In the past two weeks the commercial department has adopted a plan of giving pins as awards for achievement in speed and accuracy on ten minute typing tests which are given one day a week till the end of the school year. To earn a gold pin a student must write 60 words a minute without error. To earn a silver pin a student must write 50 net words a minute without over two errors. The first year student may earn bronze pins by having a net rate of 40 words a minute with not more than two errors.

To date the following second year students earned silver pins: Dorothy Gallo, Ilene Trunnell, Vera Palmer, Eleanor Teeters, first year student has earned a bronze pin writing at the rate of 43 words a minute with one error.

It is hoped that these awards will prove an incentive to work for improved accuracy and speed.
