TIRED, NERVOUS, RUN-DOWN? fight "colds" the vitamin way

Your health power shrinks in winter. You stay indoors more—get less exercise, less fresh air. The sunshine is sickly. As a result, you catch "colds" easily, you can't sleep, you feel off your feed. Science tells us that "colds" and other winter illnesses are often the result of lack of vitamins A and D. A is your body's first line of defense against infection. D—the "sunshine" vitamin—builds body, bones and to th. Thanks to modern discoveries, you can obtain these two valuable vitamins throughout the winter. McKesson's has separated them from cod liver oil, and concentrated them in delicious chocolate-coated tablets.

McKesson's VITAMIN CONCENTRATE TABLETS OF COD LIVER OIL help you stop "colds" before they start, and give new vitality. Each tablet brings you all the vitamins in one teaspoonful of U. S. P. X. (revised 1934) Cod Liver Oil. Take them yourself, and give them to your children. They contain calcium and phosphorus to help youngsters build sturdy bones and sound, even teeth. These tablets are a food, not a medicine. Get them at your druggist's. A dollar bottle brings you 100 tablets. Children love their tempting taste. Protect your family from the danger of becoming "run-down" with McKesson's VITAMIN CONCENTRATE TABLETS.
