Do you know that the time re-
quired to produce a fine watch is
from 9 to 14 months . . . and the
number of parts which must be
produced and assembled totals over
200? More than seven thousand
kinds of bench tools are used in the
creation of Elgin watches. H. H.
Starr, your Cottage Grove Jeweler.

Friday with Mrs. Sam Warren and
Mrs. Martha Marsh.

RADIO RAY HAS THIS TO SAY:

Howdy Folks: Children should
be seen and not heard. In other
words, if you can't answer their
questions, make them shut up.

It is easier to shock a sophisti-
cated woman, according to one
of our friends, because she
knows what you are talking
about.

And we know what we are
talking about when we say
that there is no better buy
for the money than you will
find at Radio Ray's.

Crip Morelock just loves peanut
brittle. He calls it Hollywood
taffy because it has sound ef-
fects.

One of the nice things about
being a grandparent is when the
children start crying you can go
home.

We were wondering, the other
day, if the reason we quiet down
more when we grow older is be-
cause we have more to be quiet
about.

It's hard to keep quiet about
our Norge refrigerators and
washers. Drop in and let's
talk business.

Radio Ray
