

LOG HAULERS GIVEN TEMPORARY REPRIEVE

Question Now Is Whether Commissioner Thomas Will Uphold Deputy.

Mil operators of this section and log haulers are somewhat heartened by a temporary reprieve from the provisions of the transportation act of the recent legislature given by a deputy of Public Utilities Commissioner Thomas during the absence of Mr. Thomas. Whether or not Thomas will sustain his deputy and make the reprieve permanent is not yet known.

This action followed a conference of special carriers, were charged with public liability and property damage insurance, a \$5 permit fee to the public utilities commission and 45 cents per hundred weight on the combined weight of their trailer and its maximum load, payable quarterly, in addition to the truck license.

Under the contract carrier provision they were charged the mill per ton mile on extreme mileage on all trips beyond a three-mile zone or have the option of paying six per cent of lumber to States on trips extending beyond the three mile zone.

WOOD BRIDGES TO BE SUBJECT LUMBERMEN

The question of wood bridges on the Oregon Coast highway is expected to feature discussions at the regular meeting of the Willamette Valley Lumbermen's association in Eugene tonight.

Lost Girl Is Found At Camp Asleep

London, July 19. — (Special.) — While relatives of 4-year-old Dorothy Krewson of London were searching for her several days ago, believing her lost, she was sleeping in the nearby woods. Her mother and aunt who were assisting in the search. The little tot, daughter of Len Krewson, wandered away from a group of children while out hunting hazelnuts. She was not found until 11 o'clock after the searchers had about given up hope.

180 Persons Registered R. C. Swimming Classes

About 180 are registered in classes in a free Red Cross course in swimming and life saving being sponsored again this year by the Lions club, that started Monday forenoon at the steel bridge swimming hole and will continue for 10 days. Milo Marlatt of Eugene is the instructor and his assistants are Madeline Heider, Velma Davis and Alvin Hodgson of this city. The forenoon classes are for beginners and the afternoon classes are for junior and senior life saving and adult classes.

The editor exhibiting the knickers he won in the state editorial association golf tournament for low gross, long drive and long putt. He hasn't told any of the home boys what the score was nor how long the drive and putt were.

Girls Long Ago Were For Short Dresses

Way back in 1923 a group of women in Kansas City entered into an agreement not to wear on the streets any dress that did not miss the ground by at least three inches, and they probably were called all kind of names by the editors of that day, some of whom lived to see women wear dresses that missed the hem by but a few inches.

The Sentinel gets this information out of an old copy it has received of the Florence West dated March 17, 1923. The paper was then about four years of age. It was started at about the same time as the Cottage Grove Leader, now combined with The Sentinel.

George Melvin Miller was advertising Florence as the first-class city of the West. From the New York Knicker & Getty afterwards to become identified with the Bohemia mining district and Cottage Grove. He carried an advertisement telling of their store of dry goods and groceries in their store at Seaton. They also told that they were notaries public.

Qualifications of an Editor. All editors have to do to sit at a desk six days out of the week, four weeks out of the month and edit such stuff as this: "Mrs. Jones, of Cactus Creek, let a can opener slip last week and cut herself in the pantry."

While Harold Green was escorting Miss Violet Wain from the church social last Saturday night a savage dog attacked them and bit Mr. Green several times on the public square.

Isaiah Trimmer, of Running Creek, was playing with a cat Friday, when it scratched him on the forehead.

Edna Burnell was born March 6, 1897, at Miranda, Cal., was aged 36 years, and was married at Portland, Ore., March 9, 1920, to Lenny Krewson, who survives. She was a member of the Pentecostal church and came here from Chico, Cal., six years ago. Surviving relatives are four children, Lois Leonard, Clarence and Dorothy, all at home; the mother, Mrs. M. R. and Manfred, Chico, Cal.; four sisters, Mrs. Ruth Thompson, Mrs. Helen Smith, Mrs. Margaret Adkins and Mrs. Eleanor Narwick, Chico, Cal.

Brice Creek C. C. C.

What at first appeared likely to be a no-hit, no-run game for the team of the Brice Creek baseball team, turned into an interesting batting and fielding contest Sunday when the headquarters team of Eugene was scalped by a score of 8 to 2.

A few of the boys had a novel experience last week. In Kansas when one scoops snow he seldom thinks of taking the shovel and the shovel and sun burning at the same time. The boys under Ryce Wilson on the road above Champion mill had just that experience when they cleared the road bed of snow last week.

Major Corlett, commanding officer of the Eugene district, was a visitor here Sunday. He was well pleased with the camp and the work being done by the boys.

