MOTORIST ON RIGHT IS AGAIN FAVORED

Old Traffic Regulation Becomes New One When New Law Effective.

Now, and until June 12, the motorist entering the intersection first has the right of way, but after that date the driver on the right will take the honor. This is pointed out by the Oregon State Motor association, which warns that the change probably will catch many automobile operators unawares.

The new right of way law was passed at the last session of the Oregon state legislature. The old rule, it was contended, was found confusing to many motorists and made traffic court squabbles difficult to settle. After June 12 the law will be similar to that contained in the old "rules of the road."

Drivers when approaching high-way intersections shall look out for and give right of way to vehicles on the right, simultaneously approaching a given point, whether such vehicle first enter and reach the intersection or not," the new law reads. This provision does not apply at an intersection where and when traffic is controlled by traffic signals or police officers.

A further important feature, the motor association explained, provides that "any driver entering an intersection at an unlawful speed shall forfeit any right of way which he would otherwise have under this subdivision."

One danger attendant to the change has been called to the attention of motorists. Some drivers may believe that the rule entitles them when on the right to take the right of way at any time, ignoring the traffic on the left, according to the motor association.

All motorists have been warned to look both ways, and drive slowly, when approaching intersection. The association stressed the importance of the speed feature of the law, declaring that it is easy to drive through an intersection at an illegal speed and be in the wrong even though on the right.

AS A LAST RESORT HE TRIED WILLIAMS S. L. K. FORMULA

Unable to Work for Weeks, Sleep Impossible, Indigestion, Nervousness and Weakness Made Life Miserable. Now Feels Fine.

"There is nothing like Williams S.L.K. Formula," says Mr. John Gage, garage man at Highland, Kansas.

"For years I had nervous headaches and acute attacks of indigestion. I did not dare eat many foods because they bloated me so much that for weeks I would be unable to work. I was told that I had an ulcerated stomach and gall stones. "A good night's sleep was impossible. I was as miserable as I could be, for the medicines I took did me little or no good. I began taking Williams S.L.K. Formula as a last resort. After a few doses of this medicine I was relieved of my former misery and pain; I improved until I enjoyed good health again. Two years have passed since I took a course of this medicine, and I am still enjoying the best of health."

Williams S.L.K. Formula is based on a doctor's prescription for stomach, liver and kidney disorders, associated with constipation, sour or gassy stomach, distress after eating, sick headache, neuralgia, rheumatic pain, neuritis, biliousness, dyspepsia, heartburn, general weakness and loss of vitality. If you suffer, don't wait. Go to Kelly's Drug Store today and get your bottle of Williams S.L.K. Formula. The druggist will tell you how good it is.
