**Rip Van Winkle is DEAD!**

**BUT!**

some of the old kitchen ranges still in use in a few homes make one think they probably should have passed with him. The cook stove that was a bright and shining joy to the hard working woman in Rip Van Winkle's day is as outdated, as obsolete, as inefficient in comparison with the modern Westinghouse electric range now on sale as old Rip would be with his rags, corn cob pipe and bare feet in a modern business office.

This beautiful modern electric range in your kitchen will open up a new standard of living for the entire family. Now we will allow \$30. on your present wood or coal burning kitchen stove in trade on one of these new 1937 Westinghouse ranges.
