To All Who Suffer Stomach Distress, Gas and Indigestion

Money Back If One Bottle of Dare's Mentha Pepsin Doesn't Do You More Good Than Anything You Ever Used.

You can be so distressed with gas and fullness and bloating from overworked, abused or weak stomach that you think your heart is going to stop beating. Your stomach may be so distended that your breathing is short and gaspy. You think perhaps you are suffocating. You are dizzy and pray for quick relief—what's to be done? Just one tablespoonful of Dare's Mentha Pepsin and speedily the gas disappears, the pressing on the heart ceases and you can breathe deeply and naturally. Oh! What blessed relief; but why not get rid of such attacks altogether? Why have them at all? With this wonderful medicine you can overcome dyspepsia, or that condition of faulty digestion that keeps the stomach in constant rebellion and one bottle will prove it. Over 6,000 bottles sold in one small New Jersey town in one year and the best druggists the country over concede that its phenomenal sales are due to the fact that most cases are promptly relieved. Ask for Dare's Mentha Pepsin, a pleasant to take health-building stomach elixir that regular pharmacists anywhere in America guarantee.
