RADIO RAY HAS
THIS TO SAY:

HOWDY FOLKS—This new educational film that features microbes in the principal roles may be all right, but we'd hate to be the assistant director in charge of the small pox germs.

Or the guy who has to direct a mob scene of measles.

"In business you get a job because you know something; in politics, because you know somebody."

We don't like to brag, much; but we claim that we know something about repairing radios. And we refuse to substitute cheap and ill-fitting parts in order to turn out a cheap and "quick" job.

THE REAL OLD TIMER IS THE MAN WHO CAN REMEMBER WHEN HE COULDN'T DECIDE WHETHER TO BUY A POPE HARTFORD, A BAKER ELECTRIC, OR A STANLEY STEAMER."

No doubt, a monkey at a zoo gets an awful kick out of watching all the funny people on the other side of the wire netting.

Everything equalizes itself. The rich have ice in the summer and the poor have it in the winter.

The equitable price we place on our radio repair work, makes it possible for your set to be kept in first class condition at a reasonable price.

And if you wish a new set, come in and look at a complete line. You will not be pestered to buy.
