conversation calms your anxieties, whose opinion aids your plan, whose mirth dispels your sorrows, and whose very sight delights you.—Seneca.

**Beautiful Islands**  
Like stepping stones, for a giant, the Windward and Leeward islands of the West Indies stretch in a long curving line from Puerto Rico down to the north coast of South America, says a traveler. A voyage through these islands is an enchanting prospect. Each is like a separate country with its own quaint features and unusual attractions.

**Old Graves Found**  
Believed to be five thousand years old, a grave has been discovered on a farm near Oyne, Scotland. Dr. Graham Callender, director of the National Museum of Antiquities at Edinburgh, reports that the body had been placed in a crouching position, as was the custom during the early Bronze age, possibly 1500 B. C.

**"Drowned" Rivers**  
In physical geography the term "drowned" is applied to land which has been submerged by water either by raising the water or sinking the land. The term is particularly applied to rivers the lower courses of which valleys have been converted into estuaries by raising the water.

**Bible Relic Finds Home**  
A Bible, washed ashore at Scituate, Mass., when the old Minot's lighthouse was wrecked by the great storm of 1840, has been presented to the Scituate Historical society.

**Good Advice**  
Handwriting that can only be read with the aid of a chart is no sign of a superior mind. Whatever one has to say in writing should be said legibly.—Exchange

**Needs Changing**  
Correct this sentence: "I favor what is best for my country," said the earnest citizen, "regardless of the effect on my pocketbook."—Los Angeles Times.

**Ineffectual**

**The Straight Worm**  
Lima Beans says the lowest state of mind he ever reaches is to feel like a worm with no ambition to turn.—Toledo Blade.

**Cattle in Virgil's Time**  
Virgil's description of a good cow leads us to believe that selection by type was the only method then employed.

**War Dead Honored**  
Rumania has a perpetual flame to honor its World War dead in Bucharest, and Belgium has one in Brussels.

**Placer Gold Purest**  
Gold recovered from placer deposits is ordinarily purer than that produced from lode deposits.

**Life's Great Blessings**  
The greatest blessings in life are good health and good understanding.—Greek Proverb.

**There Are Sharks in Them, Too**  
Many a poor sucker has been caught in Wall Street pools.—Los Angeles Times.

**Strength of Hair**  
A single human hair will support a weight of four ounces before breaking.

**Summing It Up**  
Life is what it always has been, and always will be. No use to make a fuss.

**Archeological Find**  
The most ancient intact Egyptian tomb of a royal person yet found is the secret tomb of the mother of Cheops discovered in March, 1925, cleared in 1926-27 by members of the staff of the Harvard-Boston Museum expedition. The tomb dates from around 3000 B. C.

**Summing It Up**  
Sorrows are lingering guests—the more they are made of, the longer they will stay.

**Shark's Varied Menu**  
Charleston (S. C.) fisherman caught an 11-foot shark and found in its stomach ham bones, beef and chicken bones and a seaman's coat.

**Highest Mountain Peaks**  
Of the 55 named mountain peaks of the United States (exclusive of Alaska) which exceed 14,000 feet in height, Colorado has 42. There are probably at least five more peaks of that altitude in Colorado which remain unnamed.

**McDonald Theater Plans Big Picture Program**

The Evergreen States Amusement company, which assumed control of the McDonald and Rex theaters in Eugene Monday, May 15, announces a "new deal" for the McDonald theater. The price schedule for matinees Monday to Saturday, 25 cents every night in the week and 25 cents all day Sundays and holidays. The McDonald will be under the personal management of Ray Jones, who promises many splendid programs. The famous musical comedy hit, "42nd Street," is playing in this week's program. Sunday, May 21, will see Wheeler and Woolsey in their newest riot of tomfoolery, "Diplomaniacs," which is a burlesque on what our senators do at Washington. This opera will be shown for three days and will be followed by Katherine Hepburn in "Christopher Strong," and the personal appearance of the Guild Hall Players from the University of Oregon in their annual spring play under the direction of Mrs. Othlie Seybolt.

The Eugene Gleason will appear in his thirteenth semi-annual concert Friday night, May 26. On the screen will be Irene Dunne and Joel McCrea in "Silver Cord." The price for the evening will be 35 cents. The celebrated Barrymore family will next be seen at the McDonald in their first co-starring vehicle, "Rasputin and the Empress," which will be the feature for three days beginning May 28.

**THIS IS TOO MUCH TO ASK OF ANY WOMAN FOR 1¢ A WASHING**

An electric washer will do the entire family washing for about 1 cent's worth of electricity and save the wear and tear of a wash-board on the clothes. (To say nothing of the wear and tear on nerves, health and appearance.) Electric service is cheap; by far the cheapest service you can buy. It will perform nearly all of your household tasks perfectly, in a fraction of the time required to do them by hand.

Complete "ALL ELECTRIC" service for an entire month (which includes everything from sunshine for the baby to cooking and refrigeration for the entire family) for less than the weekly wage of a good servant. Electricity is so clean, quiet and convenient that it is hard to realize the extent of the service we receive for the small amount we pay.