Visitors of distinction at Brice creek camp the past week were Mr. Burgess, acting fire chief, a supervisor; Tom Watson, chief clerk at the Roseburg forest headquarters; Mr. McReynolds, acting fire assistant; and the principal of the Roseburg union high. Mr. Burgess said that the camp looked fine and that the boys are doing good work on the Brice creek road. He also stated that the Kansas boys are a fine bunch of fellows.

CHLORATE WEED KILLS FOUND SATISFACTORY

County Agent Will Again Pool Orders Twice a Week for Sprays Used.

Demonstrations and field trials conducted in Lane county during the last five years show that chlorate of soda is effective in controlling Canada thistle, wild morning glory, blackberry plants, poison oak, wild rose bushes, and other plants. Both sodium chlorate and the calcium chlorate weed killer known as alacide were used. Four pounds of alacide per square rod were required to give a good kill as three pounds of sodium chlorate.

Row River Goes in For Turkeys, Guinea Hens

Dorena, July 19. — (Special.) — Turkeys are coming into their own in the Row river country—hundreds of them are being raised here. The guinea-hen is also abundant in the land. Several ranchers have a small start in them, while Mr. and Mrs. Van Schoeck have a fine flock of guinea hens in any section. Generally speaking, they are not popular among ranchers, on account of the amount of noise they make, but something is to be said in favor of that, for they will scare away the biggest hawk.

Lutherans Hold Mission Festival. The Cottage Grove Lutheran church held its annual mission festival and church picnic Sunday afternoon at the home of Mrs. Fahrenwald. W. Sylvester of Roseburg, pastor of the local church, delivered an address, "Abound Ye in the Work of the Lord," which was the special mission service held in forenoon. A cafeteria luncheon was served at noon and the afternoon was spent playing ball and socializing. About 70 attended, including a number from Roseburg, Sutherlin and Eugene.

Canada Thistles Must Be Removed. Warnings have been issued by County Fruit Inspector Stewart that prosecutions will be started shortly against any owners of land who have permitted Canada thistles to grow on their property. Federal land banks are refusing to make loans on property that is infested with the weed, which is an added reason why many Lane county farmers should fight the pest.

County Warrants Are Called. Delinquent payments of taxes have resulted in the county treasurer issuing a call for all outstanding market road warrants, for all special road warrants registered up to March 1 of this year and for all other warrants up to January 4 of this year.

Californians Spend Vacation Here

Dorena, July 19. — (Special.) — Mr. and Mrs. W. L. Fore, Mrs. Nancy A. Fore (Mrs. Fore's mother), and Jet R. Fore, nephew, Los Angeles, returned home the first of the week after spending 10 days on the Fore 55-acre ranch on Harms creek. Mr. Fore has been with the Los Angeles police force for 15 years and is now a lieutenant.

Years ago several large mills were in operation on this line and two mills in the city were served with logs that came over the line. As timber tracts were cut out the mills were closed, then the bottom dropped out of the lumber market. There are yet great tracts of timber tributary to the railroad and now the Bohemia Lumber company with a new mill, is in full operation at Culp Creek and the Scott mill, at the same point, has resumed full operations. Another mill, to be operated under the name of the Walden Lumber company, and owned by Eastburn brothers, who came here from Junction City, is expected to go into operation next Monday at Walden. An old mill at this location has been inactive for many years.

The Anderson & Middleton Lumber company, in the hands of receivers, has a contract to cut 400,000,000 feet of government timber near Lacey creek ranger station and several years ago spent a large sum of money preparing a millsite near Dorena and building railway into the timber. There have been rumors that the owners of this company are nearly cut out at Aberdeen and contemplate operations here, but no direct word has been received here. This company also owns large tracts of timber near its millsite.

Repairs to roadbed and bridges are being made by the railway. The city's other logging railway, owned by J. H. Chambers & Son, is active in handling logs for the Chambers mill located in this city. This is not a common carrier but the O. P. & E. is.

Alfalfa Is Doing Well in Row River Country

Dorena, July 19. — (Special.) — Land brokers report a very satisfactory alfalfa hay crop this season. The alfalfa crop in the Row River valley is exceptionally good. C. M. McLean's fields have gone the limit. C. A. and Ray Van Schoeck have been receiving orders for their first year production. Charles Teeters has become an exponent of alfalfa. His experiment this year was on which he calls about one-third of an acre. He cut the first crop and having fed about one-third of it green and then stowed away 1,500 pounds of fine hay. Then comes the second crop. Mr. Teeters is leading five acres this spring. The first cutting gave a yield of one and one-fourth tons to the acre. Alfalfa has come to stay in the Row River country.

