Igoe Shuts Out Coburg; Eugene Team Challenged

Cottage Grove's Eagle baseball team annexed their fourth straight victory Sunday, to remain the only undefeated team in the Cascade league, when they trounced the Coburg nine in their own ballpark to the tune of 12-0, behind the three-hit pitching of Pete Igoe. Westfir, with two wins and two defeats, is in second place in the league, and Springfield and Coburg tied for the cellar position with one win and three losses.

All of which has prompted Igoe to challenge the Eugene Drakes to an inter-league contest. The Eugene Register-Guard, to whom Igoe issued the challenge, comments as follows:

"Pete Igoe, ex-Eugene high hurler who has been farmed out to the Cottage Grove Cascade league team thinks the league-leading Grovers can give the Eugene Drakes a good game. Pete has pitched the southern nine to two wins, last Sunday a three-hit 12-0 shutout over Coburg. The team's infield is good and Pete thinks Norv Libby is a 'swell' catcher. An inter-league game between Eugene and Cottage Grove should prove a fine mid week attraction at the fairgrounds some evening—how about it Mr. Greene?"

Stop and Go
all day...
every day

4 out of every 5 miles
you drive are Stop and Go

EVERY TIME you STOP, you can waste enough gasoline to GO one-third of a mile. That's what runs up today's driving costs.

To cut down the high cost of stop-and-go driving, Shell engineers have developed a way to balance gasoline. By completely rearranging its chemical structure, this "balancing" process makes Super-Shell "digestible" for your motor... just as cooking makes

food digestible for you.

"Motor-digestible" is the best way you can describe this new-type gasoline.

Your motor gets the full benefit of Super-Shell's high energy content... you get the savings!

There's a Shell dealer in your neighborhood. Stop there next time you need gas.
