

High School Notes

Through the hushed, expectant crowd marched the royal members of the carnival court. As the queen, Winona Ball, senior, neared the platform, a burst of applause broke the silence. The dainty queen knelt on the royal pillow while Dr. H. A. Hagen placed the crown—a large clown's hat—on her head.

After thanking everyone for his support, she raised her scepter—a large yellow balloon—high in the air and proclaimed the carnival "open."

The crowning climaxed a close and exciting class contest. The final count gave Winona Ball, senior candidate, 16,200 votes, Maxine Wilson, junior, 15,300, and 11,600 votes each to Opal Witcher, sophomore, and Mildred Cox, freshman.

The program preceding the crowning was opened with a selection by the orchestra. Allen Ferrin announced the program as follows: A comedy skit by Dora May Scott and Robert Meacham, "Clues," a racial number, "The Big Brown Bear" by the girls' octet; a skit, "Braves Arrive," by a group of boys; "The Fussy Old Maids from Lynn," by Jean White, Jean King and Dora May Scott; a skit, "Hook, Line and Sinker," by Bob Kenady and Heath Lowry; and a song, "How Much Wood Could a Wood Chuck Chuck," by the boys' glee club.

The large crowd which attended kept the concessions busy. All the concessions seemed to be popular. The gym was a mass of humanity mingled with confetti and strings of serpentine. Over all was the odor of hot dogs and the cries of the barkers. The total receipts were \$253.

The school is going Roman! The first year Latin class formed a Latin club Friday, called the I. D. C. L. club which stands for Id Dicete Cum Latina, meaning, "Say it with Latin." Officers are: President, Lois Baldwin; vice president, Lorene Christensen; secretary, Jimmy Bickler; treasurer, Evelyn Kirchhofer; club representative, Jean Savage; reporter, Frances Hughes. Plans were made for a council meeting to be held Tuesday. Miss Elizabeth Crabbe is advisor of the club.

An electrical show sponsored by the F. F. A. was presented to the student body Thursday morning at 11 by Prof. Lewis Hoskins and his assistant. Many of the new uses of electricity were explained. The microphone sound control; invisible light and how it is used to prevent theft; the electric eye and its uses; automatic light control in landing fields. Prof. Lewis showed how the heart sounds when it beats; how much noise is made in chewing gum and how nearly like a threshing machine a dollar watch sounds. It proved to be very interesting and educational as well as an amusing show.

Representing the state of Oregon Jacqueline Morton, sophomore, and Lillian Geer, freshman, were declared champions in home economics demonstrations at the Pacific International last week. Their demonstration was the making of a wool rug, including the washing and dying of the raw wool.

The award is a trophy which will be kept at O. S. C. and which they may borrow at any time.

The boys' team from Washington county placed first in their demonstration, thus giving Oregon honors for the entire northwest.

The two teams were honored at several banquets including one given by Meier & Frank. Montgomery Ward company entertained with a banquet, theater party and a boat trip up the Columbia river.

A pep assembly was held Friday to urge students to attend the carnival and the football game with Reedsport. Miss Jenks, Coach Curtis French and Mike McKibben, captain of the football team, each gave talks about football.

Superintendent Ferrin described several of the concessions which were to be given at the carnival. The class yell leaders led in yells and Mr. Lewis led in singing school songs.

The carnival queen candidates, accompanied by several student body officers and members of the carnival skit, presented an advertising program for the carnival Thursday afternoon at the westside school.

Effie Richardson spent the week end at Canby and Lebanon.

Miss Elizabeth Crabbe spent the week end visiting at the home of a sister, Mrs. William Baker, at North Bend.

Marjorie Hunt of Black Butte registered Monday as a freshman.

The girls' league council held its first meeting of the season in the form of a dinner Wednesday.

Clara Powell, Betty Perini and Frankie Vick withdrew from school last week.

Margaret Leum, senior, was honored at a party given by the N. J. K. club of Eugene last Wednesday. Margaret recently wrote a play, "Mystery Ranch," for the N. J. K. club.

An assembly was held Thursday during fifth period to stimulate interest in the carnival. Each class gave yells for its queen and the members of the carnival skit introduced themselves.

Grapefruit Pink, Red

A pink or red grapefruit is a sport, that is, a horticultural variety developed by means of budding and grafting from an ancestor which accidentally had a dark flesh. Practically all commercial types of fruit are produced in the same manner.

Lions Face Roseburg In Tough Night Game

Cottage Grove Lions face their real test of the season when they meet the Indians of Roseburg high school in a night game Friday in the neighboring city, said Coach French. With two men still on the injured list from Saturday's game, another blow was received Wednesday when Bill Bartels, substitute for Ellie Decker, reported with torn ligaments in a wrist, which to all appearances will keep him from the game for several weeks. Decker, speedy halfback, and perhaps the squad's best kicker and passer, is laid up with a twisted knee and Bill Mac Gibbon, center, has been ill this week.

Irwin Thoreson, midget halfback, will carry on at the left half position.

Coach French has been working two squads this week in an endeavor to strengthen noticeable weaknesses in their passing defense and kicking. In Saturday's game the Lions were placed in a bad spot twice through their weak pass defense and erratic kicking. The long scrimmage practice this week will no doubt bring results in improving these weaknesses.

It is expected that a large crowd of rooters will accompany the team to Roseburg Friday.
