HOW MUCH

FOR YOUR EYES

YOUR EYES are your most precious possession. They are the most useful and at the same time the most delicate parts of your whole body. To last through your lifetime, you must guard them carefully and give them constant protection. To strain the eyes now is to lessen their usefulness later in life. Your eyes were made for outdoor seeing. Modern civilization puts a tremendous extra burden upon them. Good light is necessary for proper seeing. Wherever there is poor light, eye-strain is sure to occur. Look to your lighting if you would keep the priceless treasure of good eyesight.
