No. 5, "The Mysterious
Pilot."

a few songs or poems from volun-
tary contributors. The entire pro-
gram is carried on by the children
themselves.

For developing interests in num-
bers, a fruit and vegetable stand
was made. In it are cut out
oranges, apples, carrots, beets,
radishes and other fruits and veg-
etables necessary to build strong
boys and girls. New addition and
subtractions facts are introduced
at the stand.

The meaning of dozen and half
dozen are easily learned in this
way and counting by 5s and 10s is
fun when one can do it with
bunches of carrots, radishes or
bananas.

Health rules are printed on
large illustrated posters, and
learned as reminders for proper
bed-time procedure — such as
brushing of teeth, proper foods,
and the "two baths a week."

A health play will complete the
course at the end of the six weeks.

Safety will be taken up later,
with special attention given to
"crossing streets" and playing
with danger in any form. Safety
lanes will be marked in the room,
representing streets. All phases of
health protection will be touched
before the project is concluded.

West Side School.

The officers who were elected
in the home rooms were: Miss
Wilkinson's eighth grade room,

SCHOOL NEWS

High School.

Loud groans were heard issuing
from many of the class rooms last
week when semester exams rolled
around again. The teachers found
out how much the students knew
or in many cases didn't know.

The examinations were given in
the regular class periods. Exemptions
for one period only when given
to students whose average
grade totalled not more than 6
and who did not have an unsatis-
factory grade in citizenship.

Friday was a holiday in order
to give the teachers time to cor-
rect papers.

Several new courses are to be
offered this semester in place of
the half year subjects, boys' home
economics and current problems.

Consumers' education, a new
text subject taking the place of
current problems, deals with the
true value of products we buy. It
is taught by Miss Baker.

Occupations, a new course
taught by Miss Notvedt, takes up
the study of vocations after high
school or college.

A new class in public speaking
has also been organized.

Kansas state tests were given
last week in all subjects except
typing and public speaking.

These tests, sent out by the gov-
ernment to every school in the
state, are given in order to rank
our school with other schools of
the state in scholarship.

The returns from this compari-
son will arrive some time next
week.

Eight new students enrolled in
school Monday. They are: Leroy
Kerkendall, a transfer from Kan-
sas, Francis Morris, Kenneth Bur-
chel and Winifred Morris fresh-
men; Delmar Bowers and Vern
Decker, sophomores; Harry Mc-
Call, junior; Bob Kennedy, senior.

This makes a total enrollment of
430 in high school.

The Letter Girls are starting
tumbling practice this week along
with volleyball. They earn points
toward letters in these sports.
Chairman of tumbling is Maryjane
Smith, of volleyball Francis Glas-
gow.

The Home Ec club is finishing
its project which is a dressing
stand called the "Clothing Clinic"
and will be found in room 9.

The Clothing I class has a dis-
play of dresses in the display case
in the upper hall.

Profits on the Home Ec karmel
korn and apple sale held January
18 at the basketball game were
\$3.40.

The Home Ec club will hold a
formal initiation January 28 in the
gym. About 20 are to be initiated.

Glen Potter is seriously ill with
scarlet fever.

Charles Franklin permanently
withdrew from school last week.

Central School News.

The farm activity program pre-
sented by Miss Newman's first
graders was well attended last
Thursday. Among the visitors
were seven fathers. We are happy
to have the fathers view our
school work as well as the moth-
ers.

The second graders are learn-
ing good health habits through
reading, writing, arithmetic, lan-
guage and dramatization.

The first thing in the morning
with a radio broadcast, which is
carried on by one of our own an-
nouncers talking inside a life-size
play radio. This announcer reads
a group answers on individual
pads by checking "yes" or "no." In
this way they check finger-
nails, clothing and numerous other
items, for cleanliness.

The health talk winds up with
