How One Woman Lost 20 Lbs. of Fat
Lost Her Prominent Hips—
Double Chin—Sluggishness
Gained A Shapely Figure

If you are fat how would you like to lose it and at the same time gain in physical charm and acquire a clean, clear skin and eyes that sparkle with buoyant health? Why not do what thousands of women have done to get rid of pounds of unwanted fat? Take one half teaspoon of Kruschen Salts in a glass of hot water every morning before breakfast and keep it up for 30 days. You can help the action of Kruschen by cutting down on pastry and fatty meats and going light on potatoes, butter and cream. Then weigh yourself and see how many pounds you have lost.

Kruschen Salts are a blend of 6 salts most helpful to body health. Best of all, a bottle of Kruschen Salts that will last you for 4 weeks costs but a trifle. Ask Cottage Grove Pharmacy for a bottle and start to lose fat today. It's the safe way to reduce but be sure you get Kruschen — your health comes first.

What is an opportunity? It sometimes seems as though this question is specifically defined. It is defined in part in a dictionary as "a time or occasion attended with propitious or favoring circumstances." Have we ever found ourselves in a position where it was impossible to do good — where there was no occasion for it, no opportunity for ourselves or others, in the service of God? Surely the opportunity for service is ever available, and is the spirit and essence of all employment. Our main trouble has been in measuring opportunity in terms of selfishness, forgetting that our own need can really be supplied only as we bless others. True service is designed to benefit and bless our fellow men. If this sense of opportunity were grasped and utilized, unemployment would be as impossible as an amalgama- tion of light and darkness.

Some may claim that their failure was due to a lack of opportu- nity, thus making opportunity the cause of success and the lack of it the cause of failure. The fact is that opportunity is a state of mind, a nature, a readiness of the spiritual, mental condition. Hope, faith, and love offer continuous opportunities, while their opposi- tional opposites—despair, doubt, and hate—are blind and ignorant and cannot recognize a true oppor- tunity. Only while thought wanders in the morass of material- mindedness does opportunity seem to be blighted. Enlightened thought sees opportunity of one kind or another in every experi- ence.

On pages 232 and 233 of "Sci- ence and Health with Key to the Scriptures" Mary Baker Eddy writes, "There is neither place nor opportunity in Science for error of any sort." Thus we learn that disease, sin, and discord have no opportunity to be expressed, with- out a nature not receptive but faithful. In Christian Science we find that evil and error, not being derived from God, are without in- Science or verity.

Opportunity
The law of cause and effect oper- ating through Christian Science supplies all opportunity to accom- plish every good work. What greater opportunity could anyone visualize than that offered in the words of Christ Jesus, "If ye abide in me, and my words abide in you, ye shall ask what ye will, and it shall be done unto you." If I thought dwells in God, then all de- sirable things are possible. It is only erroneous belief that renders obscure the infinite possibilities of man. As we understand the false nature of evil—its powerlessness, even nothingness—all obscuring, and ambiguity will vanish, and harmony be discerned as the nat- ural order of being.

Possibility implies opportunity. The occasion for righteous attain- ment is here and now. Infinite good, the all-knowing Mind, is eternally conscious of all the phe- nomena of real being. All good is possible because it is the expres- sion of perfect Being. The oppor- tunity to accomplish any good and worthy purpose is God-bestowed. Why, then, does there seem to be so little opportunity? Mainly because mortals allow their vision to be clouded by evil—fear, envy, jealousy, malice, revenge. We run into disappointment when we seek material rather than spir- itual truth, forgetting that spiri- tual suggestions blinds the vision of mortals. In this wrong state of thought one may not discern the opportunity at hand. Paul saw this when he admonished, "And be not conformed to this world: but be ye transformed by the renewing of your mind." That is, Allow not your thoughts to wan- der in mortal or evil ways, but transform your consciousness by thinking spiritual thoughts. We are to do this that we "may prove what is that good, and acceptable, and perfect, will of God." In the way only can we fulfill the grand possibilities of real being.

When we cease looking for oppor- tunities from without—from environment, person, place, or thing—and look for them in the realm of true thought, we shall not meet with disillusionment and frustration. The spiritually en- lightened thought is in possession of the spiritual faculties which dis- cern distinct and serviceable op- portunities.

We always have one oppor- tunity of employment that we seem prone to overlook. It is the opportunity of improving our thinking. When we realize the connection between our thinking and our environment, and discern the true meaning of cause and ef- fect, we shall vigilantly increase our efforts to be faithful to Truth by thinking constructive and spir- itual thoughts.—The Christian Sci- ence Monitor.
