Foulbrood, Worst Disease

Foulbrood is perhaps the worst disease that attacks bees and one of the hardest to get rid of unless the proper method, burning the hive, is resorted to. Fire is the best medium of destruction for the disease. The whole colony must be burned, also the frames, covers, plates, combs, layers and everything that is part of the hive. All tools also must be thoroughly disinfected or they will infect disease-free hives.

REPUBLICAN CANDIDATE FOR REPRESENTATIVE

Fourteenth Representative District

Comprising Lane County

Most voters, as a rule, want to know all about a Candidate. It is impossible for me to meet each voter personally. I am, therefore, taking this method of getting my message to a large number of voters.

If you think kindly of my qualifications and my slogan, I want your vote. I also want you to use your influence with your friends in my behalf.

I was born in Iola, Wisconsin, February 9, 1879.

I received my education in the public schools of that State, the University of Wisconsin, the University of Chicago, and Rush Medical College.

I am married and have one child.

I was admitted to the practice of medicine in Illinois in 1904. I have lived in Oregon for the past thirty years and I have lived in Lane County for fifteen years.

I am a member of the American Medical Association, the Central Willamette, Lane and State Medical Societies, the Eugene Chamber of Commerce, the Kiwanis, Elks, Eagles, Masons and I. O. O. F. I am a member of the Methodist Church (South).

I was formerly a member of the State Board of Health.

I have been a property owner in the State for many years and during that time have made a thorough study of tax problems.

Because of my ownership and operation of farm properties over a period of years I feel that I have a thorough knowledge of the problems facing the farmer today.

I favor the supporting and up-building of our public school system and our system of higher education.

I have administered to old people for so many years that I realize that some form of old age pension is very necessary and I will favor any system that is in keeping with our American standard of living.

If nominated and elected I will serve the people to the best of my ability—honestly and fearlessly, and before passing judgment on any legislation I will have in mind the best interest of Lane County and Oregon.

SLOGAN: A square deal for labor, education, industry and old age pension.
