Saturn Has Nine Moons, Spread Over Wide Area

How or when Saturn acquired rings is not definitely known, but experts have a theory of their formation that has met all requirements, observes a scientist in the New York Herald-Tribune. Saturn has a family of nine satellites, or moons, which are spread over a wide area. They are divided into two groups, one a compact inner group close to the planet composed of five moons, and the other a group of four more distant satellites, some of which move in a direction opposite to those nearer the primary body.

The nearest moon is about 115,000 miles from Saturn, or about half the distance separating the earth and our moon. Saturn has about ten times the diameter of the earth, so its nearest moon is relatively much closer than is the earth's moon. Saturn's next moon is 150,000 miles distant. Its largest moon is 750,000 miles removed, and its outermost one 8,000,000 miles away.

The outermost moon requires about one and a half of our years to complete its orbit around Saturn. Its largest moon, Titan, makes the circuit in fifteen days.

Saturn's moon that has about the same length of orbit as our moon completes it in four and a half days. The inner moon, 115,000 miles from Saturn, completes its orbit in twenty-two hours, which necessitates a speed of about 15,000 miles per hour. If it did not travel at this high velocity, it would not remain in its orbit. If it approached any nearer to the planet, it would not maintain itself as a solid body.

Eden in Poland; Legend Would Have It Just That

According to a Polish legend, when Adam was driven out of the Garden of Eden, he went to live on a great plain, such as that which forms the heart of Poland. There, however, he missed the birds that used to sing in the Garden, so to comfort him the lark was created to sing in the skies and remind him of heaven, notes a Warsaw, Poland, writer in the Detroit News.

The lark is still one of Poland's favorite birds. Americans traveling through the country are often surprised to see a little patch of grain left for no apparent reason, in a harvested field. This spot invariably marks the nest of a lark, for no one would think of disturbing the bird, even though grain must be wasted to let it rest in peace.

Polish fields are divided into strips, without fences between, and one man may own several small parcels of land scattered over his district. Houses are grouped in villages, so that the countryside seems deserted when one drives through it. On Sundays and holidays, however, it presents a very different appearance. Then peasants dress in the old costumes which are worn in many parts of Poland, and forming a colorful procession, walk gravely along field paths to church.

"Post" and "Mail."

Like many other English words, post and postoffice, postman, postage and so on which refer to mail matters are derived from Latin and literally mean placed, says the Pathfinder Magazine. Such use of the word may be traced back to the earliest known means of transmitting messages — by courier — and later, horses were placed at regular relay points along the post routes. Public coaches or chaises which carried mail as well as passengers were called postchaises. Oddly enough, the places where the Romans stationed their relay horses were marked by posts along the road. . . . The word mail, by the way, is derived from the male, Middle English and Old French, meaning a bag or wallet.

Street Certificates

A "street certificate" bears the name of the seller. It is a common practice when securities or stocks are not paying a dividend to leave them in the street form; that is, either in the name of the broker or the name of an individual. But when the stock begins to pay a dividend it is generally transferred into the holder's name so that the dividend will be paid to him. Otherwise he would have to make some arrangement to have it collected for him. It is very difficult for a company to ascertain who is holding such shares of its stock.

York's Many Churches

New York City would need not less than 40,000 churches, if it were to supply its inhabitants as well as the English city of York did its people in the fourteenth century. York in 1377 had a population of about 11,000, and without counting chapels, it had a great cathedral and 44 other churches, says Sartell Prentice in "The Heritage of the Cathedral." York Minister is one of the most famous churches of England.

THE CHURCHES

Baptist Church, Henry W. Davis, Pastor. — Sunday school, 10; forenoon service, 11, sermon subject, "After Easter, What?" evening service, 7:30, sermon subject, "At the Parting of the Ways;" young people's meetings, 6:30; prayer meeting, Thursday; Friday night, April 2, the Linfield college male quartet will give free concert in the church.

Pentecostal Assembly of God, Atwood Foster, Pastor. — Sunday school, 9:45; forenoon service, 11, young people's meeting, 6:30, Mrs. Foster, speaker; evening service, 7:30; Wednesday, 7:30, prayer meeting; Friday, 7:30, a very fascinating study of God's irrevocable, unalterable covenants to man.

Methodist church met Monday evening for a covered dish dinner at the home of C. E. Umphrey, their teacher. The dinner is an annual occasion. Games and social entertainment occupied the hours following.

A group of young matrons of the Methodist church met Monday afternoon at the home of Mrs. B. J. Leonard to continue with plans for a service organization in the church. Officers to serve for the next three months were elected as follows: Mrs. Leonard, president; Mrs. Lowell Tedford, secretary-treasurer. A plan for work will be outlined. The hostess served refreshments at the tea hour. The group will meet Monday, April 12, at the home of Mrs. Lowell Tedford for a 1:30 dessert.

Special Announcement.

The Linfield College male quartet will give a program of song in the Cottage Grove Baptist church Friday evening, April 2, at 8 o'clock. No admission charge and you are invited to hear a fine program.

Leaguers to Go to Creswell Sunday.

The Epworth League of the Methodist Church will go to Creswell next Sunday evening to conduct the meeting of the Creswell chapter. Miss Kathleen Moore will have charge of the devotional meeting which will be preceded by a fellowship hour.

Cottage Grove Lutheran Church, Seventh Day Adventist Church Building, West Main St., W. A. Sylwester, Roseburg, pastor—Sunday April 4, 7:45 P. M. The pastor will speak on the topic, "The Christian's Glorious Judgment Day Experience." The public is cordially invited to attend.

Evangelistic Services

Evangelistic services, under the direction of Miss J. Arvig and Miss K. Hutchings, traveling evangelists, will start Sunday, April 4 in Petersen's hall. The meetings will be undenominational and are solely to inspire a deeper interest in things pertaining to God's kingdom according to the leaders. Services will be held Sunday, Tuesday and Thursday of each week at 7:30 o'clock. They will continue throughout the month.

[QUESTIONS THAT ARE ASKED ABOUT BANKING]

"What obligations do I have to my Bank?"

Your bank assumes important obligations when it accepts your money for deposit. In return it asks from you:

—Your confidence—for without the confidence of depositors no bank can operate successfully.

—Your support of its policy of making only sound loans of your money and that of other depositors.

—Your understanding and endorsement of the fundamental banking principle that in order to give you and the community a sound, well managed bank it must avoid operating losses in conducting its accounts. It does this through moderate service charges where circumstances require.

A bank is primarily a community enterprise. While good management and good service are essential it cannot operate successfully without the confidence and aid of its depositors.