Reports are coming in of good crops generally throughout the valley and fall gardens are looking fine.

Bride Hardly Noticed at Wedding Ceremony

(Humorous account of recent wedding.) Thornton Corners, July 15. — (Special.) — Mr. Harold Tonole, son of Mr. and Mrs. Pete Tonole of Cottage Grove, Oregon, became the groom of Miss Vera Gibson at 8 o'clock July second. The ceremony took place at the Laurelwood church at Gaston, Oregon, with an attendance of over 900. Mr. Tonole was attended by Mr. Harold Hartley as groomsmen and Mr. Frank Gibson and Harold Wade as ushers.

As the groom approached the altar he was the cynosure of all eyes, blushing prettily as he replied to the questions of the clergyman in tones low yet firm. The bride was charmingly clad in a three-piece suit consisting of coat, pants and vest. The coat was of dark material, was draped at the shoulders and tastefully gathered under the arms. A pretty sigh was current among the guests as they gazed at the bride, who was wearing a crown of white flowers and a large Ingersoll watch, the bride's gift to the groom, which gave just the needed touch of brilliance to the costume in perfect taste and harmony.

The groom's pants were of dark worsted and were suspended from the waist, falling in the new straight line nearly to the floor. The severe simplicity of the garment was relieved by the right leg, which was caught up about four inches by a black garter, revealing just an intriguing glimpse of black hosiery. The groom's neck was encircled by white collar, characterized by a delicate saw edge. Around the collar was loosely tied a cravat, that it rode up under his left ear with that studied effect of carelessness which marks supreme artistry in dress.

Mr. Hartley's costume was essentially like that of the groom and the two stood at the altar, a hush of awe administered throughout the audience at the complete and wonderful harmony of their raiment. Groom and groomsmen could not have been told apart had it not been for the little touch of court plaster worn by Mr. Tonole to cover a nick in his chin made by his safety razor. Neither Mr. Tonole nor Mr. Hartley wore a hat at the ceremony.

As the bride led Mr. Tonole from the nuptials it was noted that she wore the conventional veil and orange blossoms.

O. P. & E. RAILWAY IS AGAIN ON ACTIVE LIST

Resumption Operations by Saw Mills Brings Business to Carrier.

If railroad activity is an index to prosperity, Cottage Grove should be coming in for its share, for the Oregon Pacific & Eastern railway, which serves the Row River valley, has more business than for several years. This is due to activity in the lumber business.

Years ago several large mills were in operation on this line and two mills in the city were served with logs that came over the line. As timber tracts were cut out the mills were closed, then the bottom dropped out of the lumber market. There are yet great tracts of timber tributary to the railroad and now the Bohemia Lumber company with a new mill, is in full operation at Culp Creek and the Scott mill, at the same point, has resumed full operations. Another mill, to be operated under the name of the Walden Lumber company, and owned by Eastburn brothers, who came here from Junction City, is expected to go into operation next Monday at Walden. An old mill at this location has been inactive for many years.

There have been rumors that the owners of this company are nearly cut out at Aberdeen and contemplate operations here, but no direct word has been received here. County Canner to Be Here July 31

The county canner will be in Cottage Grove July 31, August 1 and 2 and again September 22, 23. Requisitions for use of the canner must be secured from the local relief committee. Only those who have been receiving county who are in real need of the service of the canner will be permitted to use it.

A letter from the Red Cross says the majority of family of four should put up at least 400 quarts of fruit and vegetables. The canner will specialize in tomatoes, beans and peas. Each person must prepare his own material and will make payment for cans by giving the county one can out of every six canned.

Boy, 22 Rifle, Dog Cow Is Killed

London, July 20. — (Special.) — A cow belonging to Mr. and Mrs. Joe Geer was killed in an odd accident a few days ago. Mr. and Mrs. Geer's 12-year-old son, Marvel, was leading a 22 rifle preparatory to shooting a rabbit when a dog bounded against him, causing the gun to be discharged. The bullet struck the cow in the neck, causing her death.

Retail Grocers Ready To Adopt Code

A number of the retail grocers of the city are expected to attend a meeting of retail grocers of the county, to be held at 8 o'clock Monday night at the Eugene chamber of commerce. The purpose of the meeting is to agree upon a county code to be submitted to the federal government.

Less than half the American homes measure up to minimum standards of health, it is said.
