Tells How She Lost 15 Lbs. of FAT

Rheumatism Gone Too

Here is a woman who was rapidly putting on weight and who was troubled with rheumatism too. Read her letter:

"I started taking Kruschen Salts because of the good it had done for a friend of mine who had been crippled with rheumatism. At the end of the second bottle I was weighed and find I am now only 148 pounds (original weight 163 lbs.), at which I am so pleased. But I have also felt my rheumatism much less, which has been so troublesome in my knees. I must say I think Kruschen a splendid weight reducer." (Miss) E. L. P.

Overweight and rheumatic poisoning often go together. The six salts in Kruschen assist the internal organs to perform their functions properly—little by little that ugly fat goes; slowly, yes—but surely. You feel wonderfully healthy, youthful and energetic — more so than ever before in your life!

Kruschen Salts is obtainable at Cottage Grove Pharmacy — a jar lasts four weeks and costs not more than 85c. (2)

Medo-Land Creamery Co., Home of Gold Medal Dairy Products

The Medo-Land Creamery Co. is located at 675 Charnelton St., in Eugene, Phone 393. Top market prices always paid for cream at this popular place, which is also the home of Gold Medal Products.

Perhaps no part of agriculture has made such forward strides in the past few years as dairying. When we speak of dairying today, we must first consider the fact that it is one of the greatest assets to any community—it is one of our government's greatest sources of income—it is national in its scope, and is practically the only division of our agricultural enterprises which affords the producer — the man who milks the cows—a year 'round income.

Years ago a farmer who milked cows was looked upon with disdain by his neighbors, and although these neighbors did not say so, they had a thought that their "cow-milking neighbor" was not as intelligent as they thought he should be. What has brought this change of condition? you may ask. There are several very prominent reasons, but we believe the chief of these is the markets. No longer has the producer to make his product into butter, take it to town and endeavor to sell it. No indeed! He has several ways of disposing of his products in their raw state, to which little or no labor is attached. Now he can market his product as milk—he can separate it and sell it as sweet cream or, if he prefers, he can sell it as sour cream.

In their community there has perhaps been no greater factor in increasing the wealth and prosperity of our people than the Medo-Land Creamery Co. This firm started business a number of years ago, but through their initiative and good business judgment, they have developed until today they have a business which is second to none as far as efficiency is concerned. This concern has always endeavored to buy the cream of the producers of its locality. They have given the producer a market for his product every 365 days in the year, and today they stand as leaders in everything where the interest of the milk or cream producer is concerned.

While they have done these things from a producing standpoint they have also had to develop outlets for their finished products — and so well has this been accomplished that it is practically an impossibility to go into any town of any importance within many miles of Eugene and not find Gold Medal products.

Both the securing of the raw material and the marketing of the finished product cannot, of course, be accomplished unless there is efficiency in the manufacturing of these products and the Medo-Land Creamery Co. is one of the most efficient, sanitary and modern manufacturing plants in Oregon, where visitors are always sure of a hearty welcome.

Consumers of butter, as well as producer of milk and cream in this community, can well afford to patronize this firm, which has been an asset to the dairy industry in an general and to its community in particular for the past few years because they are reliable; they are here to stay; and they have been "weighed in the balance" and found worthy of the trust anyone may feel disposed to place in them. Let us not forget that a great deal of the goodness is the result of the quality of raw material which is produced in this county.

Branstetter-Simon Chapel—Founded 1883

Located at 1152 Olive St., Is Well-known in this Section and Provides Up-to-date Equipment and a Pleasing Personal Service—Phone 433.

In this business review it is necessary to mention the efficient and conscientious work which has secured for this prominent professional firm an enviable place among the most modern funeral directors and embalmers in the state.

There is no vocation requiring for its successful prosecution a greater natural aptitude than that of the funeral director, and this particularly applies to this leading representative of the profession. By conscientious and untiring efforts the Branstetter-Simon Chapel have progressed from a modest beginning until today they are favored with a patronage extending into all surrounding counties.

As is generally known this firm of Branstetter-Simon Chapel is recognized as among the most conscientious people in this line in this section, and the distinction is well merited as the excellent service rendered in this practice will testify. It can be truly said that no others in this section engaged in the calling of which they are able exponents have made a closer study of their business, or are better equipped to carry out all the work attendant upon the calling.

A modern funeral chapel is placed at the disposal of their patrons which is not only an accommodation to those in apartments or houses with limited rooms, but is one of the best establishments of its kind in the entire state. It is fully in accordance with the latest and most metropolitan plan of diplomatic service for it has become the accepted system in larger cities for people even in the most luxurious homes to make use of such perfectly appointed funeral chapels as this is. They furnish you a strictly up-to-date equipment, including the best of motor vehicles.

This well known firm of Branstetter-Simon has by its professional work of the highest order, gained a name as thoroughly reliable funeral directors, which is not confined to the city alone, but extends throughout this and adjoining counties.

It is highly proper and fitting in this review that we give this firm of Branstetter-Simon commendable mention as being among our leading and useful citizens, who by the successful practice of the necessary profession have gained naught but the good will of all whom they have served.
